DONNA LUCHTMAN, *Editor*

*The Blue and Gold Triangle is the Official Publication of Lambda Kappa Sigma International Professional Fraternity for Women in Pharmacy, Published November and May by Lambda Kappa Sigma. Printed by Avon Printing Co., 421 Main Street, Rochester, Michigan.*

GRAND  
PRESIDENT'S  
MESSAGE

As you read through these pages of *The Blue and Gold Triangle* another academic year is coming to a close. This is a very exciting time for our seniors who will soon become an integral part of the profession of Pharmacy.

They have long shown their knowledge to their professors and with success as is evidenced by graduation, but as the working world is approached they will realize that "knowledge is not enough". Knowledge in itself is not an end, but a means to an end; the living of a full and humane life.

Toward that end they must continue to be active participants in their social environment, thus developing the process of communication. They must have a sense of humor which is a balance of all the faculties of man. They must be free of prejudices, the basis for practicing good human relations. They must be persons of integrity, of sound moral principle. They must take an active responsibility for the welfare and happiness of their neighbors thus fulfilling the requirements of good citizens, and finally they must know that compassionate understanding and sympathy is the approach of the humane.

These qualities, and the development there of, are necessary to fulfillment as well as knowledge. And so we say graduates, congratulations and best wishes as you enter a new episode along life's pathway, which will require even more from each of you than heretofore.

PAT TANAC  
*Grand President*

## I.P.S.F. CONGRESS

Would you like to spend 10 days in Europe? If you're like me, 10 days won't be much more than an "appetizer" so to speak. But the International Pharmaceutical Students Federation Congress held in Scheveningen, the Netherlands, from August 20-29, 1968 proved to be a full course dinner with all the trimmings rather than just an appetizer.

The Dutch Reception Committee planned the Congress which began on August 20, with an afternoon of registration of the attending members from such countries as Ireland, Ghana, Australia, Israel, and Sweden just to mention a few. A total of 17 countries were represented at the General Assembly. To break the seemingly endless meetings, a get acquainted party was held early in the week, and it lasted until nearly four in the morning when the band quit playing. A planned sidetrip to the Hague in the Netherlands and to the International

Court of Justice also interrupted our hectic week of meetings. And of course for those who weren't national delegates for the General Assembly, the inviting seaside beach of Scheveningen always beckoned, for the weather was warm and beautiful for the entire Congress. Scheveningen, by the way, is the Netherlands answer to Atlantic City, New Jersey.

With the week of meetings finally over, everyone could relax and enjoy the various sidetrips to Organon Laboratories, Dutch pharmacies, Amsterdam, and Rotterdam. Our one day trip to Amsterdam included a visit to the flower auction in Aalsmeer ((I don't think I've ever seen so many roses and carnations in one spot anywhere), a short tour through the art museum housing paintings from such famous Dutch artists as Rembrandt and van Gogh, luncheon atop the Hoescht building where we could see much of the city, and a boat ride through the canals. The most enjoyable part of our one day trip was spent touring the Amstel Brewery. They served us — group of about 130 people — over six hundred liter glasses of beer within 45 minutes, and then they wouldn't give us any more. I think we'd have drunk them dry, if that's possible. Our evening in Amsterdam was one of the few free evenings we had (everything was very well planned). Some of us found a rather interesting cabaret while others toured Canal Street. Our final evening in Scheveningen was spent at the farewell ball which lasted until 6 a.m.

I think the most strenuous part of the Congress was having to say goodbye to everyone who was now a friend. It's extremely easy to make friends at these congresses because everyone shares at least one common interest — pharmacy — and everyone is willing to sit up until the wee hours of the morning to discuss pharmacy in their country or your country as well as every other topic under the sun.

The Congress this year will probably be in Istanbul, Turkey and it promises to be bigger and better than those in the past.

I hope that perhaps after the 1970 Philadelphia convention hosted by my sisters, it may be possible for Lambda Kappa Sigma to send other interested sisters to the I.P.S.F. Congress as delegates representing our fraternity.

CAROL PRZYBECK,  
*Eta Collegiate Chapter*

## OUR GAL IN BORNEO

Would you believe a woman pharmacist in Borneo? Lorraine Gribbens is a missionary-pharmacist at the Christ Hospital in Sarawak, Borneo. She is a member of Gamma chapter of Lambda Kappa Sigma and graduated from the University of Illinois in 1953. She joined the hospital sponsored by the Methodist church in 1958.

Christ Hospital began in 1957 to provide medical care, which was previously non-existent to the native population. It is located approximately 120 miles inland on the Rejang River. Construction of a hospital in the middle of a jungle proved to be an almost impossible task. But it was completed, although the excavation alone took a year and a half. Everything had to be shipped 120 miles up-river; workers, tools, materials, much of which had to be obtained from Singapore or the United States. Typical of frustrating construction problems was the hot water heater. It arrived damaged from the U.S. with a part missing. After receiving the part, it was six months before someone could come to install it. The installation was faulty, and another eight months passed before it could be corrected.

Lorraine's medical supplies were loaded into native long boats made of hollow trees to be taken up and down river to strategic points. In the dry season, the water is low, and tiny Lorraine helps push the boat over the rocks. After rainfall, the water rises and becomes treacherous. Lorraine can tell of many narrow escapes from the river.

During the first few years of operation, there was no electricity or hot water, and Lorraine used kerosene to operate the still and the autoclave. The fire extinguisher was used often. Sterile conditions were difficult to maintain. Soot from the kerosene entered unsealed containers, and ants and insects were a problem, especially with dextrose I-V solutions, Lorraine was shocked to discover the almost complete lack of prescription containers. Airtight containers of any kind were difficult to find, and even ketchup and shampoo bottles were used. Humidity was the ever present problem. Labels could not be gummed and had to be printed in several languages.

At first, the suspicions and fears of the patients and their families had to be overcome. Relatives frequently moved into the hospital with the patient and often carried a critically ill person out the door before effective treatment had been completed.

The hospital now employs 52 people and treats over 22,000 people annually. Modern medicine is getting a foothold in the jungle after twelve years.

Lorraine directs an extensive youth program in addition to being a pharmacist. She has returned to the United States for work towards her masters degree in Christian education, extension courses in pharmacy, and training in Mandarin and Sarawak languages. She returned to the University of Illinois last year to continue studies in pharmacy. On Hygeia Day, Lorraine provided Gamma chapter with a slide-illustrated talk of her experiences in Borneo. We were able to present over \$100 to her at that time for equipment for her hospital.

In January of this year, the Ethel Herdlicka fund of \$478 was given to Lorraine. We have already received a letter of thanks from her, saying she has had "difficulty in supplying some of the expensive drugs that are needed to save lives" and that the money would be used for this purpose. Lorraine's devotion is truly a source of pride and inspiration to Lambda Kappa Sigma members everywhere.

MARY E. FOSTER, Vice President  
Gamma Alumnae Chapter

*Hygeia Day, 1968*  
Lorraine Gribbens (left) accepts a check from President Liz Raiman (Gamma Alumnae) for use at Christ Hospital, Borneo.

The following letter arrived several days after the article by Mary Foster. It is reprinted as Lorraine wrote it. There seemed to be no good reason to reword such deep appreciation. D.L.

February 26, 1969

Dear Donna:

I recently received a letter from Mrs. Elizabeth Raiman of Lambda Kappa Sigma, Gamma Chapter that it was decided that the project proposed for the use of the Ethel Herdlicka Memorial be used at Christ Hospital. Needless to say I was touched very deeply by this gesture and would like to express my sincere appreciation to all the girls in the Lambda Kappa Sigma for making this gift available to the people of this country. There are so many desperate needs in relation to the treatment of patients here and I wrote Liz saying that I would like to apply these funds to the purchase of drugs which patients here are unable to pay for. We are often in need of anti-biotics as ampicillin, plasma expanders, anti-biotics for specific treatment which we are actually unable to purchase here at Christ Hospital with the limited budget we have. We never refuse treatment for any patient who comes to us, though we do try to encourage everyone to pay whatever portion of the bill they can. However it is next to impossible to be able to purchase expensive drugs which are needed in life and death situations and equally impossible to expect the people who were the former "head-hunters" to pay for them. I am sure with these funds there will be some people who will be going home cured or in a better state of health than on admittance into the hospital — where otherwise they might not have any chance to live.

My sincere thanks goes to all the girls who have contributed to this fund. Since Ethel Herdlicka was a member of our Gamma chapter and I knew her, I feel that special stewardship of this memorial and that it be used in a way to honor all she contributed to the field of pharmacy and life. I can assure all of you that this memorial will be used to save lives and in doing so, perhaps will be a way in which she would have wanted a fund such as this to be used.

If somehow you could let the members of the Lambda Kappa Sigma know my sentiments, I would appreciate it. I understand that the next issue is to come out soon and I would hope that some notice could be printed there. Thank you so much for taking the time to help in this situation.

Yours truly,

LORRAINE GRIBBENS

## CORA E. CRAVEN EDUCATIONAL GRANTS

Twenty-three young women applied for the three Cora E. Craven Educational Grants. The committee found it a most difficult decision to select just three from this most deserving group of applicants. It is apparent to us that many more grants of this nature are needed.

FRANCES BENULIS, *Eta*, is in her third year at Philadelphia College of Pharmacy and Science. She has held the offices of sergeant-at-arms and social chairman for her chapter. Frances is really struggling to attend college on a sub-standard income.

SHARON GASKILL, *Sigma*, calls San Antonio, Texas home. She has served her chapter as vice president and as president for one semester. In addition to working two jobs to support her education, she is women's representative to the student council, a member of the house council of her dormitory, and a member of the American Chemical Society. Sharon is in her fifth year at Columbia University, and is in the upper third of her class.

SUSAN BRALAND, *Nu*, is a junior at Drake University. She is on the Student-Faculty Council Student Union Committee, the Association of Women Students Activities Committee, and member of the Women's Recreation Association and APhA - IPhA Student Chapters. Susan works in a lab while attending college.

## ACKNOWLEDGMENTS FROM GRANT RECIPIENTS

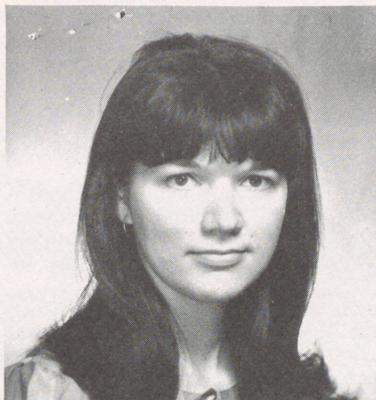

To the Educational Grant Committee:

I imagine most people, like myself, are somewhat pessimistic when applying for grants. Believe me, I was surprised and absolutely thrilled upon being selected as one of the recipients.

It is a rare occasion and privilege to be able to address the entire Fraternity by means of the Blue and Gold Triangle. Given this opportunity I would like to express my sincere appreciation to both the awarding committee and to all the sisters of Lambda Kappa Sigma for making this Cora E. Craven Educational Grant possible. Thank you.

*Fraternally,*  
FRAN BENULIS

Dear Mrs. Harrison,

You cannot imagine how surprised I was to receive your letter stating that I was to be one of the recipients of the Cora E. Craven Educational Grants. I had no idea that I would really be chosen. The grant has been received by my college and already applied to my tuition.

I certainly do appreciate all the work you and the committee must have done in evaluating all the applications. Thank you ever so much. You have made this last semester a whole lot easier financially for me.

*Fraternally yours,*  
SHARON GASKILL

To the Educational Grant Committee:

I would like to express my deepest appreciation to you and to Lambda Kappa Sigma for being chosen as a recipient of one of the Cora E. Craven Educational Grants. This will be a great help to me in financing my education. I feel very grateful and honored to have received this grant.

Thank you so very much.

## WOMEN IN PHARMACY ENTER 'MAN'S WORLD'

(Editor's Note: This article appeared in the *Daily Athenaeum*, a WVU student newspaper, on November 14, 1968.)

By Martha Smith, Ass't Evansdale Bureau Chief, *Daily Athenaeum*

It's a man's world, or so they tell us. This time-honored statement is being altered, however, on the University campus.

WVU women pharmacy majors are doing their share to take part in a field dominated by men. Of 147 enrolled in the University Pharmacy School, only 25 are women — less than 20 per cent.

Are the girls at the school "put down" by the guys? Not so said Emilene Palmer, who feels that there is a good relationship among members of the pharmacy classes. Sue Morgan remarked, "We've not 'lorded over' at all. The competition is among members of the class, not among men and women." She also noted that in some instances the girls rank in the top of their class.

"The majority of the girls are able to hold their own very well," Barbara Huffman added. She agreed that competition exists throughout the school, but asserted that "The guys are very nice." Miss Huffman concluded that if women in pharmacy can adjust to being in the minority, then they should have little trouble competing with members of the school.

What motivates women to enter such a male-dominated field? Janice Vitanza called pharmacy "one of the best careers open to a girl interested in science." She also noted that it is very good part-time work for married women.

Miss Huffman acknowledged the economic gratification of the field and said, "Money-wise it's worth your while."

Job opportunity and availability were mentioned as motivation by Janet Quinn. "There is no problem about where you can get a job. Limitless opportunities exist."

Being so obviously outnumbered women pharmacy majors need to stick together. The organization that brings them together is Lambda Kappa Sigma, professional pharmacy fraternity. Juliana Brown called the organization "the only common meeting ground where we have an opportunity to get to know the other girls."

The group has a short, informal meeting once a month. Lambda Kappa Sigma pledges meet every two weeks. Officers are: Mickey Pontorero, president; Sue Morgan, vice-president; Janet Quinn, recording secretary; Emilene Palmer, corresponding secretary; Janice Vitanza, treasurer; Cathy Morrison, chaplain; Evie Pakas, historian, and Barbara Huffman and Sandy Kettlewell, social chairmen.

Activities of the group include Founder's Day, pledge day and Hygeia Day, which pays tribute to the first woman pharmacist.

What goes into the college career of the woman pharmacy major? One fact that few people realize is that a BS degree in pharmacy takes five years to acquire, and is still considered an undergraduate degree.

Preparation for the degree includes courses in basic sciences, hours of laboratory work, a senior year of clinical work and a 1-year internship. Pharmacists must also pass a state board examination.

One of the women noted that to be a successful pharmacist, one must also be a social being who is able to meet and enjoy people.

Pre-Pharmacy, according to women pharmacy majors, is harder than any other course on campus. They base this contention on the fact that pharmacy majors must learn in two years what students in other fields learn in four. Pre-pharmacy is two years of intensified studies which require 18-20 hours of core curriculum requirements in addition to pharmacy background.

Although it is a difficult course which requires much energy and perseverance, most women in pharmacy seem contented in their field. The high degree of professionalism in the school was mentioned by several as an asset to the field. Close relationships among students and professors were also commended.

How do women in pharmacy survive the odds? Miss Huffman summed it up by saying, "Being in the minority is sort of fun. A girl has to be one of the class; she cannot try to compete as a girl against the men. As long as a girl can gain respect professionally, she will gain respect as a woman."

So they say, it's a man's world. Don't ever tell that to a woman pharmacy major on this campus.

## DRUG ABUSE IS YOUTH'S BANNER

Drug abuse has captured the imagination of the youth of America. They have taken up a psychedelic banner and are waving it frantically as a symbol of their rebellion again "the establishment". They have found a cause which directly flouts authority — a cause which "shakes up" the older generation which is trying to pass on to them a world that is in pretty horrible shape.

That was one of the major points made Jan. 28 by George B. Griffenhagen, APhA Division of Communications Director, when he spoke at the National Conference on Narcotics and Dangerous Drugs, sponsored by the National District Attorneys Association and the Pharmaceutical Manufacturers Association in Chicago.

Mr. Griffenhagen, who is Chairman of the National Coordinating Council on Drug Abuse Education and Information, spoke on "Marijuana, Narcotics, LSD and Dangerous Drugs — Their History, Source and Use". Portions of his talk follow.

They have been brought up in a world that is living from international crisis to international crisis; in a world constantly threatened with annihilation by murder and mayhem; in a society torn nearly asunder by racial strife and unrest.

This new generation steps back, looks at this world, and then is advised by its elders, "Be like us, kids. Conform to our standards. Do as we do."

Is it unusual that there is a growing feeling of rebellion in the youth of our society? Is it not understandable why young people embrace and idolize a philosophy that says —

"Escape this madhouse society that is being thrust upon you. Come with us, up, up and away in a beautiful balloon, and we will show you a world that is beautiful and bright, where love and tranquility prevail."

And so they go, following the modern pied pipers to some psychedelic never-never land of needles, joints and sugar cubes, where they hope to find freedom, individuality, and an identity, and instead find out, too late, that the glamour and excitement is merely a front for physical and mental degeneration.

The number of substances of abuse seems almost limitless, and it therefore seems to me to be fruitless to direct all of our attention to one or two substances — when in fact all drugs have potential for harm when abused.

So where do we go from here? Everyone seems to agree that law enforcement is needed, but almost everyone also agrees that law alone cannot solve our drug abuse problem. It must go hand in hand with further research and most important of all — education. Here is another term that means different things to different people. Is education training? Is it indoctrination? Is it propaganda? Or is education a search for the truth?

A basic problem in drug abuse education is that there is a narrow line between that which will convince users of the hazards of misuse of drugs, and that which will encourage drug abuse by creating a morbid curiosity in "turning one's self on".

A second problem encountered in drug abuse education is who should be doing the educating. Some say that it should be mainly the responsibility of physicians, nurses and pharmacists. Others say that drug abuse education must start at home and in the schools with parents and teachers playing the initial role of educator. Still others contend that it is the job of the clergy or the youth organizations.

But in fact, drug abuse is everybody's problem. The combined talents of educators physicians, pharmacists, law enforcement officials — indeed all of us — must be utilized in presenting an effective and acceptable education program aimed at all levels of our population.

A long-range educational program aimed at deterring the abuse of dangerous drugs has been assured with the official establishment of the National Coordinating Council on Drug Abuse Education and Information. Delegates from 55 — now expanded to 63 — national professional, governmental, educational, youth, religious and service organizations formally pledged their efforts to combat drug abuse by means of factual and effective communication. The total effort is designed to reduce or eliminate drug abuse before it becomes a harsh enforcement matter.

In many cases, we are trying to communicate with young people who are distrustful and disgusted with the establishment which we represent. The result is a definite "Credibility gap" in the minds of these kids, and no matter how often we present the facts, we are not going to get through to them without the proper techniques.

And yet, the younger generation does want information. One almost plaintive example appears in the *classified* advertisements of one of the underground newspapers: "I want to drop back in. Someone please help me".

Therefore, we need experts on people and the ways of communicating with them.

We need psychologists and sociologists, youth counselors and advisors. We need parents and teachers, public health officials and physicians, educators, pharmacists, clergymen and law enforcement officers.

We need the help of all these people — a coordinated, cooperative effort to make sure that the right things are being said, in the right way, by the right people, in the right place, at the right time, and to the right audience.

We must realize that education about the horror of drug abuse is at best a stopgap measure. Society must take steps to eliminate the causes that underlie it. It would be folly for any single profession to attack such a gargantuan effort unaided.

During the past two years we have had an increasing number of drug abuse education seminars around the country. But we have yet to see many well organized, and well coordinated community action programs, bringing together all respected members of the community who can aid in the success of such "grass-roots" education programs. We feel confident that the National Coordinating Council on Drug Abuse Education and Information will provide some of the "know how" to achieve this degree of coordination.

Let me close with one important observation and a word of caution. As staggering as the problem of drug abuse has become, as aroused as the public as grown, and yes, as dedicated as we have all become in seeking a solution, we must not allow our perspective to be clouded. For in reality, the drug abuse problem is but a part of total health education.

Health educators are increasingly aware that there has been an unfortunate tendency in past years toward fractionalization in health education. Efforts in health education at all levels have run in cycles. We move from an all out effort to educate the public about the effects of smoking to an equally diligent cancer or polio campaign. One month we attack with vigor the horrors of venereal disease and then switch the next month to educating the public on mental health.

At this time, the "in" campaign is drug abuse. We must not become so involved with this problem, so wrapped up with this health hazard that hits so close to home, that we lose sight of the total needs of health education.

## LAMBDA KAPPA SIGMA DECAL NOW AVAILABLE

This striking decal in color is now available for sale to you. These are dual purpose decals — useable from either side. — You will find them useful in many ways.

The price is 10c per decal, with a minimum order of 10 (\$1.00). Make your check payable to Lambda Kappa Sigma, and mail your order to the Grand Secretary, Mrs. Frances Curran, 4509 Regent Street, Philadelphia, Pennsylvania 19143.

## PHARMACY STUDENTS LECTURE ON DRUGS

Lectures on the dangers of drug usage are being offered by a group of students at the College of Pharmacy at the University of Illinois Medical Center Campus, Chicago.

Available to both school and parent groups, the pharmacy student Drug Abuse Committee offers a one-hour program explaining the ill effects of LSD, marijuana, narcotics, barbiturates and amphetamines.

An 18-minute film, "Drugs and the Nervous System," also is included in the program.

In addition, the students inject "speed" (metha amphetamine) and "yellow jackets" (pentobarbital) into rabbits to illustrate the varying effects the two drugs have on animals.

The drug program was started two years ago by the University's student chapter of the American Pharmaceutical Association. The program has been presented at various school assemblies and PTA meetings.

Gregory Maggini, a senior in the University's College of Pharmacy, acts as moderator for the committee.

He is assisted by five students who lecture on specific drug classifications: Murray Jacobson (amphetamines), Avery Spunt (barbiturates), *Miss Gail Johnson* (narcotics), William Poska (marijuana) and *Miss Carol Giancola* (LSD). All of these students are seniors in the College of Pharmacy except Spunt who is a junior.

Along with their oral presentation, the students offer packets of "drug abuse reference materials" for class room use by teachers. The packets are produced by Smith, Kline & French Laboratories, Philadelphia.

## LKS PROVIDES REFRESHMENTS AT "CAMPUS CONVENTION"

The girls of the LAMBDA KAPPA SIGMA sorority served punch and homemade cookies to those attending the campus convention at the University of Illinois College of Pharmacy. Aply organized by their President, MISS SUE FOXWORTHY, and assisted by such smiling faces as MISS ARLENE HENOWICH, MISS CAROL GIANCOLA, MISS GAIL JOHNSON, MISS CHRIS KUJAWA, and MISS LINDA HEAD it proved to be a very enjoying treat.

## THE MAN in the GLASS . . .

When you get what you want in your struggle for self  
And the world makes you king for a day,

Just go to the mirror and look at yourself  
And see what that man has to say,

For it isn't your father or mother or wife  
Who's judgment upon you must pass,

The fellow whose verdict counts most in your life  
Is the one staring back from the glass.

Some people may think you a straight-shootin' chum  
And call you a wonderful guy.

But the man in the glass says you're only a bum  
If you can't look him straight in the eye.

He's the fellow to please, never mind all the rest,  
For he's with you clear up to the end.

And you've passed your most difficult test  
If the man in the glass is your friend.

You may fool the whole world down the pathway of life  
And get pats on your back as you pass.

But your final reward will be heartaches and tears  
If you've cheated the man in the glass.

## CHAPTER REPORTS

## ALPHA

In December our annual Christmas party was held at a sister's apartment. Santa made a jovial visit bringing food and gifts.

The New Year of 1969 brought us eight new pledges. This year our LKS pledges will play the Kappa Psi pledges in a basketball game open to the entire school. It should be fun for all.

Hygeia Day was celebrated at the Children's Inn with a buffet supper and two guests speakers. The speakers are members of Student Health Organization from Tufts and Harvard and told of their views on medicine today and their pet health projects.

A huge St. Bernard stuffed animal will be raffled off for our money-making project and it looks like it will be a big success.

Plans are in process for our annual banquet which will be held at the end of April.

*Kathy Kelley*

## BETA

Prolific have been the pursuits of Beta's lambs since our last report.

A Get-Acquainted Party for the freshman girls, Oct. 8, engendered mutual respect between our sisters and the frosh, which we hope will bear fruition in a goodly number of new members this spring.

Speaking of freshmen, it was an undaunted young man of the first year class who fathomed the deep mystery of our Pharmaquiz jar by coming closest to the number of its contents by "scientific estimation." For his efforts he was amply rewarded with a little, rotund barrel, containing the sum of approximately twenty dollars in coins.

On October 13, an Open House was held here at ACP for prospective students and their parents. Our sisters implemented this professional program by acting as guides around our campus and by informally conversing with the high school seniors about pharmacy and the college facilities.

The Bavarian Chalet hosted a smorgasbord for our Mother-Daughter Banquet on November 10. Our Guest Speaker was Professor Gary Hall who imparted to us some of his expertise on aerosols.

The tension that mounted during a grueling week of exams was dissipated completely by the merriment and frolic attributed to our Thanksgiving Mixer, Nov. 26 at Albany's Shutzen Park.

Our venture in the cooking business reached a most favorable outcome as our December bake sale proved conclusively that the way to a man's heart is through his stomach even if it is for only a few minutes.

Before adjourning for Christmas recess, in keeping with the spirit of the season and in the spirit of our organization, the sisters chose as their service project the gathering together of a basket full of food and presents for a fatherless family of eight.

Upcoming in the beginning of 1969 will be pledging activities and our annual Faculty Buffet.

To any sister still keeping her New Year's Resolutions, may I extend my congratulations. To the vast majority (I hope) of fellow breakers of resolutions a few consoling words from the board of ACP — THOSE WHO HAVE ATTAINED PERFECTION NEED NO RESOLUTIONS.

*Ann Hall*

## GAMMA

With the winter months came a very active portion of the year for the U of I Lambs here in the Windy City. Pledging, of course, dominated the scene and with it came a lot of fun and a lot of good pledges, 11 in all. I'm sure they'll all remember Hell Night, especially Sharon's prize aquarium! Our formal initiation banquet was held at George Diamond's restaurant here in Chicago. Among those present were Dean Webster's wife, Mrs. George L. Webster, Miss Grundman and Mrs. Robert Mrtek, faculty advisor and sponsor, respectively, and Liz Raimon, Midwestern Regional Supervisor. Our Best Pledge, Betty Urbaszewski, was awarded a bracelet with an engraved pendant. Congratulations to all of the Lamb pledges of 1969.

Our activities this quarter also consisted of a few bakesales and a special candy sale with the profits going to Project S.S. Hope. We also had a mixer with our brother fraternity, Kappa Psi. Thanks go out to all the fellas and girls that helped make it a success.

At Christmas we once again stuffed stockings for the children at Cook County Hospital. This event was followed by an enjoyable Christmas party. None of us will ever forget Santa's visit, will we L.S.?

The highlight of the year was our annual dance, *Lambelot*, held on February 14,

at the Belmont Hotel. It was quite a success and much fun was had by all those who attended. Our social chairman, Nancy Dailey, and her committee did an excellent job in all the planning.

As this quarter is coming to a close, we are all looking forward to another busy one with new elections and the Mother-Daughter Banquet, just to name a few. So with this in mind we wish all other chapters a successful spring and an enjoyable summer — as far off as it may seem.

*Judy Hoch*

## DELTA

Although the sisters of Delta Chapter have been lax in reporting news, we have been busy throughout the whole school year.

Early last fall, we began our rush period and invited all the third-year women to a spaghetti dinner which we planned and prepared ourselves. Both the dinner and the rush were smashing successes since we accepted seven new pledges. In November these pledges, Gail Garrone, Karen Higgins, Christine Hilinski, Diann Mechenbier, Marjorie Mitzel, Rose Pantalone and Ann Stupak became sisters, and Chris was given the "best pledge" award. After the initiation ceremony, the entire sorority enjoyed dinner at the Fairfax Hotel.

A special kind of congratulations are in order for our president. On October 11, Carol Larson became the mother of a beautiful baby boy, Jeremy Todd. Jeremy caused his mother to miss a couple of weeks of school, but it was no time at all till Carol was caught up with her work.

Our annual hoagie sale was carried off again this year with as much success as usual. (Even though the fellows in pharmacy school tease us about how bad the hoagies taste, we notice that sales keep increasing each year.) On January 21, we made and delivered over 300 hoagies, most of which were made very early in the morning, so that they would be fresh for everyone's lunches.

Most recently, we held a dinner for the wives of the faculty of pharmacy school at a restaurant overlooking the rivers of Pittsburgh. Wives, sisters, and alumnae enjoyed the evening and all agreed it was a most memorable evening.

Get well wishes go to Marian Caltagarone who recently had to spend some time in the hospital fighting a severe throat infection. As if that weren't enough, Marian now has to fight an adverse penicillin reaction she developed while she was there. We all hope she is fully recovered soon.

Rho Chi has tapped some of the fourth-year sisters. We are proud to announce that Marcia Clark, Judy Engel, Peggy Nichols, Judy Robey, and Mary Skinner will be initiated to Rho Chi soon. In addition, Peggy Nichols has also been tapped to Mortar Board, a national women's honor society. We congratulate all the girls for their achievements.

Finally, the sisters would like to bid farewell and best wishes to graduating seniors Paula Bender, Marian Caltagarone, Lorraine Corsi, Linda Degentesh, Vivian Kanemaru, and Carol Larson.

More news in the fall!!

*Linda A. Degentesh*

Ann Stupak, Marjorie  
Mitzel  
Sitting: Christine Hilin-  
ski, Karen Higgins, Diann  
Mechenbier.*

## ZETA

Great things have happened since you last heard from me! While the pledges were still "green", we roused all 36 of them at 6 o'clock in the morning and "Shang-Haied" them to breakfast. It was held in Mary Kodas house. Aroma of scrambled eggs, hot dogs, pasteries and lots of hot, black coffee filtered through drowsy heads. After that event, the pledges viewed the "Actives" with more respect. When we assigned them a bake sale for a pledge project, pledge chairman Hazel Lim had her gang working like little beavers. Mmmmmm with excellent results. (I didn't know that beavers baked so well!) Part of the proceeds will go to Project Hope and the rest to our annual dinner dance.

In fact, the dinner-dance was the next big project. Andy Louie chaired the committee and the event was a walloping success. Not only did we have a delectable roast beef dinner, but there was also a live band called the Illusions to provide soul-rock music and that capped off a most memorable evening. A job well done Andy. (And Happy Birthday).

With the dinner well behind us, our sorority looked forward for the remainder of the school year. Ambitious Nancy Waterman and Judy Quan are heading a hostessing service committee for our school. Julie Korbata is planning an Act Theatre party this spring to see, "A Flea In Her Ear." Many girls who work in a pharmacy are collecting physicians drug samples to send to either the Haight Ashbury Free Medical Clinic or to the Blackman's Clinic. President Nancy Rytii asked for volunteers to donate their time in these clinics. It's not only a learning experience pertinent to our field, but also an eye-opener to the dire need for a health care team in those communities.

You poor, poor pledges, I hope you have recovered from the initiation by the time you read this.

On the sports side, tennis lessons will probably continue through the spring quarter. Marianne Foppiano, our beloved captain, lead the girls basketball team against the Phi Delta Chi Fraternity pledge class, beating them soundly 39-40. (I will never tell how we did it though!) Marianne says her team is ready for the "All University of California Sport Festival".

Just two things left to mention before I close off: ELECTIONS and HYGEIA DAY. Best wishes on both.

*Ava Balbutin*

*Our president, Nancy Rytii and her favorite beau, Dr. Robert Korman are taking time out at our dinner dance held at Joe Jung's in San Francisco.*

*Front row, left to right: Clara and Norma Wells. Back row: Eloise Wong, Ava Balbutin, Marianne Foppiano, team captain, and Penny Reis. "Basketball anyone?"*

## ETA

This busy spring semester has been keeping the sisters of Eta Chapter moving. We started the new term with a "count the capsule" contest. The proceeds went to the S. S. Hope.

Pledging is now in full swing. Prospective new sisters under the direction of Pledge Mistress, Paula Matthews, are busy studying Lambda history and getting to know all the sisters. Our 14 pledges are Lynn Garvey, Mary Ann Sworobowicz, Maureen Fiedler, Emily Fan, Jeanne Sica, Linda Brown, Ellen Hersberger, Lynn Hatton, Deedee Mullen, Sue Pietruszka, Peggy Szymczak, Carol Pagano, Phyllis Degan, and Lamprini Develenga.

Congratulations are in order to B.J. Manili and Joanne McAuley. Both sisters had little boys in the last month.

The annual Frat Review, sponsored by Eta Chapter, is scheduled for April. This year chapters of Kappa Epsilon, Kappa Psi, Phi Delta Chi, and Upsilon Sigma Phi will compete. The student body will vote to determine which frat gives the most entertaining show and while the votes are being counted Lambs will entertain.

The annual Dinner Dance will be held at the Richshaw Inn in New Jersey. This is the biggest social event of our year.

Our graduating sisters, Carol Przybeck, Shelia Wexler, B. J. Manili, Caroline Berger, Lynn Fusco, and Ella Blumberg, will be honored at a dinner in May. At that time Ethel J. Heath Keys will be awarded to Ella, Caroline, and Carol.

In closing, I want to wish everyone a happy summer and I urge you to make plans to come to the 1970 Biennial Convention in Philadelphia, Wonderful things are being planned.  
*Caroline Berger*

## THETA

Second semester classes are well under way for everyone here at Creighton. Among past events of importance are that in December the Pharmacy float came in No. 1 again in the Homecoming Parade after a two year absence from that spot. Everyone in Pharmacy School participates in this activity and LKS was out in full force. Even though Creighton was beaten, by a small margin, by Illinois University our float victory more than compensated! Also Pharmacy School's Princesses were two of our sisters, Sue Mokorhisky and Marie Ohlinger, both sophomores.

The flu bug hit the campus in epidemic proportions so as a result we were dismissed about four days early for Christmas vacation. There weren't any objections to this and everyone enjoyed the extra days. As a result of the early vacation our annual Christmas party had to be postponed until later in January. It was held at the home of active Sue Suhr with the pledges entertaining with games and presenting each active with a special present. They were triangles which had a calendar noting all the actives and pledges birthdays, a very nice reminder to have!

Semester tests came and went to the relief of everyone and we held initiation on Feb. 9, welcoming five new sisters, Elayne Casterton, Claudette Collins, and Sue McLaughlin, freshmen; Nancy Flecky and Jymean King, sophomores. They were each presented with a pin and a yellow Chrysanthemum. An initiation dinner followed at the Venice Inn for all members. Dean S. J. Greco was a special guest.

During Poison Prevention Week we again put a display in the student center and for Hygeia Day we sponsored a slide film talk by Mary Jane Heyne, registrar co-ordinator of the Nebraska Master Poison Control Center.

As a money making project this semester we have registered with the employment service here on campus. They often have on day jobs for a large number of people so we will work for the chapter. Happy Easter to all!  
*Barb Schmitz*

## LAMBDA

This year Lambda Chapter has been very active. We have been involved in varied activities, both professional and social. We started off the school year in September with three rush functions. The purpose of these functions was to acquaint the freshman girls and the transfer students with the USC pharmacy school and with Lambda Kappa Sigma. The first function was a pizza party. Since it was the first function of the year, everyone had their summer activities to discuss. The second function was a coke party. The topic of conversation this week was the marvelous onion dip! The final rush event was a potluck dinner and the Lambs proved themselves to be great cooks once more!

Founder's Day was celebrated with a dinner at the home of Jean Kuwahara, pledge mistress. The new pledges were formally pledged at this event. Pledges for this year are: Shari Abrams, Gabriella Hill, Mary Hollifield, Pearl Louie, Claudia McNeil, Gladys Moriguchi, Cheryle Vickers, and Patricia Yoon.

November was kind of a busy month. The Lambdas were invited to an exchange dinner by Phi Delta Chi, one of the pharmacy fraternities here at USC. This was both a professional and a social event. After a delicious dinner, Mr. Jay Sanderson of

Drug Package Incorporated presented a discussion on the use of photostatic equipment and computers in keeping prescription records.

Our annual bake sale was also held in November. This year we raised sixty dollars which we donated to the hospital ship, the S.S. Hope.

December found Lambdas busy preparing for the holiday season. Our Christmas party on December 14 put everyone into a festive mood.

In February, the spring semester got off to a good start with our biggest social event of the year — the annual dinner-dance. This function, which was formal, was held at the Continental Hyatt House on Sunset Boulevard. The pledges were formally presented to the activities and to the faculty members who were the guests of the Lambdas.

The professional interests of the members were stimulated at the Hygeia Day Dinner. Our advisor, Mrs. Catherine Kirchner, spoke on the manufacture and sale of cosmetics in a pharmacy. This topic was of interest to all the Lambdas.

Lambda Chapter will conclude the year with various activities. We are planning another bake sale. *This time we are raising money to send delegates to the next national convention.* Two of our members attended the convention held last summer in Indianapolis. Lynn Weidmann, president of our chapter, and Jean Kuwahara were our delegates. They thoroughly enjoyed themselves and recommended that we send delegates to the next convention.

We are looking forward to a visit from Mrs. Rosemary Fox, Western Regional Supervisor, on April 12. Mrs. Fox will be our guest at our Senior Dinner which is given in honor of the graduating Lambdas. The new officers will be installed at this event, and the pledges will become actives. We are so happy that Mrs. Fox will be able to be with us for this event.

Well, that's all from Lambda Chapter. Have a nice summer.

## MU

We ended the snow-filled semester with four new enthusiastic members; Connie Cooper, Diane Fox, Inez Meier, and Judy Miller. In January we invited all girls majoring in Pharmacy to a revealing discussion given by Dr. Betty Adams, concerning "Selling Unmentionables in the Pharmacy."

March is forecasted to be a busy time for us Mu Lambdas. Hygeia Day will be observed by inviting all Pharmacy women to a buffet supper. Our speaker will be Dr. Lillard, a radiologist who recently returned from the Good Ship Hope. We hope to greet spring with new pledges on March 20th. The end of March will see us conducting a campus-wide pill-guessing contest with the hopes of raising more funds.

April brings spring vacation; the Pharmacy trip to Indianapolis, Chicago, and Kalamazoo; and the chance to meet other Lambdas at the regional meeting at Vancouver, British Columbia. Also initiation will be conducted then as will election of officers. Tentative plans are being made to have a cosmetician speak to us.

Of those Mus anxiously looking forward to summer are especially our brides-to-be; Barb Akins, Doris Duskin, and Suellyn Koontz.

Saying hello to all and good-bye to another school year, we wish the best of luck to the fortunate graduates, industrious collegiates, and encouraging alums. *Barb Akins*

## NU

Hello everyone from Nu Chapter. It has been a snowy and cold winter here in Des Moines, and we are so glad to see spring arrive. All our LKS activities have helped to keep us busy and thawed during the past few months.

During November we activated seven outstanding girls. They are Nancy Adams, Connie Evans, Cynthia Hopp, Judy Richardson, Billy Beth Ross, Rebecca Tryon, and Ruby Yang. We started a new award for outstanding pledge and Billy Beth Ross was the first recipient.

We also have four new pledges — Paula Ellwein, Lorraine Ditzler, Barbara Bolte, and Lila Yaeger.

December rolled around quickly and we had a Christmas Cookie Sale in conjunction with the Women's Auxiliary of the Polk County Pharmaceutical Association. A Christmas Banquet was held in anticipation of the holidays at Michael's Restaurant in Des Moines.

February was a fun month for many of the girls of Nu Chapter. Those of us who are fourth and fifth year students went on the pharmacy tour to Lilly and Abbott. LKS also during February sponsored the annual Inter-Pharmacy Basketball Game. LKS was victorious over the faculty and Kappa Psi was the winner over both Phi Delta Chi and the faculty.

LKS and Phi Delta Chi will again enter a booth in Carnival Continental, a Carnival held by the People-to-People Committee of the University each year, to raise money for a foreign student. We had a lot of fun last year and we were very successful too.

Four of our members were recently elected to Rho Chi. They are Nancy Bischoff, Nancy Marshall, Sue Schwindaman, and Rosie Tobler.

Several sisters became engaged this year — Chris Ceebin, Nancy Bischoff, Cindy Hopp, and Nancy Marshall. Good going, girls!

There was a lot of excitement on our campus this winter as our fighting Drake Bulldogs tied for the Missouri Valley Conference Championship with the University of Louisville. The "Dogs" gave all of us a lot of thrilling moments we won't soon forget.

Mr. Norman Johnson spoke to us on Medicaid for our Hygeia Day Program.

We are looking forward to our Senior picnic to honor our graduating members — Jennifer Golhoffer and Sue Perschnick. Both girls have been real workers for LKS during their years here at Drake. We will also have a spring pledging and activation banquet sometime soon.

Well, that's most of it from Nu for now. Have a nice summer.

*Rosie Tobler*

## OMICRON

Although the school year of 68-69 will soon be drawing to an end for Omicron Chapter, we have filled the year with a number of activities. Our fall rushing was successful with the initiation of four new members: Queen Marsh, Nancy Merrell, Janice Ryba, and Frances Ptak.

The winter quarter opened with a bake sale for S. S. Hope, to which we donated our proceeds of \$35. A bagel sale later in the quarter served to "beef up" our chapter's treasury. A donation was also made to our local Capuchin "soup kitchen" for indigent men.

Although the spring quarter is just getting under way, our calendars are crowded with dates of remember. We celebrated Hygeia Day by a tour of the local FDA laboratories with our alumnae chapter. A bridal shower was given by Alice Rice, chaplain, for Rosemary Bonnette, vice-president, who will become Mrs. Anthony Boutt on July 5 of this year. Mr. Boutt is a 1966 graduate of the College of Pharmacy and now attends WSU medical school. Another shower is being planned by Mrs. Kathleen Taylor Price, a 1968 graduate.

Spring pledging will feature a wienie roast at the home of Mrs. Suzanne Urwitz Schweitzer (formerly of Zeta chapter), and a formal tea. We hope to have enough pledges to balance our 6 graduating seniors: Rosemary Bonnette (Rho Chi vice-president and Ethel J. Heath key recipient), Joan Ovid (chapter president), Alice Rice (president of Student Advisory Board), Suzanne Schweitzer, Barbara Wilczynski, and Eva Witeczek (editor of the Wayne Pharmic).

We wish all LKS grads of 1969 much success in their future endeavors and hope that they will retain the spirit of LKS forever.

*Rosemary Bonnette*

## RHO

Winter Term has been a very busy one for the women of Rho Chapter. There are many plans for the coming term in the wind among which is the annual tea sponsored by the chapter for all the women connected with pharmacy. This year Yvonne Tom will be the general chairman for the tea to be held April 10.

Mrs. Rosemary Fox, Western Regional Supervisor, and Mrs. Pat Tanac, Grand President, visited our chapter February 21. They met with the officers and provided many helpful suggestions for the coming years to improve our chapter. Following the meeting, our guests were given a tour of our pharmacy building.

Since the Senior II's have been very active this past year, we would like to take time to recognize a few of the girls. Nadine Huey is currently serving as president of the Rho Chapter and is a member of Rho Chi. Marty Hetrick, who is the vice-president of Rho Chapter is the assistant editor of the Beaver Pharmacist, an annual publication put out by the Oregon State Pharmacy School. Marty and Lou Vina Dieffenbacher are both very busy planning the All-Pharmacy Banquet as they are the co-chairmen for the event. Mary Jo Nelson is serving as vice president of the scholastic honorary Rho Chi and is also working hard to plan the entertainment for the pharmacy banquet. Pam Kennedy is the Rho Chapter treasurer and is also an assistant editor of the Beaver Pharmacist. Sue Hufford is very artistic so she has been given the task of planning the decorations for the banquet. Meg Fowler is the secretary-treasurer of Rho Chi and she has been accepted for graduate work in hospital pharmacy at several universities but is still undecided as to where she will attend. We would like to congratulate her.

Spring term we will be helping on several community projects such as the Diabetic Clinic, Cancer Drive and the Blood Drives. I'm sure the Rho members will have another very active Spring.

Marilyn Rader

*Photos on the left and in center were taken in the newly remodeled prescription lab*

## TAU

It's time to catch up with all of the sorority gossip and Tau has plenty to offer. We've had a good year, including some splendid affairs, increased membership, and high hopes for the future.

Last Year went out with a bang, as the sisters and their dates dined and danced at the Pilot House on the Mongahela River wharf. Many of Duquesne's faculty members, including Dean John Ruggiero and our sweetheart, Dr. Mitchell Borke, were able to join us. We made the affair extra special by wearing long gowns. Our thanks to Arleen DoNascimento and Melenie Werl for a wonderful time.

Following the Christmas recess, we returned to finish off a semester. Happily, we all passed our courses! To celebrate, we had an impromptu party with our Phi Delta Chi brothers — a real smash! The new semester began in February with the usual procedure of rushing. We got away from the world of science and explored the occult

with our gypsy fortune-telling party. After studying hard, Linda Wills could read palms, Debbie Fisher could interpret cards, and Toni Zofchak could convincingly predict the future by numerology. Louise Amoroso and Renee Rosenfeld kept the Ouijah board going. All in all, it was a successful party, and quite out of the ordinary. It also brought us two pledges: Suzanne Ragley and Barbara Meyers. Sue is in Pharmacy II. Her sister, Mary Lou, was also a member of Tau. She graduated Duquesne in 1965. Barb is a freshman and we hope that she'll enjoy her membership and benefit from it. Barb and Sue will be initiated following a dinner on March 17.

You're probably wondering what we did about Valentine's Day. We certainly didn't forget it. All of the sisters showed off their talent in cookery by making heart-shaped cookies and cakes. We displayed them in the Dean's office and invited everyone to enjoy them. When it came to the coveted position of sweetheart, we found ourselves honoring two this year. Dr. Borke, our sweetheart of four years had to give up the position to accept one to teach in Taiwan for a year on a Fullbright fellowship. In his honor, we created a new title: Honorary Sweetheart is Joseph Chopski, a senior and a brother of Phi Delta Chi. Both men got royal treatment on their special day, including our cakes and kisses. In addition, Joe got a pair of shorts — white with red hearts — and all of our signatures!

As for the future, much is still to be planned. We know that our senior dinner dance will be the first week in May. To finance a real blow-out, with an open bar and a band, we are selling ads for a favor book. We are also trying to arrange a mixer with our sisters in Delta chapter at Pitt and all the Phi Delta Chi's and Kappa Psi's from both schools. There will also be the annual school trip in April to the factories and labs of Lilly and Upjohn. When everything is considered, including APhA affairs, we really haven't much time left until summer! Realizing this, we plan to hold elections in April and hand down the offices our seniors will be vacating. Graduating this year are Arleen DoNascimento, Ellie Boucek, Toni Zofchak, and Marie Luschas. As additional excitement, Ellie is to be married on May 31. Another sister, Renee Rosenfeld, has accepted a bid to Delta Zeta, national social sorority, which is now in the process of colonizing on our campus. The pledging period will end on May 17. Best wishes to all of them, and to all our sisters everywhere. Enjoy the rest of your semester and all your professional experiences!

*Renee Rosenfeld*

## PHI

Things have really been hopping at Phi Chapter this school year. November 3, we held our first rush party. It was a card party. We played "silly bridge." We tried this type of party last year and found it to be very successful.

November 11, we held a bake sale to raise money for the remodeling of the APhA lounge. The week of November 18-23, was National Diabetes Week. The girls of LKS worked through our student branch of the APhA to distribute Dreypacks to all the housing units on campus.

November 24, we had our second rush party. It was quite an unusual experience. The party was a basketball game with Phi Delta Chi. The game ended in a tie — Phi Delta Chi 32; LKS 32. Of course, we had a few advantages. The game was so much fun that we have been making plans to play the men of Kappa Psi and the faculty members of the College of Pharmacy later this semester.

December 12, Phi Alums had a Christmas dinner to which Phi Collegiate was invited. Only a couple of us were able to attend because of exams and night classes, but those who attended had a great time.

December 15, we held our pledging ceremony. Our new pledges are Sue Bohling, Carol Bowers, Karen Geisler, Linda Estes, Beth Lorenzen, Terri Schumaker, Pam Nelson, and Laverne Woody. They really look like a good group, and already, they have been working hard on their pledge projects. They worked on two projects this year. They decorated our bulletin board in the lounge with blue cloth and blue and gold daisies. They also framed our map of the chapters that last year's pledge class made for the convention.

December 18, Phi Chapter of LKS went together with the men of Phi Delta Chi

to give a Christmas party to the orphans of St. Bridges. It turned out to be quite an enlightening affair.

March 2, the sisters of LKS had another first at Butler. We hosted a faculty dinner. The girls did all of the cooking and decorating. We told the faculty members that they could even bring their wives. We had about 40 people at the dinner. The purpose of this dinner was to honor two of our retiring faculty members, Dr. Harwood and Prof. Michener. We also wanted to introduce our new pledges to the faculty. We were very pleased with the results. In fact, we even surprised ourselves. The faculty members seemed to really like the affair, and they suggested that we make it an annual occasion to introduce our pledges.

I hope everyone else has had a prosperous year. Good luck and congratulations to the girls who are getting ready to go out into the cold, cruel world in June.

*Jeanette Kirts*

## CHI

At the University of Washington, LKS had a very successful rush. We initiated 16 new Lambs at our initiation banquet held at the Norselander restaurant on January 22. After the dinner, Grand President Pat Tanac showed her slides of the 1968 Olympic Games in Mexico City. Several Chi alums were present. Congratulations to the new initiates — Pamela Arntzen, Nancy Arrigoni, Linda Berr, Mary Buennagel, Sandra Butterfield, Claudia Ebsworth, Pamela Eros, Linda Felthous, Sandra Giles, Nadine Nakako, Karen Noyes, Linda Peters, Susan Rennie, Donna Sandberg, Phyllis Silkett, and Sharon Ziegenbein.

Valentine's Day was Pharmacy Day, and LKS girls participated in this Diamond Anniversary event. The National APhA president, Max Eggleston, was one of the featured speakers.

On February 21, LKS and Kappa Psi co-sponsored an All-Pharmacy dance, "The Bolus Ball." The festive Mexican atmosphere of this semi-formal affair was enjoyed by all. The pinatas were shaped like pills. The dance program listed such specialties as the Troche Trot, the Powder Paper Polka, and the Benzedrine Bop. The contemporary band, The Squire, included one of the Pharmacy graduate students.

During Spring Quarter, Chi Chapter will be busy. Hygeia Day will be observed with the Chi Alums; a professional program will be presented on April 2. Then during the week-end of April 5-7, Chi Lambs will travel to Vancouver, B.C., for the Northwest Regional Convention which Alpha Lambda is sponsoring. About ten girls from Chi Collegiate will attend this convention.

In addition, faculty members and their wives will be entertained at the Annual Faculty Tea; a Pill-Counting Contest will be held to raise money for the Ship Hope; officers for 1969-1970 will be elected; all will enjoy the annual Pharmacy Picnic.

Late in the quarter, the graduating seniors will be honored at the Mother-Daughter Breakfast. This has traditionally been held on the Saturday of Mother's Day week-end.

It should be an enjoyable Spring!

*Kathy Schaeer*

## ALPHA ALPHA

The Temple Marathon continues and the Lambs are entering the second half with increased strength. Yes, we lured ten enthusiastic pledges to join our team and things really began to happen. They challenged us "old" sisters to a football game which took place on November 24 and ended in a tie!

And we are off again with a tremendous burst of energy. December was a good month for our chapter. Besides making lots of money at our Bake Sale on December 4, we also had a clothing drive the same week. And of course, we had a few Christmas parties too! On December 15, along with the ROPE brothers, we went to St. Christopher's Childrens Hospital to sing carols and to play Santa Claus. Our special gifts were yarn octopi that we made ourselves. That same night we had our own Christmas Party at Elaine's house. We helped decorate her tree, had a buffet supper with champagne punch, exchanged small gifts, and handed down our traditional plaque of Hippocrates to two "lucky" little sisters. And then our pledges surprised us with a gift of their

own — a LKS Drinking Song. They thought it was something that we really needed! We had two days to rest until the Phi Delta Chi Christmas Party for orphans on December 17. Once again we had to call on our culinary talents to bake 150 cupcakes for the occasion. We also helped the children sing Christmas Carols until Santa and his two elves arrived with the presents. Finally Christmas Vacation was upon us followed by final exams and a week to recuperate before starting all over again!

The race continues at a somewhat slower but steady pace. January 21, is a date our pledges will never forget — Initiation Night. Need we say more?! And on January 22 we inducted ten new sisters into our chapter. They are: Terry DeVita, Barbara Ewing, Marcia Goby, Arleen Hendrie, Monnie Mackarey, Donna Reges, Nancy Sabo, Kristea Snyder, Bella Tucholski, and Mary Weber.

Conserving our energy for the final stretch? We asked our new sisters to publish an issue of Lambs Tales on pledging but they all pleaded the Fifth, and our pledge issue only contained histories of the new sisters and a few minor comments on pledging! And finally the day we had all been anxiously awaiting arrived — February 14. Our Valentine's Day Formal at Philadelphia 1700, was a wonderful success and everyone had a spectacular time.

The pace quickens once again as the Lambs round the bend into the final stretch. Since Hygeia Day falls during our spring recess we celebrated early, on March 5, by wearing the traditional yellow chrysanthemums. Our ingenious new sisters made blue pipe cleaner Rx's to wear with the flowers (a very good idea). Elections were also held on March 5; congratulations to Terry DeVita, our newly elected president, and to all the rest of the new officers.

Now in the final stretch the glorious finish is within view. On March 21 we have a smorgasbord cocktail party scheduled at the ROPE house. And on March 22 we will be playing basketball. Our professional program for Hygeia Day is finally scheduled for April 9. The student chapter of APhA will be our cosponsor for the program which includes a film and a speaker on Project Hope. We will also be selling cokes at the Mortar and Pestle production of *The Fantasticks* on April 11 and 12. Congratulations to Rachel Shusterman on capturing the lead role again this year and to Lynne Stephens who will be playing the mute. In fact most of the sisters will be helping in the production behind the scenes. And we are looking forward to installing Dr. Chana Kowarski as an Honorary Member and to our final affair, the Freshman-Senior Dinner, where we present our graduating seniors with small nonsense gifts and they read us their last will and testament.

Congratulations are in order to Rachel on her recent engagement and to Betsy Williams who, not so recently, became pinned to Bill Grove, a Phi Delta Chi brother. Congratulations also to our two Ethel J. Heath Scholarship Key winners, Nancy Cramp and Janeth Bartlett. And finally we thank Lynne Stephens, our president, for making this one of the best and most successful years ever.

*Diane R. Jandl*

## ALPHA EPSILON

The school year of 68-69 has been a busy year for the sisters of Alpha Epsilon. Enthusiastically we have carried out many projects. Our first endeavor was a "Pill Count" which ended on November 1. The jug was packed with 5,007 pills and capsules to the joy of the first three prize winners, who guessed so closely. For their estimating ability they received a camera or radio.

The next project began on November 25. This was our annual candy sale to which we received a good response.

This quarter has contained many activities. For our rushees a luncheon was held on campus and also an informal tea was given the week prior to initiation. We now have 21 enthusiastic pledges. They are making plans for their pledge project at the moment.

Hygeia Day was observed at the University of Tennessee by the presentation of a

film, "The S. S. Hope", sponsored by our chapter. Members of our chapter and pledges also wore blue and gold ribbons to create interest in Hygeia Day.

Our members have also been busy in other pharmacy activities. A large number attended the Student APhA Convention in Atlanta. Many are taking an active part in the Drug Abuse Program sponsored by our College of Pharmacy by giving speeches to high school and college kids.

A spaghetti supper is being planned for next quarter. We invite any of you to come for a good meal.

*Susan Porter*

## ALPHA ZETA

We of Alpha Zeta Chapter hope that your year has been an enjoyable and profitable one. Ours has truly been a memorable one, made so by many activities!

Congratulations are in order for two of our members, Linda Moeller and Rena Ham. Linda was married in November and Rena became engaged in February. We wish them both the best of luck.

Election of officers was held at the December meeting. The new officers are: Neta Lard, president; Cheryl Frailey, vice-president; Judy Joerling, recording secretary; Jeannine Keltner, corresponding secretary; Rena Ham, treasurer; Kathy Bogart, historian; and Jane Tennis, chaplain. Betty Nyhof has been appointed parliamentarian since that time.

Installation of the newly-elected officers was held on December 15, at Henrici's Restaurant here in St. Louis. A banquet followed the installation.

A buffet was given for the rushees at Beverly Trummer's house. Everyone enjoyed herself mainly because the occasion provided an opportunity to get to know the new girls and for the new girls to become acquainted with the members of the fraternity. Our president, Neta Lard, gave a short speech which outlined for the girls our purposes and our local chapter's activities.

We wish to welcome 11 girls to our group who have chosen to pledge our fraternity. Their pledge ceremony took place at the House of Maret which is also in St. Louis. We look forward to their joining the fraternity and hope that their reasons for joining will be fulfilled.

Our chapter's second annual Sadie Hawkin's Dance was held on February 22. We enjoyed it so much that we look forward to having it every year. The pledges helped a great deal with the refreshments and various members are to be credited with a great job of decorating.

Our chapter has taken on a relatively new civil project. It consists of sorting drugs which have been collected by various church organizations. After sorting, the drugs are sent to the missions in Borneo. This activity serves the dual purpose of helping others while we further our knowledge of drugs and their uses.

To show our appreciation for all she has done for our chapter, we decided to have a "Be Kind to Mrs. Haberle Week!" for one of our advisors. She was sent flowers on her birthday and was given a surprise party following our February meeting. Every girl in the chapter remembered her on her birthday with a card and she received a large box of candy for Valentine's Day. These were just small tokens of the feelings we hold for her.

Alpha Zeta Chapter plans to celebrate Hygeia Day by having breakfast at the Chase Park Plaza Hotel. Big sisters are looking forward to treating the pledges and to introducing them to yet another aspect of our fraternal activities. Plans are in order

for a professional program to be presented at the school next year.

We hope the remainder of the semester is a good and easy one for all of you. Have a great time this summer.

*Kathy Bogart*

*Brenda Crites, left, an Alpha Zeta pledge, is officiating as Marryin' Sam at the annual Sadie Hawkin's Dance.*

## ALPHA THETA

Hello again! We are well into another semester with rushing over and four new prospective sisters. Also five girls were initiated to membership last December at a party at Mary Marrano's. They are Terry Czaster and Sue Narkiewicz (freshmen); Noreen Hahin, Marge Nowak, and Sandra Puchalski (all third year); and Carol Silberman (Fourth year).

Some of our sisters were "buddies" last March 7th and 8th for a Toronto Exchange. SUNY at Buffalo, school of pharmacy, hosted 26 Toronto University students for the weekend for whom our fraternity held a coffee hour.

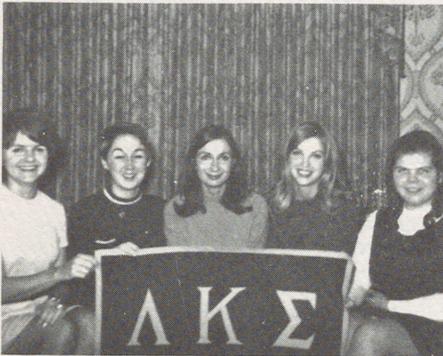

Currently plans are being made for the annual dinner-dance to be held April 26, at Niagara Falls. It's the big event that we've all been looking forward to.

On March 22, Noreen Hahin was married to Ron Evens, a fifth year student in the pharmacy school here. Also baby showers are planned for Sandy Puchalski and Elaine Fronczek.

But our biggest event is undoubtedly the Eastern Regional Meeting planned for next fall. We're all anxiously waiting to meet our sisters here in Buffalo — hope to see many of you here.

Meanwhile, have a good semester and happy summer.

*Luana Goodwin*

*Pledges initiated, December, 1968 l to r: Sandy Puchulski, Carol Silberman, Noreen Hahin, Sue Narkiewicz, Terry Czaster. Missing is Marge Nowak.*

*Initiation Party, December, 1968 Back: Pauline Buczkowski, Luana Goodwin, Noreen Hahin, Carol Silberman, Sandy Puchulski, Terry Czaster, Sue Narkiewicz. Front: Anna Mack, Donna Pierno, Martha Mosher, Jianne Bilski, Elaine Fronczek.*

## ALPHA IOTA

The school year is more than half-over for our Alpha Iota sisters and our senior sisters are looking forward to graduation. Imagine our other LKS sisters are also getting excited!!

The year has been very busy for us. Our annual Homecoming Mum Sale was a great success, although our float, as usual, didn't place. We held our annual Pledge Banquet and Parent's Day before Thanksgiving and everyone surely enjoyed themselves. Individual sisters have been busy too. Mary Klepser, our president, had a baby boy, Michael, in November, and Betty Krans, became Mrs. Jim Steward during Christmas vacation.

Winter term has kept us occupied with planning for our Spring Formal, May 3, and preparing for the annual campus-wide Greek Sing to be held May 9. Practice makes perfect — that is what we keep telling ourselves!! Arrangements are being made for the Regional convention which will be at Ferris next fall. Many new and exciting things are in the making for a successful convention, so make plans to attend now.

We had a rush party this term, too — a bunco party which is relaxing for weary minds!! Everyone had a ball and it is a great way to get acquainted with your rushees.

The Alpha Iota sisters hope everyone is having a truly successful year — the best one yet!

*Barbara Beck*

## ALPHA LAMBDA

Greetings to all Lambs from your International Sisters.

With final exams rapidly approaching, we can look back at a very successful year. We were forced to cope with several problems — some new, some not so new. Unfortunately, we were faced with the voluntary resignation of two of our members. We also had the usual problems of apathy, finances, etc. — but, in spite of all this, the year was successful.

We are celebrating Hygeia Day by hostessing an afternoon tea for Women in Pharmacy at the home of our Dean. Plans are now well under way for the Northern Western Regional — of which we are to be the anxious hostesses. We have invited all the Western chapters and hope attendance will be large. We promise (?) a very interesting program.

Professional activities have included several guest speakers at our meetings. Money-making projects have included a penny drive, count-the-minims contest, and the sale of cards made by our local charity, CARScraft (Division of the Canadian Arthritis and Rheumatoid Society).

The sisters of Alpha Lambda Chapter wish all our sisters luck in exams and a fantastic vacation.

*Heather Baxter*

## ALPHA MU

Fellow Lambs — Events at Alpha Mu Chapter have been laced with whimsey, fun, and in one case, an element of surprise. Where does the surprise element enter? Well, recently one of our lambs came to school, just before a joint meeting of the college on internship programs, and flashed her left hand around. Imagine my surprise to see not only a lovely diamond, but a wedding band as well. It seems one of our newest lambs, Debie Hart, is now Mrs. Petlow and had been secretly married since November of 1968. Wow! Debie, we wish you all happiness in your new career.

Whimsey and fun were the words for the night at our "little girl" rush party on

February 23. Everyone reverted back to those carefree days of hopscotch and lollipops at the party where we played blockhead, musical chairs, and old maid. Hosts Marilyn Myers and Sue Nadle provided appropriate prizes of bubble blowers, animal rummy, and silly putty.

Rushees mingled with lambs during gametime and later posed questions about LKS, profs, and upperclassmen.

Each year we hold a professional meeting in honor of Hygeia Day. This year's meeting was on cephalosporins, and a talk was given us by Mr. Robert Steinbrook, Lilly representative for our area, on the history, through action, and finally, packaging of Keflin. Bob is a friend of many of the Lambs, as he and his wife accompanied us on our class trip to Indianapolis in November.

Coming up at the end of March are elections and installation of new officers and of course, pledging. We look forward to a successful ending to a full year. *Elaine Monday*

## ALPHA XI

Alpha Xi girls kicked off what appears to be a busy spring with the installation of new officers on February 17. The ceremony as followed by a Bon Voyage Party for our advisor Mrs. Cisco Kihara leaving for sabbatical travels in Europe. Her itinerary includes such fabulous places that each of us want to be a stow-away! We will miss Mrs. Kihara but we are left in the very capable hands of Mrs. Romano.

Rush functions held in March for prospective pledges included a "Make-Your-Own Pizza" Party at Vice-President Jean Loechler's home and an Ice Cream Party at the Gold Mine, a local ice cream parlor. Both old and prospective members had a grand time at these functions.

Our chapter will be hostessing the Southwestern Regional Meeting for sister chapters Zeta and Lambda in the fall, so Alpha Xi girls are really busy and excited with the planning. Selling chocolate candy bars will be one of the fund-raising projects this year. Other upcoming events include the Hygeia Day ceremony at which a guest speaker will speak on the dual responsibilities of professional women. Another project this spring includes hostessing for an open house sponsored by one of the pharmacy fraternities on campus.

Alpha Xi wishes all her other sister Lambs a bright and cheerful spring!

*Beverly Wong*

## ALPHA OMICRON

It's been a very busy year for Alpha Omicron Lambs. Since our fall report we have completed a money-making project of selling decorated recipe cards. At Christmas our pledges prepared a lovely display on the theme "Drugs of the Scriptures" for the showcase at the entrance to our W.V.U. Medical Center. The display brought many compliments from faculty, students, and visitors to the Medical Center. At Christmas the chapter also held a luncheon at which big and little sisters exchanged gifts; gifts were presented also to our present advisor, Irma Anido, as well as our outgoing advisor, Mrs. Michael Muselin. (We are all very sorry to lose Mrs. Muselin who, as the wife of one of our professors, is leaving to go to another city where her husband is accepting a new position.)

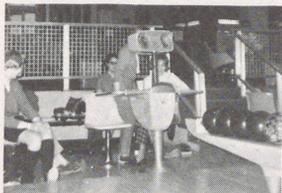

On February 2, we initiated 13 members, including Irma, our advisor. Having decided on holding an extra (informal) meeting each month, we took advantage of our first such meeting to go bowling together. It was a really fun occasion.

For our Hygeia Day observance this year we have reinstated the practice of in-

viting pre-pharmacy girls to our banquet. This is, we believe, a valuable experience since it allows the girls to meet many of the faculty members as well as girls already in the school.

Officers were recently elected for the coming year. The old officers are now in the process of conducting training sessions for them. This year we have decided to present at Honors' Day an award for service to Lambda Kappa Sigma. The award, which will consist of an engraved mortar and pestle for the girl and a plaque with her name engraved for the Pharmacy School, will be presented to a second or third year girl each year from now on. We are also very proud of the recent election of four of our second-year girls to membership in Rho Chi.

We extend our very best wishes for a happy spring and summer! *Evie Pakas*

*Alpha Omicron sisters bowl for fun*

*Classmate purchases a box of recipe cards*

*Our actives and pledges last fall*

*Get acquainted luncheon with prospective pledges. (Note Indianapolis 500 theme).*

*We held our spaghetti dinner a few weeks after pledging.*

## ALPHI PI

This year has proved to be more time-consuming and work than expected. After a terrific pledge program, we were happy to induct Kathy Malinowska and Tanis Ann Kaye as new sisters. Their Induction Dinner was held at the Milleridge Inn and many of the faculty wives attended. Our annual "Autumn Haze" Dance last November was a huge success.

In February, we held our annual Mardi Gras Cake Sale and Pharma-Quiz. From the proceeds, we were able to send one hundred dollars to the March of Dimes for the second year in a row. They were so grateful, they brought the Poster Child and a photographer to school to take our picture which appeared in quite a few of the local newspapers.

One of our sisters, Pat Ward, was recently elected to be the new Vice President of the Eastern Region of the Student APHA. Two more of our sisters became the fiances of brothers of Phi Delta Chi. Best wishes to our President, Katie McKeefe, and Jeanette Zagami.

Plans are now being carried out for Hygeia Day. Before many of us leave for the class trip to Lilly and Abbott on Easter, we will hold elections for our new officers.

Good luck for this semester and congratulations to all new chapter officers.

*Ginnie Galizia*

## ALPHA ALUMNAE

Instead of ushering in the New Year with snow on the ground, Alpha alums will try to uncover the snowy ground by summer. We celebrated the New Year with a party on Epiphany including a Yankee swap of gifts and favorite Christmas or holiday desserts.

Each year our chapter awards a scholarship to a girl in the collegiate chapter. This year we decided to raise money for the scholarship by giving bridge lessons and charging for each lesson. Our own Ruth Flaherty, a superb bridge player, is the instructor.

Hygeia Day will be celebrated with the collegiate chapter. They have planned to have a dinner and a speaker from the Harvard Student Health Center.

When Spring does arrive in Boston we will have our annual alumnae banquet with the collegiate chapter.

Since our last writing we have congratulated several of our alumnae sisters. Carole Brown became Mrs. Gerald Clark, Gerry Rosetti became Mrs. Robert Arakelian, Jean Fontana became Mrs. Anthony Casale, Cathy McGarvey became Mrs. Joseph Filosi, Linda Protzer became Mrs. Jack Webb, Florence Synder became Mrs. Bernard Walsh, and Betsy Mushnick Rothman became the mother of a baby boy. *Gail J. Phillips*

## GAMMA ALUMNAE

Hello Lambs — Another year has been fleeting past us, but not without accomplishment under president Liz Raiman's energetic leadership. Our Christmas party was a theater benefit for Lorraine Gribbens, and we netted \$80 on the affair. Also in December, in conjunction with our collegiate chapter, two gross of cans of candy were ordered. The collegiates sold their gross quickly as pharmacy students replenished their blood sugar in the midst of finals. Our chapter sold out our gross in the lobby of R & E Hospital in one day. The net profit on this joint venture was \$105, and both amounts were forwarded to the Ethel Herdlicka Memorial Fund which was given to Lorraine for use at the mission hospital in Sarawak.

In January, the officers worked out an extensive revision of our ancient by-laws. Our February meeting included a program featuring one of our members, Sharon Vavrik Rajmaira, a 1965 graduate of the College of Pharmacy. Sharon is now in charge of the Office of Drug Information at the University of Illinois Research and Education Hospital, and her work is unique and interesting.

Our March meeting and Hygeia Day program will be given by Miss Bonnie McCarthy, RN, teaching supervisor at Illinois State Psychiatric Hospital. Her topic will be modern approaches to mental health therapy. Following her talk, we will tour the new wing of the pharmacy building which was dedicated last October. Our April meeting will include a more detailed treatment by Dr. James Gearien of the drugs used in mental health, following up our Hygeia Day program.

This year has proved to be a rewarding one for our chapter as we hope it has been for all of you. *Mary E. Foster*

## ETA ALUMNAE

Membership in Eta Alumnae Chapter totaled 22 for 1968-69. With this number, we exactly doubled last year's enrollment.

Most of the activity of the chapter presently centers around plans for the 1970 convention. Another meeting of the committees was held this month, with fund raising and general organization on the agenda for discussion.

Our meetings-by-mail have continued through the winter. Response was particularly enthusiastic from our snowbound sisters, who appreciated the opportunity to voice opinions even though they couldn't attend meetings.

In a further attempt to regain some of our less active members, our February meeting was held in the Northeast section of Philadelphia, an area where several sisters presently reside.

Eta alums joined with our collegiate sisters for our Hygeia Day celebration. A movie was presented, followed by refreshments. *Lucy Koehler*

## PHI ALUMNAE

Phi Alumnae activities the past few months have been very stimulating and interesting.

On November 12, 1968, we were hosted by Marcia Richmond, at her home in Bloomington, Indiana, with an International Buffet Dinner. She prepared food from ten different foreign countries. Each dish was very exotic and beautifully prepared. After this delicious dinner, we had our Founder's Day Ceremony.

On December 12, 1968, we had a Christmas Spaghetti Dinner at the home of Marcia Harms. The collegiate chapter was invited and everyone had a wonderful evening.

Phi Alumnae sold engraved stationery as a money making project this year and we made a nice profit.

Our contributions were sent to the Ethel Herdlicka Memorial Fund and Project Hope.

Congratulations to Mary Sue Libby, who changed her name to Mrs. Donald Kriner.

On February 13, 1969, we had a delicious Pitch-In Dinner at the home of Adele Lowe. After the dinner, Dr. Melvin Weinswig, Associate Professor of Medical Chemistry at Butler University, College of Pharmacy, and Director of the Drug Abuse Institute was our guest speaker. A very interesting and informative discussion followed.

The March meeting was held with the Collegiate Chapter at Butler University. A Hygeia Day Program was given and the pledges entertained us.

We are all looking forward to the Mother and Daughter banquet to be held in May at the Shrimp House. This is always a happy occasion.  
*Rosie Higgins*

## CHI ALUMNAE

After an unusually cold and snowy winter we were looking forward to spring and several projects. Several of our members attended Chi collegiate's initiation banquet in January and welcomed the new sisters.

Our annual rummage sale was held April 4, in the Pike Place Market. This sale finances the scholarship we present to a Chi collegiate member at the College of Pharmacy Awards Banquet, and the farewell dinner we have for the graduating seniors. We hope to have a successful sale this year.

At our last meeting we started a newsletter to send to Chi members who have moved away. We hope they will enjoy the news about our members.

Two of our members, Grand President, Pat Tanac, and Western Regional Supervisor, Rosemary Fox, made a visitation to Corvallis, Oregon to meet with the members of Rho chapter.

We celebrated Hygeia Day with Chi Collegiate Chapter. Best wishes to all our sisters.  
*Jean McLaughlan*

## ALPHA BETA ALUMNAE

Our winter dinner meeting was held at the Putnam House, New Haven, and was a huge success. It was grand to see so many sisters, and especially Dorothy Nishti, who was with us again, after her recent illness and surgery. Joan O'Brien was unable to be present. She had a very important date with the stork, and brought home a beautiful baby girl. Best wishes to Joan and Jim and their little crew.

Did you know that Mary Gilbert will soon add another title to her name . . . that of Grandma.

Sondra and Bernie Horowitz have moved into a new home, and we wish them and their family many happy years in it.

Hostess for our March 25th HYGEIA DAY program will be Rose Carotenuto in her home in Ansonia. She has a surprise program planned for us.

That's all until next issue.

*Rita McGuire*

# Triumph of the Jewelers Art

YOUR BADGE —  
a triumph of skilled  
and highly trained  
Balfour craftsmen  
is a steadfast and  
dynamic symbol in  
a changing world.

**WEAR YOUR PIN WITH PRIDE AS  
IT REFLECTS THE RICH TRADITIONS  
OF YOUR SORORITY LIFE**

ON CAMPUS and off, fraternity insignia today has a powerful new appeal. Always smart, always in good taste, a stalwart buoy of tradition in the swirling tide of change.

THE PROUD BALFOUR LINE has been created for campus style leaders—the world's most discriminating market. Chapter members are invited to write for these Balfour aids to gracious chapter living.

- ★ *Balfour's amazing Blue Book, the finest selection of jewelry, personal and chapter accessories and fine gift items ever assembled.*
- ★ *Balfour's Awards for Champions—a treasure chest of award ideas unmatched in quality, variety and price alternatives.*
