The Blue and Gold Triangle is the Official Publication of Lambda Kappa Sigma International Professional Fraternity for Women in Pharmacy. Published November and May by Lambda Kappa Sigma. Printed by Avon Printing Co., 225 Main Street, Rochester, Michigan.

GRAND
PRESIDENT'S
MESSAGE

- CONGRATULATIONS and best wishes to our graduates who are finishing the academic years of pharmacy and getting ready to take their place in the professional world. Whatever success they have, we hope part of it came about through membership in Lambda Kappa Sigma.
- CONGRATULATIONS to the Philadelphia College of Pharmacy and Science for its 150 years of existence, 50 years of which ETA chapter has played an important part in its history.
- CONGRATULATIONS to the University of Kentucky College of Pharmacy in its centennial year. Recently reactivated ALPHA NU chapter participated in the celebration.
- CONGRATULATIONS to our baby alumnae chapter ALPHA XI ALUMNAE from the University of Pacific School of Pharmacy at Stockton, California. Welcome! We are happy to have you!
- CONGRATULATIONS to Dr. Muriel Vincent, professor of pharmacy and assistant dean at North Dakota State University College of Pharmacy for being elected to the national executive council of Rho Chi Society. Muriel was the recipient of the AWARD OF MERIT in 1968.
- CONGRATULATIONS to LAMBDA chapter at the University of Southern California College of Pharmacy for reaching their GOLDEN year in March. They honored two retiring professors Catherine Kirchner, advisor, and Willard Smith who have a combined total of 80 years of teaching there.
- CONGRATULATIONS to our new Honorary Members and Patrons. We are honored to have you with us.
- CONGRATULATIONS to our Ethel J. Heath Scholarship Key winners, and the undergraduate members who have reaped their share of honors. You are the finest!
- CONGRATULATIONS to the newly elected chapter officers. May your term be a rewarding experience and success.
- CONGRATULATIONS to you who have used your professional and personal talents to become involved in Drug Abuse programs and community problems. We are proud of you!
- CONGRATULATIONS to our new members. We hope you develop warm, lifelong friendships with your sister lambs.
- This has been an informative, educational, and active year for me. Let's continue to BECOME INVOLVED by taking advantage of Seminars and Continuing Education programs offered to us.

Have a nice summer!

Fraternally,

Adele Lowe, *Grand President*

NORTHWESTERN REGIONAL MEETING

The Northwestern Regional Meeting opened with evening registration Friday, February 26, 1971. The meeting was held in the Compton Union Building of Washington University in Pullman. Hostess Mu Chapter registered the sisters, and sponsored an evening of snacks and "getting acquainted" conversation.

Registration was held again Saturday, February 27, prior to the open business meeting at 10:00 a.m. Marti Lee, Mu Chapter President, called the meeting to order. Acting Chaplain Connie Pokrifchak, Mu, gave the opening prayer.

Grand Council members present were Pat Tanac, Honorary Advisor, Margit Harrison, Honorary Advisor, and Shirley McCloskey, Western Regional Supervisor. Mrs. Bele Dirstine, an alumnae of Mu, attended also.

Collegiate chapters represented were Mu, Rho, and Upsilon. Alumnae chapters were Chi and Alpha Xi.

Pat Tanac offered a memorial for Pamela McClintock, an alumnae of both Mu and Chi chapters.

The Cora Craven Educational Grants, chapter reminders, and the newly proposed efficiency scoring sheet were highlights of the open business meeting, led by Margit Harrison and Shirley McCloskey, respectively.

A delicious salad luncheon was served in the Scandinavian Room of the Compton Union Building. Blue and gold flowers reminded us of our colors.

Marti Lee conducted a tour of WSU's College of Pharmacy, including a demonstration of manufacturing pharmacy by Judi Nelson. Dr. Chiou, Asst. Professor of Pharmacy, explained the College's various research facilities.

The afternoon meeting convened at 2:30 p.m. Delegate reports were given, and open discussion on such topics as member interest, fund-raising, and inactive sisters ensued. This concluded the business of the meeting.

Our evening banquet was held at the Thunderbird Restaurant, after which Dr. Victor Bhatia, Professor of Pharmacy and Director of WSU's Honors Program, spoke on "Women in Pharmacy". Farewells were expressed, as the conference came to a close.

CORA E. CRAVENS EDUCATIONAL GRANTS

Margit Harrison, chairman of the Cora E. Craven Educational Grant Committee is pleased to announce the recipients of the five educational grants presented by the fraternity during 1970. The choice was difficult to make as there is definitely much need for financial aid. Those chosen to receive the grants are Evelyn Crockett, *Rho*; Paulette Frank, *Lambda*; Sally Chan Lee, *Alpha Xi*; Keven Kathleen Lynch, *Alpha Zeta*; and Margaret Szymczak, *Eta*. Other members of the committee are Virginia Osol and Harriet Lescauski.

Evelyn Crockett

Paulette Frank

Sally Lee

Peggy Szymczak

Keven Lynch

EVELYN CROCKETT from *Rho* chapter at Oregon State University is financing her way through college with federally insured bank loans and work. At present she is doing office work for one of the pharmacy faculty. She is a Senior I and scholastically ranks 16 in a class of 104. Currently she is chairman of the Drug Abuse Committee at OSU which has several projects slated for the entire year.

PAULETTE THERESE FRANK of *Lambda* chapter will graduate this June from the University of Southern California College of Pharmacy. While attending USC she has been a member of the Antidote Service Organization since 1967, a member of *Lambda Kappa Sigma* since 1967, serving as treasurer of her chapter for two years. She has also served as chairman of the Student Affairs and Counseling Committee.

SALLY CHAN LEE is a junior at the University of the Pacific College of Pharmacy. She was president of *Alpha Xi* chapter during 1969-70. Sally was president of Grace Covell Hall in 1968 and a resident advisor in 1969. She is on the Student Affairs Committee and the Drug Abuse Committee. She also participates actively in Student APhA. Sally works in the dean's office at a part time job. She maintains a high scholastic average.

KEVEN KATHLEEN LYNCH of *Alpha Zeta* chapter is in the upper 20% of her class at the St. Louis College of Pharmacy. She is presently chairman of the Publicity Committee and a member of the pledge committee of *Lambda Kappa Sigma*. In addition to her scholastic and fraternal achievements, she is active in other college activities. Keven is responsible for her own college expenses, travel expenses, and tuition.

MARGARET M. SZYMCZAK (Peggy), of *Eta* chapter ranks in the upper quintile of her class. She was on the Coordinating Committee for the 21st Biennial Convention and LKS social chairman for 1970-71. Peggy has served on the following committees: Student APhA Subcommittee on Drug Abuse Education, chairman, for 1970-71; student APhA representative to the National Coordinating Council on Drug Abuse Education and Information; Youth Committee, NCCDAEI; SAPHa representative to SAMA Interdisciplinary Conference, 1970. Other student APhA activities including secretary PCP & S chapter (1968-70); secretary-treasurer, Region 2, 1969-70; delegate to the 1969 and 1970 annual meeting and to the 1969 and 1970 Region 2 meetings. Peggy also served as editor-in-chief of *Panacea*, the student newspaper.

ACKNOWLEDGMENTS

To the Educational Grant Committee:

The letter informing me of my selection as one of the recipients of the Cora E. Craven Educational Grants was waiting for me when I returned home from Oregon State for Christmas vacation. What wonderful news to start the new year!

It certainly is an honor to receive scholastic recognition in the form of financial aid. I'm extremely gratified to know that the members of the Educational Grant Committee thought I was worthy enough to invest in my future as a woman in pharmacy. I am deeply appreciative.

Again, I thank you for this educational grant.

Faternally,
Evelyn K. Crockett
Rho Chapter

To the Educational Grant Committee:

I would like to express my sincere thanks and gratitude to the whole Fraternity for choosing me as one of the recipients of the Cora E. Craven Educational Grant. Since my husband and I are expecting our first baby in March, it will certainly be a great help to us financially as we finish our last semester as Seniors at the University of Southern California School of Pharmacy. I cannot express in words the feeling of sincere friendship I will always have for our Fraternity.

Thank you all again.

Faternally,
Paulette T. Frank
Lambda Chapter

To the Educational Grant Committee:

Your letter stating that I was selected as one of the recipients of the Cora E. Craven Educational Grant came as quite a pleasant surprise. Like many who apply for a grant, I was somewhat pessimistic. The grant will be of great help in financing my education.

My sincerest appreciation to you and all the sisters of Lambda Kappa Sigma for making this grant possible and possible to me.

Thank you.

Faternally,
Sally Lee
Alpha Xi Chapter

To the Educational Grant Committee:

I am writing to thank Lambda Kappa Sigma for its presentation of one of the Cora E. Craven Educational Grants to me. The grant will come in handy in paying my expenses at the St. Louis College of Pharmacy next semester.

I know that there must have been many of my sisters who were equally deserving of the award as I. I just hope that I can show my deep appreciation by serving my fraternity and chapter with extra enthusiasm in the ensuing year.

Sincerely,
Keven K. Lynch
Alpha Zeta Chapter

To the Educational Grant Committee:

I wish to thank all of you for the honor bestowed on me. The Cora E. Craven Educational Grant will be a great help with the financial burden of tuition and books for the coming term. The letter which told of the awarding of the grants came as quite a surprise, and a pleasant one at that. My only wish now is that I will be able to live up to its responsibilities.

May each of you find the happiness and fulfillment that has been mine in the past. Once again, thank you.

Faternally,
Margaret M. Szymczak
Eta Chapter

OSOL HALL

The newly completed student residence hall of the Philadelphia College of Pharmacy and Science has been named Osol Hall in honor of President Arthur Osol and his wife Virginia, past Grand President of Lambda Kappa Sigma.

The facility is a six-story, air-conditioned building housing men and women students in separate apartment-like suites. Osol Hall was dedicated on November 13, 1970

Marion Ricardo
Eta Alumnae Chapter

SISTERHOOD

As I sit here writing this paper on what I believe sisterhood is, the faces of all the members of Lambda Kappa Sigma flash through my mind. As a pledge for this fraternity, I have not yet experienced true sisterhood, but what I believe sisterhood is or should be can be summed up in the following:

What is sisterhood? It is many things... It is feeling completely natural with one another, shedding all pretense and all sham, just being yourself. It is sharing with another both big and little things, joy and sorrow, laughter and tears.

It is counting on another to understand your moods, to put up with your failing, to be there when needed most, with a word of encouragement, a smile, a look.

How do I know what sisterhood is? I know because you will be my sister and you are all these things...

WOMEN AS PROFESSIONALS*

As I was browsing through a recent issue of *The American Sociological Review* the other day, I noticed among the book listings the title, "The Other Minorities." Being curious to know just what the other minorities referred to, I decided to read further, and found a description of the contents of the book to be, and I quote "Women, adolescents, homosexuals, cripples, dwarfs and ex-convicts are among the non-ethnic minorities treated in the book."

Needless to say, I was outraged at the fact that the author, a Mr. Edward Sagarin of the City College of New York, should see fit to classify women with the other groups listed. In order to look at the matter objectively, however, I decided to see if I could find some possible explanation as to why Mr. Sagarin should think of women in terms of a minority group. The dictionary afforded me no consolation, however, because the word minority, I found, is defined in the following manner:

1. State of being a legal minor.
2. The smaller in number of two aggregates that together constitute a whole or larger entity.
3. A group characterized by a sense of separate identity and awareness of status apart from a larger group of which it forms or is held to form a part.
4. A group differing from the predominant section of a larger group in one or more characteristics (ethnic background, language, culture, or religion) and as a result, often subjected to differential treatment and especially discrimination.

Surely, none of these definitions can be applied to women, because the latter three definitions clearly dictate that for a group to be regarded as a minority it must be related to a larger group of which it forms the lesser part. Women, as related to men, have always been in the majority, and therefore we must look elsewhere to interpret the meaning intended by Mr. Sagarin. There is clearly no other choice, than for us to realize that women are not here merely relegated to a minority status, but unequivocally to an inferiority one. There can surely be no doubt of such an intention when we stop to consider that society demands very little of, and in most cases expects nothing of cripples, dwarfs, ex-convicts, the aged and the like. Here therefore, is a clear cut case of the superior male expressing his superiority over the inferior female. This is one side of the coin.

Now let me flip the coin, and present the other side of the controversy which seems to be raging all about us today. I am sure that it isn't necessary for me to call your attention to the loud clamouring of women for equal rights, recognition, and treatment by the male segment of our society. Within the last couple of years women's organizations such as fraternities, orders, clubs, societies, caucuses, etc. have mushroomed all over the place. As a matter of fact, it is virtually impossible to pick up a newspaper, magazine or other publication and not find some article or treatise devoted to the rights and demands of women.

I do not know how many of you might have read an article which appeared in the *Philadelphia Inquirer* of Sunday, January 24th, titled "*Whatever Happens to Bright Little Girls?*" or (*Women in Academia*). The article indicated among other things that women seldom are given the opportunity to reach the summit of their profession, regardless of their potential. It cited several instances in which prominent women have gone to the courts to appeal against unequal opportunity in job situations, especially in University teaching positions. One phrase stands out singularly in this outcry "*It isn't ladylike to be too intelligent.*"

I would like to refer also to another article which appeared in the *Catalyst* — a publication of the American Chemical Society — of Jan. 1971. The article is titled "*Women Chemists Unite*" and is abstracted from a talk given by Dr. Madeline Joullie in April, 1970. The opening line is as follows: "*One out of every 10 deaths among female chemists next year will be a suicide.*" She subsequently proceeds to site evidence to substantiate her prediction. I must admit that I was quite shaken up when I read the statement, since I inadvertently belong to the illustrious group of which the prediction was made. She also claimed that twice as many female physicians kill themselves as male, the reason for this unfortunate tragedy being attributed to unfair treatment of women professionals. She advises women to unite in an effort
(Continued on Page 8)

WOMEN AS PROFESSIONALS

(Continued from Page 7)

to overcome the inequities which exist everywhere, and fight for our rights as equal with men. By the way she even objects to the fact that whenever the famous Curies are mentioned together, Pierre's name is mentioned before Marie's.

And so here we are, in the midst of all this uproar, and well we might ask as professional women, how do we really fit into all of this? What is our impact upon the society and the times in which we live? Do we represent a threat or are we an asset to our male counterparts? Is the world a better place because we have emerged from the pots and pans and donned the laboratory coat and the physician's gown?

If we were to look to men for answers to some of these questions, we would perhaps find that by and large, they fit into two categories. First there are those who refuse to let go of old beliefs and norms and outmoded ideas, who still think that the woman who seeks to establish herself as a professional is a myth, is something of a joke, and not to be taken too seriously. In spite of evidence to the contrary, they cannot accept the fact that a woman can be as capable, and often is in many situations more capable than her male counterpart. He thinks that time will prove her inadequacy, and really concerns himself very little with her activities except as it infringes upon his little narrow world.

On the other hand, there is the male who does take us seriously, and who furthermore thinks of us actively as a threat to his preconceived ideas of male supremacy. He is smart enough to realize, however, that we cannot be ignored or passed over, and so he grudgingly and reluctantly admits us to his private world, but invariably not as an equal.

And now what precisely is my thinking regarding all of this? First of all someone might ask what is there so special about a professional woman that she would be singled out for all this preferential treatment and analysis? The answer is quite simple. The professional woman is a unique creature, *but* she is only unique when she is able to maintain the delicate and illusive balance of being a female in a world of professionalism. I do not think there is anything quite as delightful and refreshing as an intelligent woman who is at the same time a feminine creature! This is not an easy thing to achieve. It is so easy to become too eager for success in a man's world; to become so competitive, so aggressive; so analytical and abstract that the niceties of being a woman can become lost and obliterated.

I am in total disagreement with the idea that men think that it is not ladylike to be too intelligent. On the contrary, I firmly believe that there is not a man alive who can resist the charm of an intelligent and attractive woman.

Such a woman knows how to act with diplomacy; God knows that she ought to forget that she is a woman of science except when she is part of a scientific community. Who wants to hear the results of an experiment in Quantitative Analysis when you are out on a date.

I might add further, that although I no longer endorse the sentiment that a woman's place is in the home, yet I do believe that even here we must proceed with extreme caution. This is especially true of the professional woman, who must of necessity set up for herself an ordering of priorities. Fortunately for her, she is able to choose whether she wants to devote herself entirely to her career, or whether she wishes to share her time and talents in the raising of a family. She is able to make such a choice because she does not have to be dependent upon her male counterpart as a provider, being able to adequately provide for herself. However, it is well for her to remember that first and foremost she is a woman, and secondly that all of the desirable attributes which have contributed to her success as a professional woman are of intrinsic importance in the raising of a family. Her intelligence, her organizational skill, her ability to deal with crises, her understanding of and devotion to her profession, and her sympathetic approach to problems are all invaluable to the family situation.

And so my position is one of compromise. I believe a woman has a right to choose, pursue, and rise to the summit of her profession. However, I think she should never forget and foremost she is a woman, and that in order to attain her full potential in life she must somewhere along the line decide which comes first, the woman or the professional. It is this decision which largely dictates whether she is a threat or an asset to society.

**This speech, by Dr. Lena DeLisser, was delivered to Eta Chapter on their Founder's Day, February 9. Dr. DeLisser is an Honorary Member of Eta Chapter.*

CHI INITIATION Mother and Daughter Become Sisters at Fraternity Ceremony

Joyce Tanac, daughter of Mr. and Mrs. Robert Tanac, was among the January initiates of Chi Collegiate chapter. The ceremony was followed by an enjoyable time for all, singing and eating ice cream sundaes at Farrell's Ice Cream Parlour.

Special mention is made of this particular new Lamb since her extremely proud mother is one of our Honorary Advisors and our immediate past Grand President, Pat Tanac.

There is another noteworthy aspect in Joyce's decision to be a Lamb. Did any of you ever feel that you were being unfair to your family because Lambda Kappa Sigma was taking up a lot of your time? It's nice to know that we haven't been the target of resentment, but in fact, a second generation wishes to hold up our banner too, knowing full well how much of time and self is needed. Pat has been a dedicated, contributing member of our fraternity. We must also give her credit as a wife and mother.

Warmest congratulations to both Pat and Joyce.

STANDING COMMITTEES

Grand President, Adele Lowe, has announced formation of the Standing Committees for the biennium. Anyone wishing to discuss the work of any of the committees, should write directly to the chairman (first name listed.) Addresses are on the back cover.

CHAPTER REPORTS

ATTENTION! If you have a Life Subscription to *The Blue and Gold Triangle*, please notify the Grand Editor when you change your address or marital status.

If you don't have a Life Subscription to the fraternity publication, why not purchase one? In these days of rising prices a better value just can't be found! For just \$10 before graduation or \$15 after graduation you can be assured of lifetime news of your sisters and fraternity events. The Grand Treasurer will be most happy to assist you in this matter.

BETA

Since the Fall Issue, Beta Chapter has been quite busy. We ended the year with a Christmas party where the girls made tree decorations for one of the Children's homes in our area.

Names are in the news again! Changing names that is. Lamb Kathy Carpenter became Mrs. Vince Galletta and Wendy Vragel married Art Muldoon. To them we wish many, many years of wedded bliss. Best wishes also go out to sister Ann Marie Conti who is transferring next year to Virginia. She plans to marry in the summer and move down with her husband. We wish them much luck in their new home.

With a rush bring-your-own-buffet, pledging began last February. We welcome Nancy Tuttle and Denise Williford as new sisters to LKS. Formal initiation for these girls will take place March 23. Nominations for next years' officers will also take place.

Our annual closed weekend will be held the weekend of March 19. Friday night will be an informal get together and a dinner dance is planned for Saturday evening followed by an early morning breakfast. As always, it should prove to be a good time.

Plans are again in the making for our traditional Faculty Buffet which will close our activity for the year. At this time, we wish to extend our congratulations to all graduating sisters. May they find success and happiness in all they do and we hope their membership in LKS has made life at school a little more rewarding. To all other sisters, have a great summer and we'll see you next year.

Jean M. Kovaric

GAMMA

Five new members were initiated into the Chapter at a dinner at Bino's in January. They are Beth Cuda, Nancy Maltz, Jan Ouper, Evelyn Reese, and Leslie Wilmer. Congratulations! As an innovation we decided to have another pledge program spring quarter. The pledges will be activated by fall quarter next year to help us with the fall rush.

A lot of hard work went into our display window entitled "*Cancer Chemotherapy.*" It gives the names of various diseases, their symptoms, and the drugs used to treat them.

A drive has begun to collect the "eggs" from Leggs Pantyhose. The "eggs" will be used for our Easter project and be distributed to hospitalized children. All of the members are looking forward to a dinner-playhouse that will be held in April. It will replace our annual dance. In May we will have our Mother-Daughter Banquet, which enables the mothers to become acquainted.

Best wishes for a good summer from Gamma Chapter.

Sue Porter

DELTA

Delta chapter hopes all lambs are having a good school term.

One of our sisters, Diane Jasiota was elected vice-president of our reactivated student A.P.H.A. Chapter.

Pledging was held on Feb. 10th. Our three new pledges are Maxine Bandy, Monica Cavalier, and Ellen Graebner. We are happy to have these girls with us. At our pledge party we made favors for Valentine's Day for the Children's Hospital of Pittsburgh.

Each winter term finds us working on our major money making project, that of making and selling hoagies (which are submarine sandwiches). We made 375 hoagies on Feb. 15th and 16th. It is hard work, but a lot of fun getting up at 5:00 a.m. Tuesday morning to be at school by 5:30 and working til 8:30. The final result and the raves from our customers make it all well worth while and besides we make enough money to carry us from one year to the next.

In celebration of Hygeia Day, we attended, as a fraternity, the University of

Pittsburgh Rho Chi Chapter's sponsored talk of *Dr. Richard Evans Schultes* on Halucenogens given on March 10th. Also in March we elected officers and had a dinner.

To our 10 graduating seniors we wish them the best. These lambs are Chris Berger, Gail Garrone, Karen Higgins, Chris Hilinski, Verna Hutchinson, Diann Mechenbier, Kathleen Melnyk, Marge (Mitzel) Wurster, Rose Pantalone, and Ann Stupak.

This summer two of our sisters are getting married: Kathy Brown to John Seeman in May; and Chris Hilinski to Eddie Kroskie in June. We wish these sisters happiness in their new life.

In the fall, the University of Pittsburgh School of Pharmacy will welcome two new classes — a final 2-3 class and a new 1-4 class. The school will never be the same with almost 200 new students — a doubling in the student enrollment.

We are looking forward to seeing our sisters at the Eastern Regional II Convention at St. John's University in the fall.

Delta Chapter hopes all lambs have a wonderful summer.

Sherry Thompson

The starting of one of the two assembly lines for our hoagies.

The end of a journey of a hoagy

Dana Mihalko wrapping the finished product.

When we run out of paper, we had to improvise.

Example of one of our boxes containing a portion of our 375 hoagies ready for delivery.

ZETA

Hi again from all the girls of Zeta chapter. Our winter quarter is at an end. We're right in the midst of finals so wish us luck! It's been a productive quarter. We had a pledging ceremony for about twenty freshmen pharmacy women. It was a lovely ceremony, and each pledge was pinned by her big sister. Then we all had cake and coffee.

On Friday, January 29, we had our annual dinner dance at Castagnola's on Fisherman's Wharf. There were over a hundred persons attending, and it was a huge success.

During the last two weekends of the quarter, Lambda Kappa Sigma girls will be leading tours of our school for applicants to our pharmacy school next fall.

Among our activities for next quarter will be the formal initiation of the pledges. We also plan to sponsor a dance, while the pledges can act as clean-up committee. Our fraternity will challenge one of the pharmacy men's fraternities in a game of basketball.

The most exciting event will be the SAPHa and APPhA convention. It will be especially exciting for us because it will be held in our city this year. Zeta chapter hopes to see all its fraternity sisters here.

Donna Jew

Our pledges.

A lovely evening at Castagnola's on Fisherman's Wharf.

ETA

Happy Spring 1971!

This has proved to be an exciting and fruitful year for Lambs at PCP & S so far. Having introduced freshmen girls to the opportunities of furthering their professions and fulfilling their lives as members of Lambda Kappa Sigma by our two Rush Parties, we are proud to announce that we received four additions to Eta Chapter; Pat Clancy, Betty Harris, Katryn Lapik, and Fran Sica. They expressed the feeling that "Happiness is being a Lamb" when they were initiated on March 10. Good luck and wishes for many happy and productive years ahead, girls.

When pledging, these girls, as a professional project, helped a group of concerned young people to paint three rooms of a house in a deprived area belonging to an elderly, handicapped woman. It was a rewarding experience, and was fun, too.

Other projects our chapter has been and will be involved with include a drug sorting project at The Hospital of the University of Pennsylvania, and Easter party at a local orphanage, our annual *S. S. HOPE* raffle (this year "Guess the Faculty's Age Total), and participation in the College's sesquicentennial anniversary celebration. This February 23 was the 150th year since the founding of the first school of pharmacy in the United States at Philadelphia College of Pharmacy and Science. This was a great day in history and Eta Chapter was honored to participate. Two Lambs, Peg Szymczak, and Ruth (Foof) Brown were invited to the ceremonies at Carpenters' Hall, and girls decorated our cafeteria in blue, white, and gold (they were sure to combine Lambda's colors with the college's).

On Eta's Founder's Day, February 9, girls wore yellow chrysanthemum corsages and had a dinner with Dr. Lena DeLisser, an honorary member, as our guest speaker. She presented an enlightening talk on "Women as Professionals".

Hygeia Day was combined with our second Parents' Day when the sisters entertain their parents and introduce them to all their sisters and our worthwhile activities and achievements.

In the line of "achievements", Eta won for Lambda the Interfraternity Council Scholarship Award for the seventh consecutive year. We had two girls honored to be chosen fraternity Sweethearts — Ruth Brown and Kathy DelPadre, by Kappa Psi and Pi Lambda Phi respectively. Peg Szymczak will represent Lambda at the IPSF Conference in scenic Denmark this summer and Lynn Hatton presides as president of IFC this year. Ruth Brown and Peg Szymczak have been named to "Who's Who on College Campuses." Congratulations all!

February 25, started what will probably be a new trend in bettering our brother-sister relationships with our brother fraternity, Kappa Psi. It started with ravioli; there is nothing like good Italian food (made by our Lynne Marsicano and her mother), candlelight, wine, and a good party to take one's mind off the worries of work and school! Fun in the making includes our Dinner Dance at the Cherry Hill Lodge and our Senior Dinner.

Best of luck to all other chapters in your endeavors this spring and summer.

Sue Pietruszka

THETA

Spring greetings to all our sister Lambs. With spring approaching very shortly, we have many activities to look forward to and some interesting "gossip" to impart to our sisters.

As of February, Dr. Ann Czerwinski, professor of pharmacology and one of our sisters, became acting Dean of Creighton University School of Pharmacy.

On March 3, the Lambs and pledges were guests as a banquet dinner at Nasr's Restaurant and Lounge. The banquet was highlighted with the initiation of seven girls. The new sisters are Kathy Bowerman, Pat Hamilton, Cindy Pierces, Nancy Fahra, Peg Hausman, Margaret Eishen, and Mary. We also had the honor of the presence of Dr. Ann Czerwinski at the banquet.

Everyone is anxiously awaiting the eventful pharmacy picnic and dinner dance on May 13-14. The making of corsages is done by us and the corsages are sold in order to make money. It might not be the most lucrative business, but we do enjoy it.

In order to keep you informed of past activities, we'd like to mention our Christmas Party which the pledges planned for the actives. The pledges participated in the reading of "The Night Before Christmas at Creighton." The narrator was Peg Hausman who was dressed as Santa Claus.

Theta chapter wishes the best of luck to all graduating seniors.

Judy Kasick

LAMBDA

The girls of Lambda chapter have been exceptionally busy this spring.

Our Professional Dinner was held at Rudy's Italian Restaurant. A very enlightening talk was given by Dr. Margaret McCarron, director of our Clinical Pharmacy Program, on women's role in the medical team.

The Pre-Pharmacy Nights were very successful, having more than 150 prospective pharmacy students in attendance at each event. A curriculum talk by Dean Brady brought out the highlights of the excellent clinical pharmacy program offered here at USC School of Pharmacy. Other features of the evening were films of classes, Lab demonstrations, and refreshments served by the Lambdas. Great interest and appreciation was expressed by those who attended.

Our annual formal dinner-dance was held March 13, aboard the floating restaurant, the *S. S. Princes Louise*. The romantic Harbor View Room, which we reserved, commanded an excellent view of the Los Angeles Harbor. The affair was in commemoration of the 50th anniversary of Lambda chapter and in honor of the retirement of Professor Catherine Kirchner, our advisor. Mrs. Kirchner has given us many years of guidance and sincere friendship; we will miss her very much. Professor Willard Smith, who is also retiring this year, was made an Honorary Patron of Lambda chapter.

On April 30, May 1, and May 2, we will host the Southwestern Regional Meeting of Lambda Kappa Sigma. We have many plans and expectations for this event and hope that all schools in the area can attend.

We want to extend congratulations to Paulette Frank, the Lambda chapter recipient of the Cora E. Craven Educational Grant. We are all anxiously awaiting the arrival of Paulette's baby, due any day now. We hope it's a baby Lambda!

See you at the APhA Annual meeting in San Francisco.

Karin Zenk

NU

Greetings from Nu chapter! Here is a recap of our activities for the year. First of all was a Fall Tea, held annually to welcome the new girls in pharmacy and the wives of our fellow pharmacy students.

Another of our projects which is fast becoming a tradition is the sale of coffee and doughnuts in the pharmacy building. The success of this project has led to its expansion to include Tuesday and Friday mornings as well as Mondays and Wednesdays.

Fall Rush was held fairly early in the semester. This change enabled us to pledge and activate a class in the same semester. We also changed our pledge program as a whole to make it more challenging and interesting to the girls. Our fall pledge class of 22 girls really provided a boost to Nu chapter, nearly doubling our membership.

December was an especially busy month for our chapter. We held our annual Christmas cookie sale on December 3rd in conjunction with the Polk County Women's Pharmaceutical Auxiliary. The first week in December ended with activation on the 4th. Immediately following activation we held our Christmas dinner, another chapter tradition. Instead of going to a restaurant, however, we tried a progressive dinner with the help of our advisors. Each course was served at a different place, and the evening turned out to be a most enjoyable one. Activities slacked off as the end of the semester approached, and after a hectic week of finals, Christmas break was especially welcome.

Second semester started with Spring Rush and the pledging of 12 new girls on January 31st. In February, our chapter, in association with the Association of Women Students here at Drake, researched and gave a talk on the various methods of birth control.

Some of our anticipated activities are Hygeia Day, activation, election of officers, and the Senior Picnic. Though it is not over yet, this must surely go down as one of Nu chapter's most successful years. Our best wishes for a happy summer.

Peggy Brittin

Lambda pledges at Rudy's Italian Restaurant.

OMICRON

Hi fellow Lambs (or should I say Rams as we have been called by our fellow fraternity *men* since we became a fraternity)! We have had a busy fall and winter. We started off last fall with a very enjoyable event. We celebrated Founder's Day with Alpha Mu chapter in Toledo, Ohio. After the ceremony the Alpha Mu girls served us a delicious dinner and then a general talk session followed. We all promised each other we would get together again soon.

We have three new members now; Babbie Holman, Carol Jakubowski, and Martha Tymchuk. At their formal initiation in December at the Mauna Loa (the restaurant with the water fall *inside!*) we were honored with the presence of several celebrities; Mrs. Adele Lowe, Mrs. Julia Pishalski, Mrs. Donna Luchtman, and several of our alumni members. FLASH: As of December 17, Omicron has a member who is a Grandmother! Muriel Frazier is the proud grandmother of a baby boy.

We are making plans for a raffle and spring rush now. Good luck everyone with spring rush!

Several of our members have been very active in APhA this year. Julie Dudzinski has been working on the national Recruitment Committee. Their work of this summer and fall will be presented to the convention in San Francisco this spring! (Several of our members are planning to attend, so hope to see you in April!) Another APhA project on our campus has been C.H.I.P. (Community Health Interdisciplinary Program). This is an attempt to get Pharmacy, Medical, Nursing, and Social Work students together to discuss the problems of team work and hopefully to open up communication between professions. Several of our members have been working very hard on this project.

One last note we were invited to come to an interdisciplinary tea held by the Medical Technology sorority. Nursing, Pharmacy, and Occupational Therapy sororities were invited. It was a very refreshing and informative experience.

Bye for now and good luck to all graduating seniors on your state boards.

Yvonne Ochmanski

RHO

On January 21, we initiated 16 members. They are Donna Bride, Carol Brister, Jerrie Cameron, Doris Chan, Ann Fisher, Marti Hall, Rochelle Hoard, Lynda Kuhl, Diane Lee, Cheryl Legate, Peggy Makousky, Elia Ortiz, Gayle Owen, Maralee Trotter, and Sally Wales.

Plans are going well for our annual spring tea to be held April 8. Also many of our girls are busy working on plans for Students' Week Against Drug Abuse, including origination of the idea by sister Evelyn Crockett. We of Rho chapter hope all LKS chapters will be active in this worthwhile project of drug abuse prevention.

TAU

Spring blossoms have brought a few changes to Tau chapter in the replacement of the old with the new. Recently elected officers of Tau were: Linda Wills, President; Barbara Myers, Vice-President; Bernadette Blackstone, Secretary; Susan Matters, Treasurer; and Lenore Sauln, Historian.

Spring rush was held with the theme being "*The Roaring Twenties.*" It proved to be quite a memorable event for both sisters and prospective pledges.

On the agenda for March, plans have been made to observe Hygeia Day with a seminar on Contraception. Renee Rosenfeld is chairman of the project which will be presented to the entire university. Easter candy sales have also begun for our annual fund raising project and sisters are kept hopping ringing doorbells for orders. Future plans include a senior dinner dance the last of April to complete the semesters' activities.

To Lambs everywhere, Tau chapter of Duquesne University extends warm greetings and best of wishes and have a great summer.

Bernadette Blackstone

UPSILON

Upsilon chapter sends greetings to all of our sister chapters. After reactivation last spring we have been very busy just getting things back to normal. When school began in September, due to the loss of four senior members, we had eight active members. We pledged nine new members this year, and now have a total membership of seventeen.

From September through January we sold sandwiches at noon in the pharmacy

building. At present our money making project is selling popcorn in the Student Union Film Theatre for the campus movies. Last weekend members did some spring cleaning in the student lounge of our building.

Our service project is to establish our own museum of pharmacy artifacts for our college. This is going to take some restoring and renovating, and some fun times we hope. We are also responsible for one of the display cases in our building.

For Hygeia Day the Phi Delta Chi's have agreed to give their program on Drug Abuse to the Student Nurses, the pharmacy faculty, ourselves, and the general public. As I send this to you we are all looking forward to their program.

Dianne Powell

PHI

Since the last issue much has happened. Before Christmas, Phi chapter pledged 12 girls. The actives were very pleased with the size of the pledge class. Several actives will be graduating in June, and the membership needs a boost. The girls have been enthusiastic throughout their pledgeship, and we are eager to initiate them in a few weeks. They have contributed much of their time to decorating and cooking for the recent Faculty Reception.

It has been traditional to hold a Faculty Reception every year in the Spring semester. This year's reception on February 28 was enjoyed as much as in previous years. And, of course, there was plenty of delicious food.

During semester break one of our sisters, Reda Rudolph, transferred. We miss Reda but hope she is doing fine at Purdue.

February 11, the chapter was invited to a meeting with the Phi alums. To observe Hygeia Day with a professional program, the chapters have asked a representative from the Indianapolis Police Department to speak on the subject, "*Self-Defense for Women*." This should be an interesting and worthwhile topic.

Another activity that is underway is an auction. Professors are donating old lab equipment to the chapter for us to clean and sell. One of the professors has already given us several large dessicators that will make beautiful terrariums.

Coming up on March 14, is a basketball game between the women of Lambda Kappa Sigma and the men of Phi Delta Chi. This is an event not to be missed. We have been receiving some expert coaching advice from our own Dr. LeRoy Salerni. In Dr. Salerni's words, "our basketball playing is a thing of beauty." We shall see on March 14. By that time sore muscles will need mercy.

Other activities that are approaching include initiation, election of officers, and serving refreshments at the Rho Chi banquet.

Phi chapter has had a successful year and is looking forward to another in 1971-1972. We wish the best of luck to our graduating sisters. To all sister Lambs, have a great spring and summer.

Carol Bowers

CHI

Hello sisters! Our 1971 activities started with a very special initiation at which a very proud mother watched her daughter become a Lamb. The mother was Pat Tanac, immediate past Grant President and Honorary Advisor of LKS, and her daughter was Joyce Tanac. The initiates and members enjoyed a wonderful evening singing and eating ice cream sundaes at Farrell's Ice Cream Parlour.

Some of the girls enjoyed Spring break in San Francisco at the APhA convention. Needless to say, they considered the experience very rewarding.

For Hygeia Day, all the women of the College of Pharmacy were guests at a program featuring Medic I. Shirley McCloskey, Western Regional Supervisor, was a special visitor. By the way, Seattle has just finished a very successful fund-raising campaign to continue and expand Medic I, a mobile service involving our dedicated fire department. The trained firemen give advanced emergency first aid treatment to heart attack victims while the driver of their special van speeds them to a nearby hospital.

April 7 is a red-letter day because we will have a noon hour coffee break for the faculty and members. It will be a couple of hours of informal get-together.

The annual Mother-Daughter brunch, a happy occasion, will be held in May. New officers will be introduced and graduating seniors will get their gifts.

We send our best to the other chapters.

Linda Phillips Reynolds

ALPHA ALPHA

Hello to all sister chapters. The months since the last *Triangle* came out have been busy ones for our chapter.

Rush functions continued into November. Two events which were still in the planning stage when I last wrote went very successfully. On September 30, Dr. Ronald Gautieri spoke to us about "*Drug-Related Birth Defects*." This topic was of great interest to all of us, from the standpoint of both future pharmacists and future mothers. The next week, the annual Spaghetti Dinner with Phi Delta Chi was held.

October 11, we had a German Beer Party for the sisters, new girls, and their dates. Red and white checkered tablecloths and candlelight provided atmosphere. We served lots of "German" food to go with the German beer, too. We also played games and had a very enjoyable evening.

Six new pledges were inducted November 9, and initiated as sisters on December 14. Fyllis Baldinger, Barbara Daniel, Mary DeFrancisco, Marcia Fine, Susan Onda, and Maureen Worrell were enthusiastic pledges and are turning out to be just as active as sisters. The night they were inducted, we took them out to dinner at the House of Pagano. During their pledging period they sponsored a bake sale, an annual event always eagerly awaited by the faculty. It was a big success.

After our pledges became sisters, we had our annual Christmas party. A week before the party, we chose the name of another sister to buy a gag gift for. A poem, funny, sentimental, or whatever — accompanied each gift and was read out loud as the gift was opened.

Also before Christmas, we held our annual cocktail party, always a lovely affair. We provided all sorts of hors d'oeuvres . . . everything from cheese fondue to shrimp cocktail to fruit tarts. We even had a bartender to make the affair complete!

This year something new was started at Temple School of Pharmacy . . . a "College Bowl"! Different organizations, fraternities, or just groups of students, could send teams. In the first game, held February 17, our LKS team won its match, and is now waiting for the semifinals, to be held after Spring Break. Questions are about evenly mixed between "pharmacy" and "general." There are even musical questions (from a tape recorder), etc. Everyone who participated or just watched had a good time and we are all looking forward to the next game.

At the moment, we are planning our activities for the rest of the year. Since Hygeia Day will be the first day we are back after our spring vacation (always a hectic day) we are going to postpone our observance to a later date. March 27, we are having our annual formal dinner-dance at Cinelli's Country House. We are all looking forward to this affair.

Thanks are in order to our outgoing officers for the fine job they have done this year, and also to all our sisters for their active support. It has been a good year for Alpha Alpha.

Sally Strong

ALPHA EPSILON

The sisters of Alpha Epsilon say a hearty hello again to all Lambs and hope that your year has been as busy and productive as ours.

January found us with 26 pledges. At the pledging ceremony each pledge received a yellow or blue carnation, LKS key chains which our president, Suzanne, and her father made, and piles of information about us. Each pledge received a secret big sister.

Initiation on March 3, gave Alpha Epsilon 26 new members. Each received a carnation, her big sisters' pin, and finally learning the identity of her secret big sister. There was an exchange of gifts and many excited joys.

Eleven of our sisters were asked to join Rho Chi. They are Paula Crick, Beverly Selvide, Nancy Fletcher, Dale Shinaberry, Mary Jane Shutt, Janet Gwinn, Sheila Scott, Amy Shibley, Mary Jon Hickman, Karen Ely, and Shirley Chu. Also Paula Crick, secretary, and Dale Shinaberry, historian, were elected for next year.

Early in the fall came our first annual event, the Pill Count. We packaged a large canister with around 4,000 pills and challenged our fellow students to guess how many pills there were. We had two prize winners who received the Shick Hot Lather Kit and a radio, and we collected a total of \$60 for this project.

Our second big project was our annual spaghetti supper which was a huge

success. Almost all of the supplies were donated. The supper showed us a profit of over \$230 which goes to the support of our Appalachian orphan and a portion to *S. S. Hope*. One of the biggest attractions of the dinner, was the pledges who dressed as French servants and waited on tables. The left over spaghetti was donated to the Union Mission who helps support hungry people of Memphis.

Several of the girls went to the APhA convention in Atlanta. They were Amy Shibley, Suzanne Nicholson, Carol Spann, Susan Hale, Ann Simpson, Karen Ely, and Janet Gwinn. Also Suzanne Nicholson and Amy Shibley have already made plans to attend the National APhA convention in San Francisco. Elections of the SAPHa chapter were recently held here. Mary Bryant was elected secretary.

We were very privileged to have Judy Owens, our Southern Regional Supervisor, visiting with us this fall quarter. Betty Tusa, our former sponsor, entertained with an informal get-together in her new home. We all certainly did enjoy meeting Judy and hope she had as much fun as we did listening to her stories about her old chemistry teacher "Fatty Acid."

On March 2, the sophomores and juniors honored the seniors with a banquet. Many funny old tales were told about the seniors, and they received glass plates with Lambda Kappa Sigma engraved on them. The entertainment was done by one of the sophomore girls and her partner who sings with the Memphis Jamboree. Everyone had a stompin' good time while singing to their favorite country and western tunes.

The Annual Pharmacy Awards Banquet was held on March 5. Sandy Dyer won the McKesson Prize, Marilyn Roberts received the Johnson and Johnson Award, Marty Shadowens, the Bristol Award; Betinna Black and Dawn Morehead, the Merck Awards. Four of the March graduates won the Ethel J. Heath Scholarship Keys. They were Elaine Pitts, Dawn Morehead, Sandy Dyer, and Karen Ely. Suzanne Nicholson was awarded a silver pitcher for outstanding Senior of the year. Terry Rhine, our sponsor, was given a silver goblett. Seldon D. Feurt, Dean of Pharmacy School, was officially made a patron of Lambda Kappa Sigma. Rho Chi certificates went to several sophomores: Susan Ridings, Linda Lewis, Ann Simpson, Jo Ann Johnson, Sara Percy, Cindy Bordenero, Rachel Guntherberg, Margaret Garth, and Mary Bryant.

We would like to extend our thanks to Terry Rhine for being our sponsor and also our heartiest congratulations go to our past advisor, Betty Hart Tusa, who just recently married.

Robbie McKee

ALPHA ZETA

The sisters of Alpha Zeta would like to extend a cheerful hello to all Lambs. We have been very busy this year and have a lot to tell.

We began the fall year by helping with registration and at the same time we held a bagel sale. We also had a get together at Mrs. Haberle's where we played volley ball and had an inside cook out due to rain. This gave us an opportunity to meet the freshman girls and the new transfer students.

This year we have been working hard on ideas for the convention and on the earning of proper funds for the convention. We have started two new money making projects, selling T-shirts and candy. We still sell sweatshirts, jackets, and of course bagels. Another project we work on is the birthday cake project.

Besides, our money making projects we have two important service projects which are the sorting of drugs at Kenrick Seminary and our contribution to *S. S. Hope*.

The spring term started out as busy as the fall term with the beginning of pledging. We had a rush tea at Sue Becker's apartment complex. We then had the pledge ceremony at John Henry's, a restaurant which has an atmosphere of being on a train. We had a delicious meal and we were delighted with the attendance of the alums. We have five new pledges.

For Hygeia Day we have a breakfast planned for the morning for all the actives and pledges. Later we are planning a convocation for all the students and faculty of the school on International Pharmaceutical Student's Federation. The speaker will be Pam Keil who has participated in this program.

We would like to congratulate two of our members Keven Lynch, who received the Cora E. Craven Grant and to Diane Arentson who received the Donna Neff Memorial Scholarship.

In conclusion, Alpha Zeta hopes that you have had as much enjoyment as we have had this year.

Theresa Centunzi

ALPHA THETA

Going way back to last summer . . . The Alpha Theta sisters attending the Philadelphia convention had a really good time and came back with some worthwhile ideas. The sisters living in the Buffalo area held several summer meetings to plan for and discuss the convention and also our first activities of the school year.

We started off the semester with a "Match-the-Baby-Picture-With-the-Sister-Contest" to stimulate interest and then got our pledging activities underway. The first was a get better acquainted bowling party and the second was a mother and daughter tea. As usual, the sisters helped with preparations for the annual Pharmacy School Christmas Dance and shortly thereafter were very happy to welcome three new members. They are Olena Malutza, Nancy Nicolia, and Lucille Rizzo.

We've continued our Friday coffee and donut sales again this year and are now planning another contest — guessing the number of pills in an apothecary jar. Our annual cocktail party and dinner dance are to be held April 24. We're hoping for a good turn-out of sisters, alums, and faculty. We are looking forward to having Gerry Martin, our Regional Supervisor, attend.

That's the news from the girls of Alpha Theta. Have a fun and restful summer and see you next year!

Marcia Abrams

ALPHA IOTA

Welcome back to another term of fun and adventure.

At our Pledge Banquet fall term, Julie Raymond was named "Pledge of the Year" for 1969-1970. We were also able to begin our scholarship awards. Receiving the plaque for "Most Improved Grades" were Pam Herwy for fall term and Gretchen Kowalski for winter term. Evelyn Nightingale earned the plaque for "Highest Grades."

Winter term began with formal rush. The themes for our parties were "Happiness is Sisterhood," "Happiness is Pharmacy," and "Happiness is Lambda Kapa Sigma." We have two pledges this term, Martha Olson and Glenyce Eitel. Congratulations to Debora Vale who was initiated into our chapter this term.

We gathered seven sisters for a volleyball team. We had lots of fun playing, however, some of us suffered muscle aches afterwards. We took second place.

Our most recent endeavor was Greek Comedy Night. The overall theme was "History Through a Keyhole." We chose to write a farce on women's lib. and make it men's lib. Our main writer and producer was Norma Lake. We received first place in sororities and walked off with a trophy almost as tall as Norma! We were happy!

We will have a new Dean of Pharmacy at Ferris State College. He is Dr. Richard A. Ohvall from the University of Wisconsin. He will be our active dean as of July 1, 71.

Wedding bells have been ringing or will ring for many of our sisters. Mimi Wicklund married Gary Flesher on March 13. Julie Hendrickson will be married to Phil Rotzien on June 11. Orlene Prettyman announced her engagement and forthcoming marriage to Jim Hazen in August. Julie Raymond was pearled to Dennis Stickney. Weddings of our alumni are Louise Barton wed to Dean Hulien on March 6, Cyndy Silkworth to Robert Keyes also on March 6, and Cheryl Le Gault to be wed to Russ Rhynard on April 17. Congratulations to all!

Chris Gleason and Avis Ericson attended the APhA convention in San Francisco March 26 - April 1.

After our very stormy winter, we are looking forward to a sunny spring for our Spring Formal, etc. We hope that you have the same!

Cam Garland

ALPHA KAPPA

Alpha Kappa chapter says hello to all, and extends a cordial invitation to the 1971 Southern regional meeting. We have tentatively set the date for October 29-31, and are actively planning for the program and a fun-filled weekend. We hope to see many of our sister Lambs in Athens, Georgia for the meeting.

When school began, we were all but inactive with seven members on roll. With so few members we got off to a slow start, but we began with winning projects. The sale of lab forms for senior dispensing labs increased our treasury considerably. Since all seniors were required to buy the forms, we had a captive audience and a bulging bank account. Later in the quarter we initiated two pledges and began recruiting efforts aimed especially at the first year pharmacy women. A spaghetti dinner highlighted the drive and netted 16 new members.

The new sisters were initiated in the traditional candlelight ceremony, and after-

wards we adjourned to the home of Mrs. Jeanette King, a prominent pharmacist in Athens, Ga. Several other women pharmacists from Athens were present, also, and we all enjoyed refreshments and a discussion of the problems which women face in practicing pharmacy.

During winter quarter, LKS members sold *OTC Handbooks*. This was basically a service project, and we realized little profit. Also, we began plans for the regional meeting and were honored with a visit from Mrs. Judy Owens, our Southern Regional Supervisor. Rush for winter quarter was not so favorable as the fall, but we do have six prospective pledges and the many activities still on our agenda.

ALPHA LAMBDA

Greetings to everyone from the girls of Alpha Lambda in Canada.

We initiated five new members in November. The ceremony was followed by a delicious banquet. The speaker was Dr. John Hlynka, a newcomer to our faculty this year. He outlined to us his plans for a clinical pharmacy program. A few alums also attended and the evening was a great success.

For money raising projects our members were auctioned off to the highest bidder for a slave day. Each girl had to serve her master for two hours. Some of the faculty bought slaves and chores ranged from polishing shoes to cleaning refrigerators. The auction was very successful and now we're waiting for the boys to let us buy them.

A second money raiser was a Tupperware party at the home of one of the girls. About \$200 in Tupperware was sold for which the chapter received about 10 percent.

For a fun contest one of our new actives, Loree Eldridge, got baby pictures of all the members of the graduating class. It was really fun "guessing the grad." When the results were made known a lot of people were surprised. Some of the babies didn't even recognize themselves.

For Hygeia Day, Alpha Lambda is showing a film on epilepsy. We have advertised the film throughout the faculty and expect a large turnout.

After exams are over we plan to visit Carscraft — the Canadian Arthritis and Rheumatism Society workshop. Carscraft is our local charity and we find it interesting to visit the shop and see the patients at work. They do silk screening, pottery, weaving, and shell work.

We are all looking forward to a good summer and wish each of you a vacation full of fun. Best of luck on all of your exams.

Sandra Richards

ALPHA MU

Hi Lambs! To start off the winter quarter right we had a "Big-Little Sis" slumber party. That same night the Kappa Psi pledges were on a scavenger hunt and we all promised to help them. The Kappa Psi actives "visited" us to try and stop us but we discouraged them by making them do a game that we had played earlier. They had to put on as many old stockings as they could in 45 seconds, blindfolded. They did better than we did!

Other activities included a rush tea and a "Walt Disney" rush party where everyone dressed as Walt Disney characters. This party resulted in nine pledges.

On February 28, we had Installation of Officers and pledging. We celebrated the event by treating the pledges to a dinner at which we presented them with their stuffed lambs. Our new pledges are: Kit Cramer, Nancy McElroy, Sandy Obirdier, Angie Pasienza, Ann Simon, Judy Staskiewicz, Rosemary Wasserman, Janer Wollenweber, and Linda Wortkoetter.

We are looking forward to our annual softball game with Kappa Psi. Also coming up is an alumnae dinner to celebrate our fifteenth birthday. Plans are in the works for the Midwestern Regional meeting which we are hostessing next fall. Hope you have a fun summer.

Ann Mattmuller

ALPHA NU

Greetings from the newly reactivated chapter. We officially reactivated on October 25, with 23 members. Our initiation ceremony was followed by a reception for all officers of Kappa Psi, Phi Delta Chi, and APhA officers. We were pleased to have present Judy Owens, SRS; Judy Riffie, Grand Treasurer; and Betty Hart, Past SRS. Also attending were three charter members — Patricia Fuller, Pat Donahue, and Laura Webb Stone.

Our main money making project was that of test OTC cold capsules for side effects. We were pleased to have the opportunity to participate and fattened our treasury by \$10 per person.

Upon our reactivation we decorated the Pharmacy Show Window announcing it. On Halloween we made favors for the children at the Medical Center and entertained them with a party. For Christmas we decorated a Christmas tree in the front of the Pharmacy School and also went with the Phi Delta Chi's to Cardinal Hill, home for the handicapped, and had a Christmas party. We have also been busy helping prepare for our College's Centennial Gala.

During finals week at Christmas each of the girls made a survival kit consisting of candy, coffee, fruit, etc. for each of the third year girls.

After we came back for Christmas break we immediately started making plans to rush the third year girls. For our first rush party we had a bowling party followed by a weiner roast in the basement of one of our members, Sandy Spaulding. About two weeks later we held a Mexican party where all the girls dressed as Mexicans while entertained in the style and atmosphere of Mexico. Main course of the dinner included Mexican Chili and other Mexican side dishes were furnished by the girls. The main event of the evening included the breaking of the pinata where everyone scrambled for the candy. Favors were Mexican pralines.

Finally on January 31, we inducted 11 girls as pledges. We had a nice buffet at the home of our advisor, Prof. and Mrs. Doughty. They were very gracious to extend their home for this and each of the girls brought a dish for the dinner. Again we were very pleased to have Mrs. Judy Owens, our Regional Supervisor, present for the ceremony. We were very pleased that we pledged 100% of the 3rd year girls.

We are now looking forward to our coming banquet when we will initiate the 11 girls as LKS members and our awards will be given.

Our first year as LKS members has surely been great and we look forward to many more.

Connie Hopper

ALPHA XI

Greetings from Alpha Xi.

We told you a little bit about the float we made for the Homecoming parade in our last letter. Those of you who have made floats know how much work it is to stretch thousands of pieces of crepe paper and stuff them in chicken wire while trying to keep the lettering straight. And building a frame . . . All in all the float turned out great.

We celebrated Founder's Day with the initiation of two of our girls left over from last year, Connie Cho, and Jane Corbett.

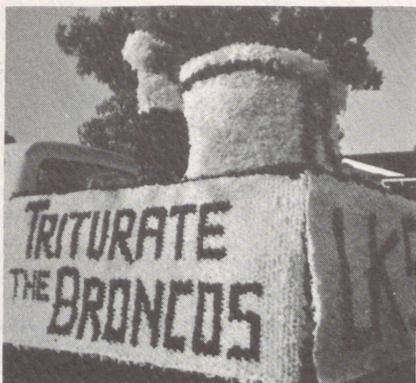

Then it was time for our annual Christmas tree trimming party. We got a big tree and strung lots of popcorn and cranberries, made paper chains, and hung 270 candy canes which disappeared rather quickly. The turnout was great and there were cookies and hot apple cider with cinnamon bark floating in it for refreshments.

Our new officers were elected the first week in December and were installed right after Christmas. They were put right to work supervising our two Rush functions. At the first function we had a skit on the history of LKS. Of course, the history part wasn't recognizable. The function was a BYOB party (bring your own banana). You guessed it — banana splits with all the trimmings. At our second rush function we had another skit. This time it was on the trials of a new pharmacy student on registration day. We had some marvelous impersonations of some of our teachers.

We make one big fling out of Hygeia Day. The Alpha Xi Alumnae chapter invited us to hear Dr. Miller, an anesthesiologist from a local hospital, speak on coronary thrombosis. Then we invited them to stay while we initiated eight new members — Linda Wash, Toni Farrell, Susan Lew, Lilarae Johnson, Debbie Kneppel, Margaret Holtzman, Janice Acreman, and Cozette Bower. After the initiation we had our traditional initiation dinner.

Our fund raising project for this year was Ghiradelli chocolate bars. They were so good I sold a lot to myself. During Poison Prevention Week, the majority of our members are going to be helping the student APhA give short talks to the elementary school children. This takes in about 10,000 kids. Our major upcoming event right now is the APhA Convention in San Francisco. Maybe we'll see some of you there.

Leilani Hansen

Homecoming Float.

New initiates: top, l to r: Cozette Bower, Susan Lew, Debbie Kneppel, Linda Wash, Margaret Holtzman. Bottom: Lilarae Johnson, Janice Acreman, Toni Farrell.

ALPHA OMICRON

Alpha Omicron has been very busy since the fall semester.

A Christmas party was held in early December and gifts were exchanged between big and little sisters. The chapter gave each of the new pledges a "care package" containing vitamins, aspirins, and other items.

Donation of clothes to the Salvation Army was the Christmas project, and the pledges carried out the annual project of decorating the School of Pharmacy display window in the Medical Center main lobby. They did a fine job.

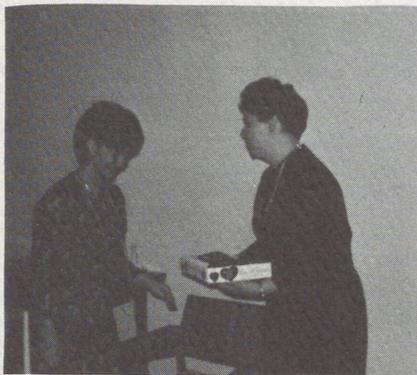

On February 4th, Judy Owens, Southern Regional Supervisor, visited Alpha Omicron, and a luncheon was held in her honor in the Faculty Lounge. Dean Bachmann and several faculty members attended.

Judy was also able to participate in the initiation ceremony of our eleven new members on February 7th. Jo Bailo made a beautiful lamb cake for the occasion, and punch and tea sandwiches were served. Each of the new actives received a white lamb, an apothecary jar, and a key chain.

Our plans for the new year include the continuing of our Maternity and Infant Clinic counseling, and an Easter party for the Pediatrics ward of West Virginia University Hospital. We will celebrate Hygeia Day with a spaghetti dinner at a local restaurant, where Dr. Barbara Jones will speak on the iron needs of infants.

Election of officers was held recently, and the chapter is looking forward to an exciting year under our new leaders.

Ann Freeman

President Juliana Brown (left) and Judy Owens, South. Regional Supervisor.

Jo Bailo at initiation ceremony.

ALPHA SIGMA

Wedding bells have sounded for four of our Lambda sisters — Mrs. Brenda Thomas (White), Mrs. Delois Gilmore (Earlie), Mrs. Vivian Tilman (Johnson) and Mrs. Nancy Wattley (Sims).

And sisters, I guess you would say we have been *very* busy, for the stork appeared also. Lambs Carolyn Hamilton and Erma Ligon became proud mothers of fine baby boys.

We would like to welcome our new members; they are France Edmonson, Madeline Guillory, Georgia Texoda, Iona Bailey, Joyce Gilmore, Eunice Lott, and Vicki Carroll.

Congratulations are in order for two of our Lambs, Edmonia Fennell for being elected vice-president of the student APHA and Frances Edmonson for being elected secretary.

One of the new pledges, Doris Perry, was elected vice-president of the Student Council.

We received a beautiful birthday card from Alpha Pi chapter on Feb. 21, and it was wonderful to be remembered.

Presently, we're in the midst of a new pledge period, Hygeia Day, and preparing for a visit from our Southern Regional Supervisor, Mrs. Judy Owens, to charter our alumnae chapter.

Finally, the sisters would like to wish you all good luck for the remainder of the semester, especially the seniors.

Ada M. Adkins

GAMMA ALUMNAE

We met in November for a business meeting and followed that with a coffee and social hour. December saw us meeting with our collegiate sisters for a most enjoyable purpose — attending our annual Christmas dinner and theatre party at which we saw "The Man of LaMancha."

In January, we alumnae officers bid a fond adieu to two of our fellow officers at a small dinner party. Grace Steward (1965) our treasurer, and Kathleen Young (1962) our social chairman, have left Chicago for North Carolina and California, respectively. Grace has finished work on her Ph.D in Organic Medicinal Chemistry at the University of Illinois, College of Pharmacy. She has taken a position at the University of North Carolina, and is doing post-doctoral research. Her address is: 522 Chateau Apts., Rte. 7, Chapel Hill, North Carolina 27514. Kathy has taken and passed the California boards and is currently working in the Los Angeles area in a retail pharmacy. We shall miss them both, but all Gamma Alumns wish them well.

During February, several of us attended our collegiate's initiation ceremonies. The ceremony was done most impressively and was well attended. Congratulations to all of our new sisters! Our Hygeia Day program, a dinner and talk, was open to all and again stressed the problem of drug abuse. A member of the Chicago Bureau of Dangerous Drugs gave a most informative speech on current drug abuse problems and legislation. At our April meeting we shall choose a nominating committee for the May election of officers. Thanks to all our current officers for all their hard work during the past two years. May also brings us to our combination Mother-Daughter-Senior Farewell Banquet at which we welcome graduating seniors into alumnae ranks. At this dinner we shall again present our \$25 Alumnae Award for the outstanding collegiate sophomore.

Two of our sisters have had babies recently. Marsha Probis Newman (1967) had her first baby, Daniel Mark, in November; and Kaaren Ludtka Toporek (1962) welcomed her second son, William Alphonse, in March.

Have a happy and productive summer!

Rosemarie Brown

ETA ALUMNAE

Hi, now that spring is upon us, bringing with it all the enthusiasm it is noted for, we are eagerly looking forward to working on our planned projects.

The first order of importance would be our planned Symposium for February 12, 1972. We have just recently decided on the title, "Pro-Con-traception." And as the title indicates it will deal with several different aspects and views for fertility and sterility. We feel that the topic is one of interest to all women.

On February 9th we had a joint dinner and ceremony with the collegiates to celebrate the founding of Eta Chapter.

Eta Alumns usually meet bimonthly and recently we've begun the custom of having a buffet style dinner served before the meeting. We have found that this stimulates a little better attendance. So if any other alumnae chapters would like to give it a try, good luck.

We're also looking forward to May when we'll add a few more new members to our alumnae roll via Eta collegiate's graduating sisters.

Several of us are now looking forward to and plan to attend the Eastern Regional Meeting in New York this coming October. We wish the hostess chapter a huge success with it.

So with that I'll sign off, wishing all those sisters graduating the best of luck in their profession, and a wonderful summer to all.

Lynn Fusco

OMICRON ALUMNAE

Greetings from the Motor City!

We have made two additions to our business meetings. We now include a summary of any professional meeting any of the members have attended, and also we are starting to work out our own system of drug interactions. The latter will take quite a long time, but we hope to have a more workable index than any we have been offered so far.

In December we had a dinner meeting at Huck's Lakeshore. A first — the January meeting was cancelled because of a snowstorm. Our efficient and lovely corresponding secretary, Johanna Poprzan, was transferred to Vanda Beauty Counselor in Orlando, Florida at the end of February. We had a going away dinner meeting in her honor.

Adele Lowe, Grand President, came to Detroit December 20, for the collegiate chapter's initiation. It was held at the Mauna-Loa Restaurant. Several of us were able to attend and enjoy the collegiates with Adele.

The Hygeia Day program was one of the best ever. The collegiates take all the credit for planning and organizing. They took us on a tour of the Model City Health Center. We learned a lot, especially how much more we are going to have to know if this is how pharmacies of tomorrow are to be operated. Then we were returned to campus for a conglomerate of delicious goodies and coffee (the collegiates had a bake sale that day).

Donna Luchtman

PHI ALUMNAE

In January, we had a card party at the home of Pat O'Shaughnessy. We made this meeting open to the public. We did more talking than playing cards.

In March we celebrated Hygeia Day with the Phi Collegiates. We had Officer Bornstein and Officer Gifford of the Indianapolis Police Dept. to speak to us on "Self Defense for Women." They brought out some very good common sense points. They said that you should always keep your car in good running condition and filled with gas at all times so as not to get stranded in an undesirable area. If going from a lighted place to a dark one, take your weapon out of your purse and put it in your hand. The weapon could be anything like a comb, ballpoint pen, nail file, or anything similar. These weapons can do a lot of damage to the eye of the attacker. If attacked, they said to scream and make a lot of noise. They also pointed out that it is always a good idea to go with someone.

Phi Alumns also have been busy getting ready for a rummage sale coming up in April. We will have the rummage sale at the home of Lucille Kavanaugh.

We were very sorry to lose Mary Sue Kriner. Don went to work for Eli Lilly & Co. Mary Sue is working in a hospital in Rock Island. Her address is Mrs. Don Kriner, 1450 18th Ave., Apt. B-1, Rock Island, Illinois 61201. She would like to hear from anyone in her area.

We have had a few new arrivals. Janice Stank had a son, Jeremy Phillip, born April 29, 1970. Linda Bray had a daughter, Deborah DeeAnn, born Nov. 8, 1970. Portia Devore had a son, David Keith, born Nov. 9, 1970. Rosalene Higgins is a grandmother to Shellie Len Smith, born Dec. 27, 1970. The proud parents are Leonard and Linda Smith.

Our sympathy to Eva Lorentz Eskew, whose husband Gene passed away this year. Anita Meek is touring Africa at this writing.

We received correspondence from Mrs. Pat Weinswig. They are at the University of Wisconsin, Madison, Wisconsin 53706. She said that the explosion at the university destroyed Dr. Weinswig's office, but he was not there at the time. They will be attending the APhA Convention in San Francisco. We were very glad to hear from Pat.

We hope everyone has a nice summer.

Linda Bray

CHI ALUMNAE

The month of October was a busy one for Chi Alumns. We observed Founder's Day with Chi Collegiate. The girls combined this affair with a rush party — BYOB. Bring Your Own Banana to make banana splits. We had a good time loading our dishes with ice cream, topping, nuts, and marshmallow. One thing can be said for all of them — they were gooey and some even won prizes.

Later that month we served coffee and cookies to about 150 visitors to the U. of W. College of Pharmacy open house. This is becoming an annual affair for the alumnae. Our stop on the tour is one of the most popular.

Pat Tanac, Honorary Advisor, traveled to Stockton, Calif. to present Alpha Xi Alumnae with their charter. Welcome Alpha Xi Alumnae.

Instead of a business meeting in November, we had a demonstration from a local craft shop specializing in decorating supplies and classes in using the materials. We saw how to make many beautiful Christmas decorations, wreaths, and tree ornaments.

We had our Christmas party in the home of Maria Terrenzio. We wrapped our gifts for the patients at Firlands Sanatorium. Each year we donate gifts to patients who otherwise would have none.

In January, some of our members attended the initiation of Chi pledges. One of the pledges was Joyce Tanac, daughter of Pat Tanac. Congratulations to Joyce and her other new sisters.

The Pacific Northwest Regional was held Feb. 26-28, on the Washington State University campus at Pullman, Wash. Pat Tanac and Cathi Boyle attended the meeting and almost got snowed in that weekend. It certainly was fun to see friends we had met at convention and to greet new ones. Thank you Mu chapter for a fun and informative weekend. We are only sorry that every sister could not attend.

We had a special program for our February meeting, concerning drug abuse. Two young people from Sea-Dru-Nar, Seattle's half-way house for drug and narcotic users, spoke to us about how they got started on drugs and how Sea-Dru-Nar was helping them. They are trying hard to readjust to life without using drugs as an escape.

Cathi Boyle

ALPHA GAMMA ALUMNAE

We send greetings to all our Sister Lambs.

Our alumnae year began with a Convention Report by our delegate, Jane Paterson. The annual party for all Women in Pharmacy at Samford University was a "First in Pharmacy" party. The "First" lesson to be learned was the art of Banana Split Making. Alumnae members demonstrated the procedure and everyone enjoyed the results!

Members and guests (the Pharmacy students' wives) gathered in November to hear about the recently begun "Crisis Center." For the January meeting, we were guests of the University Hospital in Birmingham. We toured their facilities and were impressed with their expanded services. In February, our program speaker failed us, but members present enjoyed a delicious dinner and good conversation at a local restaurant.

Our regional supervisor, Judy Owens paid us a pleasant visit in February. Alumnae and collegiate members met at Betty Susina's home and enjoyed Judy's visit and refreshments.

March meeting promises to be most interesting one on Drug Abuse with the collegiate girls joining us. Our planned programs include a visit to a members recently redecorated home and a speaker representing the Alabama Pollution Control Bureau.

We are proud of our attendance records at our meeting. Not everyone can make each and every meeting, but interest and attendance are high. Spring is very close, it seems and soon our Regionals will be at hand. We are looking forward to both!

Jane Patterson

"First in Pharmacy" party.

Triumph of the Jewelers Art

YOUR BADGE —
a triumph of skilled
and highly trained
Balfour craftsmen
is a steadfast and
dynamic symbol in
a changing world.

WEAR YOUR PIN WITH PRIDE AS
IT REFLECTS THE RICH TRADITIONS
OF YOUR SORORITY LIFE

ON CAMPUS and off, fraternity insignia today has a powerful new appeal. Always smart, always in good taste, a stalwart buoy of tradition in the swirling tide of change.

THE PROUD BALFOUR LINE has been created for campus style leaders—the world's most discriminating market. Chapter members are invited to write for these Balfour aids to gracious chapter living.

- ★ *Balfour's amazing Blue Book, the finest selection of jewelry, personal and chapter accessories and fine gift items ever assembled.*
- ★ *Balfour's Awards for Champions—a treasure chest of award ideas unmatched in quality, variety and price alternatives.*
