## New Year Greetings From Our President

And now the New Year 1953 is waiting for us. It is a challenge to each one of us to make life happier, richer and more beautiful for those about us. May 1953 bring continued happiness, wealth and prosperity to all. May I give you this guide for the New Year.

“Forget each kindness that you do  
As soon as you have done it;  
Forget the praise that falls to you  
The moment you have won it.  
Forget the slander that you hear  
Before you can repeat it;  
Forget each slight, each spite, each sneer  
Wherever you may meet it.  
Remember all the happiness  
That comes your way in living;  
Forget each worry and distress  
Be hopeful and forgiving.  
Remember good, remember truth,  
Remember heaven’s above you;  
And you will find thru’ age and youth  
That many hearts will love you.”

— The Chantry Light.

Fraternally,  
Ruth D. Flaherty  
Grand President

## *We Need Each Other* \*

**MARGIT HARRISON**  
**Past Grand President,**  
**Lambda Kappa Sigma**

No man liveth unto himself alone. No **human** is self-sufficient.

The world needs youth, yet youth needs the counter-balance of maturity. Youth possesses ambition, vigor, enthusiasm and vision. Age perhaps grown weary because of ambitions which are already satisfied, or which have proved unattainable is less aggressive, less vigorous, less enthusiastic, more practical, more conservative.

How beautiful it is ordered that as thousands work for one, so must each individual bring his labors to make the whole.

Girls, we must work together. The increased opportunities for women in work of all kinds during World War I and II and the passage of the suffrage amendment gave women a tremendous foothold as individuals in democracy. True, women in spite of broader opportunities have not achieved equality with men in most fields. They enjoy equal opportunities for education. What women need and do not have is the conviction that we shall have the same opportunities as men for using our special skills and creative abilities.

Here is where PPA can be a big asset to us. In a social manner we can meet the women engaged in commerce, practicing law, teachers in music, physical education, speech—learn to know them and their problems. When we need professional advice pertaining to legal matters, insurance, writing a will, or how to invest our money intelligently let us call on our Sisters in PPA.

Economic control is in the hands of women. One third of all gainfully employed persons are women, that is over 15 million women. There are 2 million more voting women than men. Women control in their own rights 75-80% of the money in the world. Certainly women can support women tangibly for money talks and Loud!!!

We, as individuals, can not go far unless we have the backing of all women. Your attitude toward women especially those in jobs not usually regarded as woman's place is vital to their progress. We can definitely make our life one of service and work zealously and genuinely for the advancement of women professionally and to help our beloved sorority.

Brains we have found are not enough, we need something more if we are to survive. We need hearts. So now is the time for women to re-interpret our civilization. This is the moment and we are the women. We have another chance to help our sisters. This is in an educational manner. We owe our colleges of higher education a large debt. Our colleges and universities are faced with a financial crisis. Tuition on the average pays only 70% of the cost of education. Many institutions are forced to dip into their endowments. Today only 1.7% of our nation's income is spent on education compared with 2.5% in 1940.

If increased endowments and donations are not forthcoming the only alternative will be the lowering of education standards or government subsidies.

Our colleges and universities are not ivory towers. They are well-springs of humanistic and scientific learning.

Communist aggression in Asia has scored one tactical success not commonly recognized as such. It has struck a body blow at American higher education. If the longrun objective of communism is to destroy our free society at its source, the farther we go toward stripping our colleges of students, dismissing of faculty and accelerating the curricula, the nearer the communists will have got to achieving their goal.

Here is an opportunity for us as professional women to assist our colleges of higher learning. Never has it cost so little to give so much. Federal income tax allows deduction up to 15% on your adjusted gross income.

We in the professions whether active or retired have many possibilities in working together for the advancement of Lambda Kappa Sigma for pharmacy education, and to assist other professional women in Professional Panhellenic Association.

We most certainly have met here in the past five days to honor and re-dedicate ourselves to the heritage of the past. We must never-the-less bear in mind that the present is here and now and that we are forever at the point of no-return.

\*Presented at the Formal Banquet of the Twelfth Biennial Convention of Lambda Kappa Sigma.

Margit Harrison is the Chief Pharmacist at Kadlec Hospital at Hanford Works, Richland, Washington

Ψ Ψ Ψ

The members of Lambda Kappa Sigma extend best wishes and congratulations to the American Pharmaceutical Association for continued success as it enters its second century.

## AMERICAN PHARMACEUTICAL ASSOCIATION

*Centennial Convention***By Virginia L. Osol, Eta Graduate**

The Centennial Meeting of the American Pharmaceutical Association was held in Philadelphia, where the organization was founded, from August 17 to 22, 1952. As the usual Philadelphia August humidity was practically non-existent the many convention activities during the week were all the more enjoyable.

At the opening exercises, held Sunday evening, Dr. Clarence E. Pickett, Honorary Secretary of the American Friends Service Committee, addressed the assembly on the subject "Integrity and Life." Following the address the Symphony Orchestra, composed largely of members of the Philadelphia Orchestra and under the direction of Dr. Norman Black, provided delightful musical entertainment.

The anniversary highlight of the convention was the Special Ceremonial Session held Wednesday afternoon, August 20, with the A.Ph.A. President Don E. Francke presiding. One hundred and seven foreign and domestic organizations presented scrolls in commemoration of the Association's one hundred years of service to Pharmacy.

Lambda Kappa Sigma was represented by Dr. Emma Allen, our First Vice-President. The blue and gold illuminated scroll presented by Dr. Allen on behalf of our sorority carried the greeting:

The Officers and Members of  
LAMBDA KAPPA SIGMA  
Pharmaceutical Sorority

present this testimonial of felicitation and commendation  
to the

AMERICAN PHARMACEUTICAL ASSOCIATION

on the occasion of the  
One Hundredth Anniversary  
of its founding  
and in

recognition of its outstanding service to Pharmacy and the Nation

The ceremonial address, "Values that Endure in the Practice of Pharmacy," was given by Dr. Ivor Griffith, President of the Philadelphia College of Pharmacy and Science.

The Centennial Banquet, held that same evening, was attended by more than 1500 members and guests. A festive reception, provided by Sharpe and Dohme, preceded the banquet. A beautiful mortar and pestle, colorfully decorated with a view of the A.Ph.A. Headquarters Building and commemorating the centennial celebration, was presented by Eli Lilly and Company to every one at the dinner.

Dr. Hugh C. Muldoon, General Chairman of the Centennial Meeting, was toastmaster at the banquet. Mr. Hugh N. Linstead, Secretary of the Pharmaceutical Society of Great Britain and member of the British Parliament, spoke on the theme "The Pharmacist in our Changing World."

A memorable first for the Convention was the "Pharmacy in Color Television" series of telecasts presented by Smith Kline and French Laboratories, with members of the faculties of Temple University, College of Pharmacy, and the Philadelphia College of Pharmacy and Science, providing the demonstrations and discussions of some of the new developments in pharmaceutical practice.

Some idea of the extent of the centennial activities of the A.Ph.A. and its affiliated organizations may be had from the fact that the official program listed 43 pages of almost round-the-clock events. There were the General Sessions, the meetings of the Council and the House of Delegates, and the sessions of the Sections (Scientific, Practical Pharmacy, Education and Legislation, Pharmaceutical Economics, Historical Pharmacy) at which 242 papers were presented, to mention the principal activities of the Association's divisions. In addition there were meetings of the American Association of Colleges of Pharmacy, of the National Association of Boards of Pharmacy, of the American Society of Hospital Pharmacists, of the American College of Apothecaries, of the National Conference of State Pharmaceutical Association Secretaries, and of the Women's Auxiliary. Pharmacy indeed represents a complex of inter-related professional areas.

Lambda Kappa Sigma members, as is customary during the convention, met for luncheon at the Ritz Carlton Hotel on Tuesday, August 19, with twenty-two members attending.

**Lambda Kappa Sigma members who attended luncheon held in Philadelphia during the A.Ph.A. Convention**

# "Housewives and Test Tubes"

By Helen Hayes

National Chairman, Women's Activities,  
National Foundation for Infantile Paralysis

Millions of women will be marching against polio in 1953 with mingled emotions of hope and pride. They will hope that there never again may be a year of such disastrous polio epidemics as in 1952. And they will be proud because the historic steps taken this year to bring control of polio closer were taken with the direct assistance of thousands of mothers and housewives.

The 1953 Mothers' March on Polio is enlisting a record number of women to collect contributions on the last day of the 1953 March of Dimes. They undertake the task with the realization that their efforts this year are particularly important.

For the year 1952 will go down as the worst polio year of all, with more than 50,000 new cases reported. It also will go down as the year of the first, limited success in the search for a preventive! That the two events should occur in the same year is ironic.

Human trials of gamma globulin, a substance that, it is hoped can provide temporary protection against paralysis due to polio, were held in 1952. Until the perfection of a human vaccine, gamma globulin appears to offer at least a modicum of defense against the ravages of polio. Its value was ascertained through field trials conducted by Dr. William McD. Hammon, of the University of Pittsburgh, in Provo, Utah; Houston, Texas and Sioux City, Iowa, under a grant from the National Foundation for Infantile Paralysis. It isn't a final answer to polio. Any possibility of its availability for use in 1953 is extremely limited. But without the cooperation of several thousand women volunteers, the tests that revealed its efficacy could never have been completed at all.

Mrs. R. O. Pearson of Abilene, Texas, a polio volunteer of many years' standing, was director of the small army of housewives in Houston and Sioux City last July who teamed up to help scientists in a historic experiment. Despite July heat and the tension of rising polio incidence in both cities, 2,000 women answered her calls for workers for the clinics where the injections were to be given. Within 24 hours, 73 different women's organizations rallied. Club and Church group presidents reported their entire memberships available for duty. Telephone switchboards were swamped with long-distance calls from women out of town saying they would cut their vacations short to serve.

The women manned the clinics, doing all sorts of necessary work. They sorted data cards, kept the children in order, prepared food for busy doctors and nurses who gave the actual injections. A series of telephone committees kept busy phoning parents and urging them to bring their children in. No such project ever had been undertaken on a volunteer basis before.

During the trials 55,000 children between the ages of one and eleven were injected, all but 6,000 of them in Houston and Sioux City. The 6,000 had been injected in September, 1951 in a "sampling" test in Utah. The trials were the most extensive of their sort ever conducted. Parents brought their children to participate fully aware that protection was not assured. They had been told that half the children would receive gamma globulin and the other half a harmless gelatin — the gelatin

group to act as "controls." Only in this way can a valid experiment be conducted. Yet they came — 55,000 of them — to prove or disprove a scientific theory.

Some of the credit for the calm confidence with which the parents came, children in hand, surely can be given to the women volunteers. Many of these are mothers who had brought their own children or grandchildren for the same purpose. All were sympathetic and understanding.

Women cannot tolerate the thought of continued polio epidemics. We cannot face the unending lists of polio victims — many of whom are immobilized not for weeks but for months and years. The despair of last August and September, when incidence climbed higher than it ever had before, could be assuaged only by the belief that new tests would prove successful in uncovering new ways to fight back.

For polio still is the only epidemic disease on the increase in the United States. Even while researchers were focusing on the young population in the hope of protecting them, an increasing number of patients desperately needed help. Financial assistance for patient care flowed from Chapters of the National Foundation to the tune of \$28,000,000 by the close of 1952. More than \$3,500,000 worth of life-saving equipment — respirators, hot pack machines and rocking beds — were shipped to all parts of the country in response to s.o.s. calls. By the end of the year, some 2,175 iron lungs had been shipped from March of Dimes supply depots to stricken areas. It was not unusual for one of these to be pressed into service for six different patients during the emergency period.

All these were signs of a terrific onslaught of polio at a time when hope was rushing upward. In many sections of the country, polio swept through entire families — striking five in one family in Wisconsin, six in Texas, eight in Nebraska. In one Mapleton, Iowa family 11 of 14 children were stricken with the disease. And in Milwaukee bulbar polio killed 4 of 8 children in one family within ten days.

Scientific progress is the one ray of hope that lights the way into the polio future. There is reason to believe that science will soon have a positive control for the disease. There is no reason to believe that the number of its victims will diminish without a man-made weapon against it. We must continue to provide the means for the scientific attack that today offers so much promise.

As scientists complete their final tally of the 1952 human field trials, women can do no less than continue their efforts — through an all-out Mothers' March on Polio. After the other events of the 1953 March of Dimes have been held, women in home towns throughout the nation will ask their neighbors to help polio victims and press the research fight against the disease.

The Mothers' March is fast becoming a tradition in our country as a way of collecting polio-fighting funds. In 1952 more than a million mothers followed the beams of the porch lights to receive polio donations. It is certainly appropriate that women, who suffer the greatest emotional impact from polio's invasion of the home, should unite in this way against the disease.

If we know more about polio today than ever before, it is thanks to the men and women of the whole United States who have supported the March of Dimes for fifteen years. And thanks, particularly, to women, who have given their time and energies — their hearts and their hands — to this cause.

They did it in Provo, Houston and Sioux City. And they will do it, in another way, in the March of Dimes this January.

The leadership of women in clubs and organizations will be sorely needed to make 1953's a record-breaking Mothers' March. Get in touch with your local March of Dimes headquarters to learn how *you* can serve in your own home town. With each step you take, you may help to stamp out polio.

## THE KELLY MEMORIAL

The Kelly Memorial, which will house the offices of the Maryland Pharmaceutical Association, was dedicated on January 16, 1953, in Baltimore, Maryland.

This new structure is not only a home for the pharmaceutical and kindred associations of Maryland, but also a memorial to a man who was a most outstanding figure and proponent in pharmacy, Dr. Evander Frank Kelly. It was under his leadership that our profession moved forward and came into the limelight.

The Kelly Memorial was made possible by the Maryland Pharmaceutical Association, the Baltimore Retail Druggists' Association, the Alumni Association, School of Pharmacy, University of Maryland, the Travelers' Auxiliary of the Maryland Pharmaceutical Association, the Baltimore Drug Exchange, the American Pharmaceutical Association, the United States Pharmacopeia, the practicing pharmacists of the State of Maryland, independent and chain drug stores, wholesalers and manufacturers, in cooperation with the many individuals, professions and industries allied to Pharmacy, who gave through unselfish gifts of their time, efforts and money.

We, the members of Epsilon active and Epsilon Graduate, were proud to have our own Dr. B. Olive Cole, Secretary of the Faculty of the University of Maryland, School of Pharmacy and charter member of Epsilon chapter, deliver one of the three main speeches commemorating Dr. Kelly.

## News

- + -

Miss Vera A. Gerhart, President of Professional Panhellenic Association, writes in her President's letter of November—December "It is with much pride that I announce the organization of a Campus Panhellenic at the University of Denver and a City Panhellenic in Philadelphia.

Miss Catherine M. Northrup, Associate Dean of Students at the University of Denver has been responsible for the organization of this group. The President is Marilyn Mohr.

With the helpful assistance of Virginia Osol, Lambda Kappa Sigma, your president was able to organize a City Panhellenic for Philadelphia. Those attending the meetings were eager to have an active organization of this type for the professional women in this area. Mrs. Mae Peacock, Kappa Beta Pi was elected its first president. And, words of encouragement come from Mrs. Ruth Flaherty, newly elected President of Lambda Kappa Sigma, who is eager to reactivate the City Panhellenic in Boston. Those of you who have chapters in this area can help by sending such information to her at 10 Gerry Road, Chestnut Hill 67, Mass."

The officers of the Blue and Gold Triangle Endowment Fund report that during the past biennium, the following Life Memberships were obtained:

Alpha	6	Eta	1	Sigma	2
Gamma	14	Lambda	1	Phi	19 (100%)
Delta	4	Mu	5	Chi	8
Epsilon	1	Omicron	4	Alpha Gamma	4
Zeta	11	Rho	4	Alpha Delta	2

Total number of Life subscriptions for the past biennium was 86.

The Endowment Fund Officers would be very pleased if all the chapters would cooperate in obtaining Life Subscriptions of their recent graduates. Let us all follow PHI Chapter and be on the 100% list during the next biennium.

Harriet Lescauski  
Treasurer

Blue and Gold Triangle Endowment Fund

EASTERN REGIONAL MEETING

PARK SHERATON HOTEL, NEW YORK CITY

Celebrate HYGEIA DAY, MARCH 15, with a special Professional Program.

## CHAPTER REPORTS

### ALPHA CHAPTER

A lot of things have been happening in old Boston, here is a report of Lambda Kappa Sigma's activities. Founders' Day commemoration was arranged by the Graduate Chapter. The speaker was Dr. Best, president of the College. That night Miss Olive Stonis received the Ethel J. Heath Scholarship Key awarded to the senior girl with the highest average, by the Graduate chapter.

In October, we held a reception in honor of Mrs. Flaherty, our new Grand President. For entertainment we had a style show; "The Well Dressed Woman Pharmacist Thru The Years," and a demonstration of the Charleston. The girls of the active chapter were very pleased at the wonderful turn out of graduate members.

A Rush Party was held in November in the school cafeteria. Quite a few artistic talents were discovered in a hat making contest. A prize was given for the most original and one for the nicest hat. Everybody enjoyed the community singing, and after supper all had a good time cleaning up.

The final event of 1952 was a Christmas Dance on "The Marble" in school. Music was provided by a senior boys' orchestra. We were sorry that none of the surrounding chapters were able to come.

Good bye for now and best wishes for a happy and successful new year.

Yolande Caron

### BETA CHAPTER

Rush season is in full swing at Albany College of Pharmacy. An informal get-together was held January eighth to further acquaint non members with sorority activities, and a formal rush party is being planned for the latter part of February.

Our money-making project for the year has proven very successful. The shirts, Chiva mugs, sweat shirts, stuffed animals, crew caps and college caps are being sold. These articles, which are available in the school colors of maroon and white, bear the school seal and can be ordered from members of the sorority.

At the last meeting of the chapter new members were voted into the sorority, and plans were begun for pledging ceremonies and initiation.

Congratulations are in store for Jean Nash, who was married on December twenty-seventh to Bob Swerson, a member of the class of '52. Also, best wishes to Miss Belotte who received her engagement ring on Christmas Eve.

Marilyn McCarthy

### GAMMA CHAPTER

Resolutions all made for the new year? Ours is the same as has been for several years, "Our Best For L.K.S." We remember what work it took to win the Efficiency Cup at the last convention and that only by such a resolution was this achieved.

The last two rushing parties included a theatre party at the Erlanger, "Stag Lag 17," and our annual Christmas party at the Illini Union Building. The dinner at Berghoff's before the theatre party was practically as hilarious as the show itself. We'll be a long time forgetting waiter number 47 who asked for "something for my service" after giving us his worse. We had lots of ideas about what to leave for his service.

Plans for the carnival are well under way. It has possibilities of being the best yet. Don't miss it.

Best wishes for the New Year and quarter.

Vernita Williams

## EPSILON CHAPTER

Greetings Gals! Well, it really happened! There was lots of competition, but Epsilon girls came out on top. At our Sixth Annual Frolic sponsored by the Alumni Association of the University of Maryland, School of Pharmacy, we won first prize for our show which consisted of an Hawaiian dance and two comedy skits. The fraternities, sorority and various talented students participated in the competitive performances. The first prize was \$25.00 and

the Cherry Cup was retired in our possession, as it was our third consecutive year to win.

In December, we had our Annual Bake sale that proved to be financially successful. Each girl baked her favorite pastry which not only helped the sorority, but also the domestic talents of the girls.

During Christmas, everyone played Santa Claus by decorating the lounge with tinsel, pine and mistletoe. The last day of school we had a grand Christmas Party, at which time we exchanged gifts, had plenty to eat and a good time was had by all.

So, until the next publication we of Epsilon wish everyone a happy and prosperous New Year.

Dorothy Schaech

## ETA CHAPTER

Hi Lambs!

Eta Chapter extends to all the Lambs the best for a prosperous New Year.

We are proud to announce that four of our girls have been chosen to represent four of the five fraternities as their "Sweethearts" at the annual "Sweetheart Dance" and we are sincerely hoping that one of them will be chosen as "Sweetheart of P.C.P. & S."

Congratulations are in order for Betty Eby, our 1950-51 president, who was married to one of our students on December 20. Good luck, Betty.

Activities will be in full swing in February, beginning with our regular bake sale in the school cafeteria.

Our Dinner Dance will be held on February 21, at Forest Inn, Ambler, Pennsylvania, in conjunction with Alpha Alpha Chapter from Temple University. Memories of the good time and success of last year's affair has each one of us anticipating the dance more and more as the time grows closer.

Be seeing you in the next issue, and good luck during pledging season.

Loretta Barabas

## LAMBDA CHAPTER

Since the last issue of the Blue and Gold Triangle the University of Southern California, School of Pharmacy, has had their annual Christmas Party for which the pledges gave three humorous skits. Taking part in the Christmas program is one of the requirements a Lambda pledge must fulfill. The pledges also prepared a dinner at the Lambda house for the active members on January 11, 1953. Delicious! We plan to initiate this pledge class in February after spring semester classes have resumed.

We have worked to restore our treasury after the past summer's depletion. Our Belladonna and Opium pamphlets and the Field Day lunch sales have proved profitable business ventures.

U.S.C.'s fall semester graduating class numbers eighteen, seven of whom are women. Four of these girls are active Lambdas. Barbara Cooper, Louise Tompkins, our Treasurer; Helen Toy, our Historian; and Gracia Beleal, our President. Barbara will be retiring as Rho Chi president, Helen will be completing her term as President of the local Pharmacy Women's Service Organization, "Antidotes", and Louise and her husband will have completed their last issue as co-editors of the Pharm.S.C., our school magazine. Lambda is very proud of their members, all of whom are active in school activities.

Gracia Beleal

## MU CHAPTER

Mu extends best wishes to all for a happy new year.

Our fall semester began with a convention report by our president, Jayne Bocanegra. Her enthusiastic account made us wish we had all attended.

The second week in October, we entertained all the girls and faculty wives of the department at an indoor picnic in our new Student Union Building.

On November 8, Lambda Kappa Sigma, in cooperation with Kappa Psi and the A.Ph.A. sponsored a booth at the annual all college activities roundup.

The Lambda Kappa Sigma annual scholarship, awarded each year to the junior student with the highest scholastic standing, was received by Ruth Aitkenhead, one of our members, at the Pharmacy Mix, November 15.

Before Thanksgiving, our members attended a luncheon as the guests of Kappa Psi.

Early this winter, we cheered from the sidelines as our pharmacy team emerged victorious from the annual Vet-Pharmic football classic, our 3rd such triumph in 30 years.

Five girls were recently given ribbons at an informal pledging ceremony. Our new members will be: Hazel Reid, Catherine Huse, Marita Deary, Jacquie Imerson, Patricia Pugh.

Joyce Salisbury

## NU CHAPTER

Nu chapter started off the new school year with much enthusiasm by pledging the four new girls in our pharmacy college.

Kathryn Oliphant took over the duties of president, Ann Nugent is the vice president, Alberta Hoskin is secretary and Zenta Zvirbulis is treasurer.

**Dianna Marshall**

We are very proud to have had Dianna Marshall elected to the Homecoming Queen's Court. She was also named to collegiate Who's Who, and is a member of the University Student Faculty Council. This is the second year we have had a member elected to the court and in 1950 Pat Miller was elected queen.

Bake sales have been very profitable to our chapter and we have one every two weeks.

The chapter had a Christmas party with the girls at the St. Monica's home. We found it to be a very enjoyable experience and the girls were very interested in our activities.

We all benefited much from the convention reports, and especially liked the songs which were sent to us. We hope we can add to them in the future.

Nu chapter appreciates all the lovely Christmas cards it received and sends best wishes to all the chapters for this coming spring.

Alberta Hoskin

## SIGMA CHAPTER

Greetings from Sigma Chapter to all members of Lambda Kappa Sigma for a very Happy New Year.

January and February proved to be very busy months for us this 1953. Mrs. Ruth D. Flaherty, our Grand President, paid us a visit. The Sigma graduates tendered a tea in honor of Mrs. E. Emerson Leuallen, wife of the new Dean of C.U.C.P.

A joint initiation dinner was held with the Alpha Eta chapter. We were able to obtain two private ante-rooms off the dining room so that we could hold our private initiation ceremony.

On Friday, February 20, we are happy to announce the first of which we hope will be a series of annual dances. We are offering an eight piece band, favors for all the girls, door prizes, two dance contests and a Guest Star. We are anticipating an attendance of 200 couples. Our appreciation to Alpha Eta for their cooperation, and to all the Pharmaceutical Fraternities for their cooperation in selling tickets. We would be more than glad to see some Lambda Kappa Sigma girls from our neighboring chapters. Bids are only \$3.50 a couple. You can get in touch with Helen Ann Lombardi to obtain tickets, or else you may buy them at the door the night of February 20.

Although we are all tied up with examinations and plans for the dance, and also Regional plans, we have found time to plan our Hygeia Day program and also to make tentative plans for what now can be called our annual Formal Dinner Dance. At the time of publication of the Triangle, Sigma Chapter will have enlarged by our four prospects of the year. We are proud to announce that our membership is now twenty-five.

Until next issue — may I wish you all that's good.

Helen Ann Lombardi

## CHI CHAPTER

Greetings for a prosperous and successful New Year from Chi to all our sisters! We hope that as years go on our sisters of the other chapters will make splendid records within their respective colleges or universities. Everything well done is always worth remembering.

Let's start to reminisce on Chi's numerous fall activities. In order to raise some money two projects were set; the sale of laboratory jackets and aprons, and the candy sale. The latter seems to continue on successfully throughout the following quarters.

With the money raised we were able to put up several parties (it wasn't just the money that made the parties successful, it was through the splendid teamwork of every member).

To get acquainted with all pharmacy girls a tea was held at the Hub during the first week of school. The Graduate chapter was also anxious to know us, hence we got together to commemorate Founders' Day on October 14, 1952. The third party was a pot luck dinner which was highlighted by a humorous skit presented by four active members. Another interesting party was a film party. And to top all the above parties was a candle lighting service which included the initiation of eleven pledges.

The spirit of Christmas was also keenly observed by us. A beautiful Christmas tree and window display was put up by the pledges in the demonstration pharmacy, third floor of Bagley Hall. A party was thoroughly enjoyed, most especially the hospitality of our hostess, Jean Hanson, an active Chi member. Not only did we enjoy Christmas within our group but we also shared it with some needy family by providing them with clothings, money and a turkey dinner. Every member made the affair successful by donating some clothes and a sum of money.

Next quarter Chi plans to carry on the active program that has been started. Formal initiation will be on the first days of school and we hope to have the eleven pledges join our chapter.

Our best wishes and sincere thanks to all our sisters for the nice Christmas greetings we received.

Lolita Gamido

### ALPHA ALPHA CHAPTER

Hello again, Lambs. Happy New Year to you all.

Alpha Alpha Chapter has been kept very busy since we wrote into the Fall Issue.

Our Raffle Dance was a huge success; we had a large turn out and also succeeded in making a profit.

On December 7, 1952, the girls of Alpha Alpha were guests at a lovely tea given by our sponsor and our advisor. We all enjoyed ourselves immensely eating tasty sandwiches and cookies and later singing Christmas Carols together. It was a wonderful occasion which put us all in the spirit of Christmas.

We were very pleased to present Kappa Psi with a floor lamp for their new fraternity house. The gift was greatly appreciated and we do hope that it will be a small token of help in their new venture.

Our first Rushing Party was in the form of a tea given on December 10, 1952. All the girls had a wonderful time at this "get acquainted" party — we were very glad to have these new girls with us.

On January 7, 1953, a Splash Party was given to continue the Rushing. The swim was followed by refreshments and games which were highly enjoyed. Much credit goes to our Pledge Chairman, Cynthia Barton, for her hard work which has made these ventures so successful.

So long for now. See you again soon.

Jayne Lebow

### ALPHA BETA CHAPTER

We have had a very busy fall semester this year. It is a great pleasure to be able to have all our Pharmacy classes in the new Pharmacy College. Early in October Founders' Day was celebrated. We held the candlelight ceremony in our lounge and it was very impressive. A week later was Homecoming. To carry out the idea of Pharmacy, we had a huge twenty foot bear, Maine's mascot, being served Knock Out Drops. After the football game, U-Conn winning of course, a cider and donuts party with an autumn background was held for our returning graduates and the four pharmacy fraternities.

In November we decided on two new sophomore members. Roxie Yessin and Biruta Zilmanis were pledged on December 2. However, Roxie is leaving Pharmacy to study teaching at Teachers' College of Connecticut.

The Christmas Season came early to Storrs. On December 10, we gave a Christmas Party for the freshman girls and the Pharmacy fellows. We used snowmen and Santa Claus boots as nametags. Just before leaving campus to spend Christmas at home, we had one last party for ourselves. There was a grab bag with gifts for all, and more food and drinks than we could consume.

Alpha Beta wishes you all Good Luck for the coming semester.

Clare Shomstein

### ALPHA DELTA CHAPTER

Hi Lambs! Since the last time Alpha Delta met you girls, another semester of school is too far gone to shed any tears about what we should have done, but days of joy are ahead for us. We are happy to report a successful passing year and are already getting used to 1953.

October found us commemorating Founders' Day, which was so impressive that it touched the hearts of all and credit must be given where due for the lovely ritual initiated for the occasion.

November was a busy month selling Christmas cards, and they went like the winter weather of Michigan — out of this world.

December was a month of rushing parties. Everyone was looking forward to the holidays and lots of fun. We hope you had as much fun.

January was another profitable month, pledging six girls January 6. To us this is the greatest asset we can add to our books for 1953. I told you that old man winter was not in sight — well he finally got homesick and came to pay us a visit. It's cold.

Wedding bells will soon be ringing for Jane Little, one of our charter members.

L.K.S. working with other organizations of the school is hard at work on the plans for the school dance in February. I'm sure it will be a success.

Thanks for all the season greetings we received.

Martha Wilcox

### ALPHA ZETA CHAPTER

Hi! — Alpha Zeta began it's fall activities by sponsoring the annual book resale. We are glad to report it was successful and helped our financial status.

In November, all the girls were guests in the home of Shirley Weinhaus in Clayton, Missouri. At this time the past president's pin was presented to Doris Doyen, who gave us a detailed report on her trip to the convention. Our hearty thanks to Shirley's parents, who made our evening most enjoyable.

A leap year party was held after Thanksgiving to honor the senior girls. A scavenger hunt was the main attraction followed by dancing and eating. We all had a wonderful time.

Our best wishes to Rita Browne, who became engaged to Charlie Venker.

Alpha Zeta girls have been quite active during this fall semester. Many hold class offices while others are holding offices in the Student Council and the A. Ph. A.. Recently, we took an active part in the school's Christmas program.

Tentative plans are now being made for a tea to be held sometime in January. Bye for now —

Jo Anne Bruseke

### ALPHA THETA CHAPTER

Well! now that exams are over, we can all breathe a sigh of relief and begin making plans for the Spring term. By the way, I hope everyone passed everything with flying colors.

Alpha Theta Chapter has been pretty busy this semester and we have even bigger plans for the coming term.

Our pledges, who number 6, have been exceptionally good this semester, have entertained us many times and seem to be full of wonderful ideas. Our wish is their command and they try very hard to please us. Believe me, we are very proud of Pat Dodd, Barbie Rasmus, Peg Cole, Madeline Auad, Carol Rein and Daneene Konarski.

We had a Christmas party at the apartment of Doris Fish, Dawn Schlecht, and Sally Cole and a good time was had by all. Games, refreshments, and presents sent everyone home for the holidays feeling very gay.

A bake sale is being planned in the near future so that we can obtain some of that lovely green stuff they call money.

With the very able assistance of our pledges, Alpha Theta Chapter won the kite flying contest sponsored by Sigma Alpha Mu fraternity. A nice trophy was presented to us, since we were able to fly our kite higher than any other sorority on campus.

We are all very thrilled over the idea of having sorority jackets and hope to have them by the end of February. At this time there will be an Interfraternity Sing which we will enter, all decked out in our new jackets, I hope!

Good luck to every one, and if you are ever near Buffalo be sure to drop in and see us. We will be glad to welcome each and every one of you.

Sally Cole

### ALPHA GRADUATE CHAPTER

Alpha Graduates extend greetings and best wishes to all the chapters in Lambda Kappa Sigma.

At our first fall meeting the main topic of discussion was the financial problem confronting us for the coming year. We decided on a Bridge Party and a Cake Sale. If these affairs will net us enough, all our problems will be solved for the year.

In the early fall, we were guests of the active chapter as they honored Ruth Flaherty. This gave all the active girls a chance to meet and get acquainted with the New Grand President and all the other graduate girls. They entertained us with a fashion show of the past years dating as far back as 1900. This was followed by an humoresque play and, of course, refreshments. A very enjoyable evening!

On Founders' Day we had the candle lighting ceremony and also awarded the Ethel J. Heath Scholarship to Olive Stonas. We were also very fortunate to have as our guest speaker Dr. Samuel M. Best, President of the Massachusetts College of Pharmacy, who gave an informal talk on Miss Heath as he knew her.

For Christmas we sold Christmas ribbon as we have done in the past and realized a very neat profit.

Well, a new year is on us and Alpha Graduate takes this opportunity to wish one and all a very prosperous and Happy 1953!

U. Elsie Gassiraro

### EPSILON GRADUATE CHAPTER

At our November meeting things really began shaping up for the winter season. We had dinner at the Italian Kitchen and from there the members attended the Alumni Frolic of the School of Pharmacy. It was with great pride that we saw Epsilon Active chapter walk off with the prize for the best theatrical presentation for the third consecutive year.

In December, our meeting took the form of a Christmas party and was again a cooperative effort. We had as our guests members of Epsilon Active chapter and with them enjoyed a Christmas tree, gift exchange and plenty of food in keeping with the season.

Our January meeting which is our Birthday dinner was held at the Hotel Stafford. Following the dinner, plans were discussed for the coming year and new officers elected.

Best wishes to all for a very successful year.

Ruth V. Pape

### ZETA GRADUATE CHAPTER

May we thank all for their replies to Jane's pre-convention letters and say that we enjoyed the opportunity to greet some visitors and regret that we were unable to see all that visited San Francisco. There are many of us who regret not having been able to attend the convention, but jobs come first.

This term we are trying alternating business and social meetings. September and November therefore were business. For Founders' Day we entertained all girls from the college for a get acquainted evening. Jane Hoberg was chairman and opened her lovely home for the party. Games were the theme for the mix, every one got a prize and the evening was topped off with delicious hot spiced cider and doughnuts.

December 7th was the date of our annual Xmas Party. This time a dinner at the Montclair Restaurant in San Francisco. Husbands, family and friends were welcomed. Each brought a \$1.00 gift for the Santa exchange. We were happy to welcome Marie Kuch, Gamma, and her husband and Ethel Mae Holden, Lambda, with her husband and son. Hope to see more of you girls.  
A Happy New Year to All.

Norma Chipman Wells

### OMICRON GRADUATE CHAPTER

At our Founders' Day Observance we used our new Ritual that Miss Cassiraro introduced at our California Convention. It was impressive for those of our group present and we felt that we had been drawn closer together nationally inasmuch as all chapters were observing the same day in the same manner. It did our group good to gather at this special meeting and once again renew our pledge to keep to the principles and ideals set forward by our beloved founder, Ethel J. Heath.

A Record Party was given in honor of Virginia Budden upon the announcement of her marriage to Mr. Herman Budden (also a pharmacist). We had tasty hors' d'oeuvres and crepe suzettes, what had been planned as a musical afternoon turned into a humming gab fest. We extend best wishes for their happiness and in Herman's tongue 'Smooth Sailing'.

We had anticipated our Christmas party so long that the realization that it has come and gone hardly seems possible. We have always enjoyed the pre-holiday schedules with parties and fun and this year was no exception. The actual reason that the Christian World celebrates this day has become more important to us because of the World situation today; our ultimate desire that 'Peace on Earth' may truly become a reality for all men.

As we are already into the New Year and hoping Spring will not be too far behind — may we wish you all the best that the future may bring.

Isabel Hause

### CHI GRADUATE CHAPTER

The month of December rang wedding bells for three of our members. On December 6, Lt. Beverly Sasser became the bride of Captain John Tate Preston, Jr., in San Antonio, Texas. The couple came to Seattle for their honeymoon.

On December 16, Pat Callaghan became the bride of Ensign Neil Holt. They will live in Hawaii after a trip to Chicago.

On December 26, Shirley Lisman, our third Grand Vice-President, became the bride of Mr. Garland Lee Cavanaugh. The couple will make their home in Seattle.

Weddings, showers and parties filled our month of December with activities. January was a very busy month for us since we held election of officers. Our rummage sale was held on January 29.

Best wishes for the New Year to everyone.

Ina E. Jenkins

## CHAPTER DIRECTORY

1953

- ALPHA — Massachusetts College of Pharmacy, Boston 15, Massachusetts  
*President*, Miss Marguerite Beaugerard, 179 Longwood Avenue, Boston 15, Massachusetts  
*Secretary*, Miss Eileen Kelly, 179 Longwood Avenue, Boston 15, Massachusetts
- BETA — Union University, Albany College of Pharmacy, Albany 8, New York  
*President*, Miss Virginia Manory, 126 Fourth Street, Troy, New York  
*Secretary*, Miss Marilyn McCarthy, 139 Hoosick, Troy, New York
- GAMMA — University of Illinois, College of Pharmacy, Chicago 12, Illinois  
*President*, Miss Geraldine Skorozewski, 3109 North Lawndale, Chicago, Illinois  
*Secretary*, Miss Nancy Anderson, 9 North West Avenue, Aurora, Illinois
- DELTA — University of Pittsburgh, School of Pharmacy, Pittsburgh 19, Pennsylvania  
*President*, Miss Margaret F. Sherwood, 1431 Boulevard of the Allies, Pittsburgh 19, Pennsylvania  
*Secretary*, Miss Catherine DeLuca, 1431 Boulevard of the Allies, Pittsburgh 19, Pennsylvania
- EPSILON — University of Maryland, School of Pharmacy, Baltimore 1, Maryland  
*President*, Miss Joan Zulty, 1736 Eastern Avenue, Baltimore 31, Maryland  
*Secretary*, Miss Rosalie Greenberg, 3619 Springdale Avenue, Baltimore 16, Maryland
- ZETA — University of California, College of Pharmacy, San Francisco 22, California  
*President* Miss Phyllis Pong, 1216 Fifth Avenue, San Francisco, California  
*Secretary*, Miss Ruth Rosenwald, 372 Third Avenue, San Francisco, California
- ETA — Philadelphia College of Pharmacy and Science, Philadelphia 4, Pennsylvania  
*President*, Miss Gwen Woodruff, 414 Roxborough Avenue, Philadelphia, Pennsylvania  
*Secretary*, Miss Rachel R. Cochlin, 1010 South Forty-sixth Street, Philadelphia 43, Pennsylvania
- IOTA — University of Oklahoma, School of Pharmacy, Norman, Oklahoma  
*President*, Miss Reba Jo Yoakum, Parker House, Women's Quadrangle, Norman, Oklahoma  
*Secretary*, Miss Ethel Mae Brown, McSpadden House, Women's Quadrangle, Norman, Oklahoma
- LAMBDA — University of Southern California, College of Pharmacy, Los Angeles 7, California  
*President*, Miss Gracia M. Beale, 821 West Thirty-second Street, Los Angeles 7, California  
*Secretary*, Miss Lois Lew, 821 West Thirty-second Street, Los Angeles 7, California
- MU — State College of Washington, School of Pharmacy, Pullman, Washington  
*President*, Miss Jayne M. Bocanegra, Box 2096, College Station, Pullman, Washington  
*Secretary*, Miss Otilie M. Bocanegra, Box 2096, College Station, Pullman, Washington
- NU — Drake University, College of Pharmacy, Des Moines 11, Iowa  
*President*, Miss Kathryn Oliphant, Drake University, College of Pharmacy, Des Moines 11, Iowa  
*Secretary*, Miss Alberta Hoskin, Drake University, Fitch Hall of Pharmacy, Des Moines 11, Iowa
- XI — Rhode Island College of Pharmacy and Allied Sciences, Providence, Rhode Island  
*President*, Miss Nancy Jane Kelly, Rhode Island College of Pharmacy and Allied Sciences, 235 Benefit Street, Providence, Rhode Island  
*Secretary*, Miss Marie Rose Fiorino, 83 Pettaconsett Avenue, Norwood 7, Rhode Island

- OMICRON — Wayne University, College of Pharmacy, Detroit 26, Michigan  
*President*, Miss Gail B. Glasser, 6000 Newport, Detroit 13, Michigan  
*Secretary*, Miss Mildred Hansen, 11337 Camden, Detroit 13, Michigan
- PI — Rutgers University, College of Pharmacy, Newark 4, New Jersey  
*President*, Miss Sara T. Siro, 420 Graham Street, Highland Park, New Jersey  
*Secretary*, Miss Barbara Hopp, 440 Orange Street, Newark, New Jersey
- RHO — Oregon State College, School of Pharmacy, Corvallis, Oregon  
*President*, Miss Alvis Miller, Oregon State College, School of Pharmacy, Corvallis, Oregon  
*Secretary*, Miss Margaret Garner, Oregon State College, School of Pharmacy, Corvallis, Oregon
- SIGMA — Columbia University, College of Pharmacy, New York 23, New York  
*President*, Miss Joan Spiro, 1185 East Fifteenth Street, Brooklyn, New York  
*Secretary*, Miss Helen Ann Lombardi, c/o Columbia University College of Pharmacy, 113-119 West Sixty-eighth Street, New York 23, New York
- TAU — Duquesne University, School of Pharmacy, Pittsburgh 19, Pennsylvania  
*President*, Miss Denise Eno, 905 Bluff Street, Pittsburgh 19, Pennsylvania  
*Secretary*, Miss Lois Albrect, 905 Bluff Street, Pittsburgh 19, Pennsylvania
- PHI — Butler University, College of Pharmacy, Indianapolis 7, Indiana  
*President*, Miss Harriet Reasoner, 4224 Boulevard Place, Indianapolis, Indiana  
*Secretary*, Miss Portia Duchess, 321 Berkley Road, Indianapolis, Indiana
- CHI — University of Washington, College of Pharmacy, Seattle 5, Washington  
*President*, Miss Billie Ann Reeder, 6939 Forty-second Avenue, South, Seattle, Washington  
*Secretary*, Miss Elaine Sakai, 4926 Twenty-sixth Avenue, South, Seattle, Washington
- PSI — Detroit Institute of Technology, College of Pharmacy and Chemistry, Detroit 26, Michigan  
*President*, Miss Anna M. Holst, 1300 Newport, Detroit 15, Michigan  
*Secretary*, Miss Irene Albert, 2951 Drexel, Detroit 15, Michigan
- OMEGA — Medical College of the State of South Carolina, School of Pharmacy, Charleston 16, South Carolina  
*President*, Miss Hamilton Rodman, 7 Glenwood Avenue, Charleston, South Carolina
- ALPHA ALPHA — Temple University, School of Pharmacy, Philadelphia 40, Pennsylvania  
*President*, Miss Lillian Chock, 1742 North Park Avenue, Philadelphia, Pennsylvania  
*Secretary*, Miss Eleanor Miller, 1808 North Park Avenue, Philadelphia, Pennsylvania
- ALPHA BETA — University of Connecticut, College of Pharmacy, Storrs, Connecticut  
*President*, Miss Nina Volpe, Unit 6, Section B, University of Connecticut, College of Pharmacy, Storrs, Connecticut  
*Secretary*, Miss Sandra L. Hubelbank, c/o Manchester Hospital, 71 Haynes Street, Manchester, Connecticut
- ALPHA GAMMA — Howard College, Division of Pharmacy, Birmingham 6, Alabama  
*President*, Miss Eunice Ann White, Rt. 3, Box 1361, Birmingham 8, Alabama  
*Secretary*, Miss Danna White Caraway, Cordova, Alabama
- ALPHA DELTA — University of Michigan, College of Pharmacy, Ann Arbor, Michigan  
*President*, Miss Phyllis Moore, 4526 Stockwell Hall, Ann Arbor, Michigan  
*Secretary*, Miss Martha Wilcox, 1103 South University, Ann Arbor, Michigan
- ALPHA EPSILON — University of Tennessee, School of Pharmacy, Memphis 3, Tennessee

- President*, Miss Sue Ann Harris, 883 Union Avenue, Apt. 2, Memphis, Tennessee  
*Secretary*, Miss Barbara Vance, 1999 Madison Avenue, Memphis, Tennessee
- ALPHA ZETA — St. Louis College of Pharmacy and Allied Sciences, St. Louis 10, Missouri  
*President*, Miss Wanda E. Burns, 4496 West Pine Street, St. Louis, Missouri  
*Secretary*, Miss Jo Anne Bruseke, 4496 West Pine Street, St. Louis, Missouri
- ALPHA ETA — Long Island University, Brooklyn College of Pharmacy, Brooklyn 16, New York  
*President*, Miss Norma Seecof, 1821 Loring Place, New York 53, New York  
*Secretary*, Miss Baila Heller, 8920 Park Lane South, Woodhaven 21, New York
- ALPHA THETA — University of Buffalo, School of Pharmacy, Buffalo 14, New York  
*President*, Miss Jean D. Arndt, University of Buffalo, School of Pharmacy, Buffalo 14, New York  
*Secretary*, Miss Sally Cole, University of Buffalo, School of Pharmacy, Buffalo 14, New York
- ALPHA GRADUATE — Boston, Massachusetts  
*President*, Mrs. Lillian Spongberg, 58 Cushing Street, Medford, Massachusetts  
*Secretary*, Miss Irene Apelian, 174 Common Street, Belmont, Massachusetts
- GAMMA GRADUATE — Chicago, Illinois  
*President*, Mrs. Mary Ellen Fencil, 2301 South Fifty-ninth Avenue, Cicero, Illinois  
*Secretary*, Mrs. Helena Fu, 4715 South Drexel Boulevard, Chicago, Illinois
- DELTA GRADUATE — Pittsburgh, Pennsylvania  
*President*, Mrs. Louise Stein, R. D. No. 1, Brightwood Road, Library, Pennsylvania  
*Secretary*, Miss Eileen Estep, R. D. No. 1, Rock Run Road, Elizabeth, Pennsylvania
- EPSILON GRADUATE — Baltimore, Maryland  
*President*, Mrs. Carol Finnegan, Oaklee Village, Apt. 88, Baltimore 29, Maryland  
*Secretary*, Mrs. Gretchen Lusby, 205 East Thirty-third Street, Baltimore 18, Maryland
- ZETA GRADUATE — San Francisco, California  
*President*, Miss Norma "Chip" Wells, 299 Begier Avenue, San Leandro, California  
*Secretary*, Miss Jane Hoberg, 45 Rossmoor Drive, San Francisco 27, California
- ETA GRADUATE — Philadelphia, Pennsylvania  
*President*, Miss Lillian Giuliani, 617 Valley Road, Llanerch, Pennsylvania  
*Secretary*, Miss Theresa Lazarick, 1220 East Cheltenham Avenue, Philadelphia 24, Pennsylvania
- LAMBDA GRADUATE — Los Angeles, California  
*President*, Mrs. Janice Weller, 2717 West Seventy-fifth Street, Los Angeles, California  
*Secretary*, Miss Florice Barnam, c/o Methodist Hospital, 1401 Hope Street, Los Angeles, California
- OMICRON GRADUATE — Detroit, Michigan  
*President*, Miss Lillian Russell, 8139 Traverse, Detroit 13, Michigan  
*Secretary*, Miss Bernice Lewicki, 18920 Maine, Detroit 34, Michigan
- RHO GRADUATE — Portland, Oregon  
*President*, Miss Jeannette Redding, R No. 3, Box 312, Portland, Oregon  
*Secretary*, Miss Mary Helen Westgate, 2181 N. W. Glison, Portland, Oregon
- SIGMA GRADUATE — New York, New York  
*President*, Miss Dora Pokorny, 191 South Second Street, Brooklyn 11, New York  
*Secretary*, Miss Selma Collier, 840 Castleton Avenue, Staten Island, New York
- TAU GRADUATE — Pittsburgh, Pennsylvania  
*President*, Miss Joan Atkinson, 601 Delafield Road, Pittsburgh, Pennsylvania  
*Secretary*, Miss Rita Falcone, 1111 Mellon Street, Pittsburgh 6, Pennsylvania
- PHI GRADUATE — Indianapolis, Indiana  
*President*, Mrs. Rosalene Higgins, 4450 Cold Springs Road, Indianapolis, Indiana  
*Secretary*, Miss Mildred Hull, 2517 Union Street, Indianapolis, Indiana
- CHI GRADUATE — Seattle, Washington  
*President*, Mrs. Pat Tanac, 15231 Eighth Avenue, N.E., Seattle 55, Washington  
*Secretary*, Mrs. Ina Jenkins, 8039 Thirtieth N. W., Seattle 7, Washington

# Grand Council

<i>Grand President</i> .....	Mrs. Ruth D. Flaherty 10 Gerry Road, Chestnut Hill 67, Massachusetts
<i>First Vice-President</i> .....	Dr. Emma G. Allen Station Road, Newport, New Jersey
<i>Second Vice-President</i> .....	Miss Joan Crist 6528 South Fairfield Avenue, Chicago 29, Illinois
<i>Third Vice-President</i> .....	Mrs. Shirley L. Cavanaugh Route 2, Box 322, Woodenville, Washington
<i>Fourth Vice-President</i> .....	Mrs. Adele Lowe 5120 Winthrop, Indianapolis 5, Indiana
<i>Grand Secretary</i> .....	Mrs. Julia Pishalski 5053 Bishop Road, Detroit 24, Michigan
<i>Grand Treasurer</i> .....	Mrs. Marion Leary 519 Claremont Place, Cranford, New Jersey
<i>Grand Editor</i> .....	Miss Amelia C. DeDominicis 2621 East Madison Street, Baltimore 5, Maryland
<i>Member-at-Large</i> .....	Mrs. Margit Harrison 304 Robert Street, Richland, Washington
