The Blue and Gold Triangle is the Official Publication of Lambda Kappa Sigma International Professional Fraternity for Women in Pharmacy. Published November and May by Lambda Kappa Sigma. Printed by Avon Printing Co., 225 Main Street, Rochester, Michigan.

GRAND
PRESIDENT'S
MESSAGE

Put on your SMILE buttons, gather your fraternity spirit, get a carload of "Lamb" sisters and head for the Bel-air East Motel to spend July 23 to 27 in St. Louis. Alpha Zeta chapter, our hostess for this 22nd Biennial Convention of Lambda Kappa Sigma, expects a 200 plus count of members to attend. They have great entertainment planned for us when we are not occupied with business sessions.

Select your Delegate carefully and bring her to Convention armed with reports, officers' notebooks, scrapbooks, and some of your fine suggestions and favors so we may display them for the interest of everyone.

We have many vital topics to discuss and vote upon such as constitutional changes, visitation program expansion, the possibility of new geographic divisions, scoring for awards, new scholarships for graduate study, and many other subjects.

During the past biennium I was privileged to attend more than one regional meeting, and visit with members from several chapters. My findings certainly indicated that our chapters are working hard and doing more in the name of Lambda Kappa Sigma. They are voluntarily involved in programs pertaining to health needs in the schools, hospitals, clinics, communities, and many philanthropic projects. I am happy that you find the many workshops, seminars, symposiums, and continuing education programs of great value. We must continue to participate in them.

Welcome to our new alumnae chapters! We are depending on your knowledgable experience and forward-thinking to maintain the high standards of Lambda Kappa Sigma.

Let's look forward to July. Meet me in St. Louis?

Fraternally,
ADELE LOWE,
Grand President

CALL TO CONVENTION

The 22nd Biennial Convention of Lambda Kappa Sigma will be held in St. Louis, Missouri from Sunday, July 23rd to Thursday, July 27th. Alpha Zeta Collegiate Chapter is the hostess chapter, assisted by the Alpha Zeta Alumnae Chapter which will be installed at the Convention. There will be registration from 1:00 to 5:00 p.m. at the Bel-Air East Motel. The opening meeting will be held at 8:00 p.m. on Sunday. The hostess chapters have arranged a very interesting program which includes a tour of historic St. Louis. The business sessions will review the past biennium and make plans to improve our operations in the years ahead. Time will be allotted to separate collegiate and alumnae workshops at which those attending can share their experiences and problems. Every collegiate and alumnae member is invited to attend and participate in all the convention activities. Details of registration will be found elsewhere in the TRIANGLE.

FRANCES F. CURRAN
Grand Secretary

ALPHA ZETA CHAPTER *presents*

Everything from "A to Z" in St. Louis

To

From the towering ARCH to the world-famous St. Louis ZOO . . .

SAINT LOUIS

promises fun and excitement to all who care to explore the "Heartland of America!"

A—The St. Louis Gateway Arch, 630 feet high, can be toured to the very top. The panoramic view of 30 miles to the north, east, south and west can be seen from the Observation Deck atop the arch.

L—The Old Levee House, located on Wharf Street where silty water laps old cobblestones, provides "Sing Along" and beer for its patrons.

P—The Planetarium can create an almost limitless array of skies and stars from any point on earth at any time in history — past, present, or future.

H—The St. Louis Hockey Blues thrill their fans at the Arena.

A—Anheuser-Busch, maker of "The King of Beers", sponsors tours through its lovely Grant's Farm facility and Brewery.

Z—St. Louis has one of the finest Zoo's in the world today. The Zoo Line miniature railway with clanging bells, smoke and whistle, provides an easy 1½ mile trip through tunnels and "forests".

E—Excursion Boats — The S.S. Admiral, the world's largest inland excursion steamer, provides daytime and evening trips on the river. Dancing, entertainment, food, and beverages are all available on the Steamer Admiral.

T—Trader Vic's, one of the most elite restaurants in St. Louis and the site of our International Convention in 1972, will provide Polynesian food and decor to thrill even the most well-traveled of LKS'ers! From Crab Rangoon to Mini-hune, Trader Vic's promises the best in dining pleasure.

A—Arts and Music — The City Art Museum displays its own collection spanning the important art centuries, plus a steady schedule of loan exhibits for interested tourists.

For your musical entertainment the famous Muny Opera presents open-air theatre throughout the summer!

As you can readily see, there is every reason in the world to . . .

Meet Me In St. Louis !!!

Bel-Air East Motel

GET IT TOGETHER IN '72!

SUNDAY, JULY 23rd

1:00- 6:00 p.m.—Registration

7:30 p.m.—Luau

TUESDAY, JULY 25th

9:00-10:00 a.m.—Continental Breakfast
10:00-12:00 p.m.—Meetings
1:00 p.m.—Luncheon Tour of
Lewis Howe
—Evening free

WEDNESDAY, JULY 26th

8:30-12:00 p.m.—Meetings, Bagel Break
12:00 p.m.—Panhellenic Luncheon
1:30 p.m.—Tour of St. Louis
—Evening free

THURSDAY, JULY 27th

9:00 a.m.—Brunch
10:00 a.m.- ? —Closing Meeting
6:00 p.m.—Formal picture
9:30 p.m.—Champagne Reception
to honor Grand Council

CONVENTION REGISTRATION — The registration fee is \$32.50 which includes all meals, activities, and transportation listed in the official program. All members are invited to register in advance for the convention. The absolute deadline for all registrations will be July 1, 1972. For those who cannot attend the entire week, partial or daily registration may be arranged. The daily registration fee for Sunday or Tuesday will be \$10.00. The daily registration fee for Monday, Wednesday, or Thursday will be \$15.00.

Non-members are welcome to attend and participate in all activities except business sessions. The registration fee of \$32.50 must be arranged and paid in advance. Advance registration may be sent to Mrs. Marilyn Haberle, 12543 Elaine Drive, Des Peres, Mo. 62131.

ROOM RATES — the room rates at the Bel-Air East Motor Hotel are as follows:
Single \$16.00 Double: \$21.00 3/4 in a room: \$24.00.

Check-out time is 3:00 p.m. Free parking at the motor hotel is provided for registered guests.

Mrs. Marilyn Haberle will coordinate room registration. A room registration form will be part of a future mailing. Her address is 12543 Elaine Dr., Des Peres, Mo. 63131. Include the kind of room desired, and preferred room mates if any.

TRANSPORTATION: St. Louis is easily accessible by car, bus, or plane. All major airlines serve St. Louis Lambert International Airport. An airport limousine service shutles passengers from St. Louis Lambert International Airport to Bel-Air East Motor Hotel for \$2.65. Service is provided 24 hours/day and the estimated travel time is 20 minutes. Taxis are also available.

PACKING HINTS: The Convention month is July, and that means hot and humid weather in the Gateway City. The Bel-Air East Motor Hotel is air-conditioned as are most other buildings to be toured, so light weight clothing will be suitable for both meetings and touring. A Luau is planned so you might like to bring appropriate apparel. The motor hotel has a swimming pool so bring your swim suits. Also, as usual, the final banquet will be a formal affair.

LAMBDA KAPPA SIGMA

is happy to announce the installation of

ALPHA SIGMA ALUMNAE CHAPTER

Houston, Texas 77051

25th BIENNIAL CONVENTION OF PROFESSIONAL PANHELLENIC ASSOCIATION

The Rodeway Inn on Lenox Road in Atlanta, Georgia was humming with professional and social activity November 3rd thru 7th, 1971. Genevieve Terrell, Phi Chi Theta, Convention Chairman, and members of the Atlanta area PPA who were hosting this event, were on hand to meet the arriving guests.

PPA President, Ordry P. Ray, Phi Chi Theta, chose as her convention theme, "FOCUS ON PPA". The internal affairs of PPA were discussed and many problems to fit the times were carefully considered and solved.

At the Welcome Luncheon which was sponsored by Sigma Alpha Iota's Atlanta Alumnae Chapter, the featured speaker, Miss Virginia Proctor, Student Development Director of Emory University, gave a fast moving talk on "Feminine Love In". A most entertaining flute solo by Beverly Bradley followed.

Welcome to the city was extended by the president of the Atlanta Women's Chamber of Commerce. The welcome to PPA Convention was extended by Ruth Kent, president of the Atlanta area PPA. The honored guests included the presidents of Women's Chamber of Commerce in Atlanta, Atlanta Branch American Association of University Women Deans and Counsellors, and the Presidents Council of Atlanta.

Since nothing was scheduled for that evening, everyone headed for Atlanta Underground to enjoy eating and sight seeing.

Atlanta Alumnae Chapter of Zeta Phi Eta sponsored the Friday luncheon. Ruth Kent, Zeta Phi Eta, narrated a very interesting film presentation in which she personally had a part. "The Story of Doug" presented the progress of a retarded little boy who was helped by speech therapy and techniques of learning. This is an amazing film. An excellent musical skit, "My Fair Ladies", added much enjoyment. Table decorations were real pineapples which were flown in for this luncheon.

Friday night was the Career Achievement Award Dinner sponsored by the Atlanta chapter of Mu Phi Epsilon. Most unusual centerpieces on the tables were costumed dolls representing each of the professions in PPA. Very entertaining music featuring Ruth Duncan McDonald at the piano, and soprano Betty Turner Boone kept our undivided attention. Margaret M. Holland, PPA Professional Activities Committee Chairman, Kappa Delta Epsilon, in introducing Dr. Alyce Taylor Cheska, told of her many accomplishments and capabilities.

Dr. Cheska was the recipient of the Fifth Career Achievement Award. She is a professor of the department of Physical Education for Women, University of Illinois, Urbana, and a member of Delta Psi Kappa. "Who's Going to Row Your Boat" describing the activities of women in Greek and Roman Mythology tying in with women's achievements today was the title of her talk.

The citation presented to her by PPA President, Ordry Ray reads:

"Professional Panhellenic Association Career Achievement Award Presented to Alyce Taylor Cheska, Delta Psi Kappa in recognition of Her Leadership and Dedication to the Ideals of Service and High Professional Standards in Physical Education, Her Literary Achievements, and Her Devoted Participation in Promotion of Public Health, Civic Affairs, Safety Education, Youth Activity and Fraternity."

A very impressive ceremony written and conducted by Naomi Satterfield, Phi Chi Theta, made the installation luncheon one which will long be remembered. The Atlanta Alumnae chapter of Phi Chi Theta who sponsored the luncheon, made the little gold gavels which were our favors.

The new officers for the 1971-1972 Biennium are:

President, Virginia Porter Fiser, Mu Phi Epsilon
Vice President, Margaret M. Holland, Kappa Delta Epsilon
Secretary, Judith Ozbun, Kappa Epsilon

Treasurer, M. Gleya Nicholson, Epsilon Eta Phi

Members-at-large: Ordry P. Ray, Phi Chi Theta; Gertrude Breen, Zeta Phi Eta;

Betty-Jo Dahlman, Alpha Delta Theta

Honorary Advisors: Ruth Gould, Sigma Alpha Iota; Eleanor Newby, Alpha Tau Delta; and Julia Pishalski, Lambda Kappa Sigma.

The tour of Stone Mountain, cable car and all preceding a delicious dinner at Stone Mountain Inn, climaxed the wonderful visit to Atlanta.

Special thanks to the Atlanta Alumnae chapters of the PPA member fraternities for their entertainment and graciousness. It was a treat to meet for business and

pleasure with our professional sisters. I personally missed my dear friend Julia Pishalski, past PPA President, who could not attend due to illness in the family.

From my own impressions after attending my first PPA convention, I feel that as many of our Lambda Kappa Sigma members who can attend should do so. It is most enlightening to be a part of this fine Professional Panhellenic Association.

Adele Lowe, *Grand President*
Lambda Kappa Sigma
Official PPA Representative.

First row left to right: M. Gleyln Nicholson, Epsilon Eta Phi, treasurer; Judith Ozbun, Kappa Epsilon, secretary; Virginia Porter Fiser, Mu Phi Epsilon, president; Margaret Holland, Kappa Delta Epsilon, vice president. Second row, left to right: Honorary advisers: Eleanor Newby, Alpha Tau Delta; Ruth Gould, Sigma Alpha Iota; (missing) Julia Pishalski, Lambda Kappa Sigma Members-at-large: Gertrude Breen, Zeta Phi Eta; Ordry V. Ray, Phi Chi Theta; Betty-Jo Dahlman, Alpha Delta Theta.

Metta Lou Henderson, *Grand President*, Kappa Epsilon;
Adele Lowe, *Grand President*, Lambda Kappa Sigma;
Judy Ozbun, Kappa Epsilon
Secretary, PPA Secretary.

ETHEL J. HEATH SCHOLARSHIP KEYS

Igeana Harrelson Gober and Carolyn Husband Jones of Alpha Gamma Chapter have received Ethel J. Heath Scholarship Keys. This information was received too late to be included in the last issue of THE BLUE AND GOLD TRIANGLE.

LAMBDA KAPPA SIGMA COFFEE HOUR

American Pharmaceutical Association Meeting

Houston, Texas

Monday, April 24, 1972

Astroworld Hotel

8:00 a.m. 'til 12:00 noon

Mrs. Judy Owens, Southern Regional Supervisor, Hostess

All members are invited to stop in and visit

SOUTHERN REGIONAL MEETING

OCTOBER 29-31, 1971

Alpha Kappa Collegiate Chapter, University of Georgia, hosted the Southern Regional Meeting, October 29-31, 1971. Registration opened Friday night at the Georgia Center. This was followed by hospitality time.

Collegiate chapters represented were Alpha Epsilon, Alpha Zeta, Alpha Nu, Alpha Omicron, and Alpha Kappa. Alpha Gamma and Alpha Sigma Alumnae Chapters sent representatives. Grand Council was well represented with Grand President, Adele Lowe; Grand Vice-President, Mary Wills; Grand Secretary, Frances Curran; Grand Treasurer, Judy Riffie; Grand Editor, Donna Luchtman; and Southern Regional Supervisor, Judy Owens, who presided at the meetings.

Saturday a buffet breakfast and much chatter began the the day at 7:30 a.m. A very productive business meeting followed. The group photograph was taken during the refreshment break. After a most delicious luncheon (celestial chicken on rice), a tour of historic Athens and the University of Georgia, School of Pharmacy was conducted by expert leaders.

Bonnie Gurr, President, Alpha Kappa, welcomed all and introduced the guests at the banquet. Dr. Kenneth L. Waters, Dean, School of Pharmacy, introduced the speaker, Dr. Howard C. Ansel. Dr. Ansel is Head of the department of Pharmacy at the University of Georgia, School of Pharmacy. His talk was most interesting and informative.

A champagne party at Taylor Grady House, one of the gracious old homes of Athens, topped off the weekend. Southern hospitality at its finest!

Goodbyes were said Sunday morning, putting "The End" to a wonderful and productive Southern Regional Meeting, 1971.

Southern Regional Meeting — October 29-31, 1971

CORA E. CRAVEN EDUCATIONAL GRANT RECIPIENTS

*Mariann Annand**Joyce Ann Courter**Avis J. Ericson**Madeline Guillory**Cheryl Krystyniak*

MARIANN ANNAND, President of Alpha Xi chapter of Lambda Kappa Sigma until January '72, when she will be historian of her chapter. She is among the top 10% of her class in academic achievement, and she has given outstanding leadership to Alpha Xi chapter. She also serves as the only woman representative to the School of Pharmacy Dean's Advisory Committee. She has financed her education by State Scholarships, loans, and working while attending college.

JOYCE ANN COURTER, member of Alpha Kappa chapter at Athens, Georgia is a graduating senior. She is corresponding secretary of Alpha Kappa chapter. She has served actively in the Student Pharmaceutical Association on the Drug Abuse and Birth Control committees. Her father is a sergeant in the U.S. Air Force and she has received little financial aid from her parents. She has been a willing worker and a very active member of Alpha Kappa chapter, and during the recent hosting of the Southern Regional meeting, Ann was the one to be counted on to do more than her share of the work. She started early in the preparations and worked throughout to see that things went smoothly.

AVIS J. ERICSON, an Alpha Iota alumnae affiliate of Alpha Nu. She is studying for the Pharm D. degree at the University of Kentucky. Miss Ericson was one of the outstanding students at Ferris State College School of Pharmacy. She has a sound academic record and a remarkable record of service to the school, college, and professional organizations. In 1971, she was awarded the Ferris State College Woman of the Year Award which is presented to the outstanding graduating Senior Woman. This award speaks for itself.

MADELINE GUILLORY, from Alpha Sigma chapter located at Texas Southern University, has supported herself while attending the College of Pharmacy. She is in the upper 10% of her class. Madeline works as Pharmacist Apprentice at St. Elizabeth's Hospital. At present time she is secretary of the Student Branch of the A.P.H.A.

CHERYL KRYSTYNIK is a member of Pi chapter at Rutgers College of Pharmacy. Cheryl is one of the best students enrolled at Rutgers, both scholastically and in college extra-curricular activities. She is a laboratory assistant, has worked on undergraduate research programs, and is very active in student affairs. Cheryl is a responsible individual, who because her father is deceased, has had to depend upon herself to finance her education. Currently she is working for three departments at the college, and she works weekends in a hospital pharmacy. She has been historian and vice president of Pi chapter.

Margit Harrison, *Chairman, Educational Grant Committee*

ACKNOWLEDGMENTS

To the Educational Grant Committee:

I am very happy to have this opportunity to express my appreciation for being chosen as one of the Cora E. Craven Educational Grant recipients. I was both surprised and very pleased to receive this award. It will be very helpful in financing this semester at the university of the Pacific's School of Pharmacy.

Again, thank you and all the sisters of Lambda Kappa Sigma for this educational grant.

Fraternally,
MARIANN ANNAND, *Alpha Xi*

To the Educational Grant Committee:

Upon my return to the University of Georgia from the Christmas holidays, I was most pleasantly surprised to learn that I had been chosen to receive one of the Cora E. Craven Educational Grants. It will surely be of great help in financing my books and tuition.

I am very proud to be able to represent Lambda Kappa Sigma and am very thankful to have the honor. I am extremely gratified to know that I have been thought worthy enough for the committee to have made an investment in my future.

One again, thank you all.

Fraternally,
ANN COURTER, *Alpha Kappa*

To the Educational Grant Committee:

It is difficult to fully express my appreciation at having been chosen a recipient of the Cora E. Craven Educational Grant. Receipt of the letter from the grant committee awaited my arrival home for Christmas — what a wonderful way to begin the holiday season. Receiving this grant affords me the opportunity to continue on for my Pharm. D. with the financial burden lightened a little. The knowledge of such support helps to justify the work input — and hopefully, the educational and practical output of my studies. I am grateful to you all.

I miss my sisters of Alpha Iota, but have found a continuing sisterhood among the members of Alpha Nu. It is this bond of sisterhood that unites us all — chapter to chapter, region to region, and internationally. It is to ALL my sisters that I wish to express my thanks for allowing me to BE and to BECOME. As Lambs, we will continue to grow and progress as long as we can grow together within the goals we have established for ourselves and our profession of pharmacy.

Fraternally,
AVIS J. ERICSON, *Alpha Iota and
Alpha Nu*

To the Educational Grant Committee:

Words cannot express my sincere thanks for receiving the Cora E. Craven Educational Grant.

Thank you,
MADELINÉ GUILLOR, *Alpha Sigma*

To the Educational Grant Committee:

I would like to take this opportunity to thank the fraternity for selecting me as one of the Cora E. Craven Educational Grant recipients. As a senior at Rutgers College of Pharmacy, I assure you that the grant will be put to good use in helping me meet my financial expenses for the spring semester.

I am so happy to be a sister of Lambda Kappa Sigma, and know I will always remember my fraternity for the joy and closeness that has grown among the sisters during the past years. It has been a rewarding and pleasant experience; one which I hope all may have the chance to enjoy.

Once again these simple words that mean so much: thank you — for everything.

Fraternally,
CHERYL KRZYSTYNIAK, *Pi*

"PRO - CON - TRACEPTION"
ETA ALUMNAE CHAPTER SYMPOSIUM

On Saturday, February 19, 1972, a one day symposium coordinated by the Eta Alumnae Chapter of Lambda Kappa Sigma was presented at the Philadelphia College of Pharmacy and Science. The seminar was attended by about fifty men and women in pharmacy and the allied sciences in spite of terrible weather conditions. Among those who ventured the storm were four members of the Grand Council: Grand President, Adele Lowe; Grand Vice-President, Mary Wills; Grand Secretary, Frances Curran; and Eastern Regional Supervisor Province II, Marie Tice: four sisters from Alpha Pi Alumnae Chapter, members of Alpha Alpha Collegiate Chapter, sisters from Eta alumnae and collegiate chapters and members of Kappa Epsilon.

Marian Ricardo, President of Eta Alumnae Chapter, served as moderator for the day and delivered the keynote address. Dr. Arthur Osol, President of the Philadelphia College of Pharmacy and Science, then welcomed all to the college.

Dr. Alan Wabrek, Marriage Council of Philadelphia, spoke on contraception and its psychological implications for women. With the visual aid of a slide projector, he demonstrated the various contraceptive devices available on the market today for both males and females. This was accompanied by a thorough discussion on the proper use, advantages, disadvantages and the specific indications warranting use in certain individuals for each method mentioned. In women, the basic psychological implications involved in contraception included: fear of conception, esthetic value, and convenience. The factors responsible for the psychological reactions were correlated to the type of contraceptive device employed or the socio-economic status of the individuals; summarily these included: the side effects, marginal safety and relative effectiveness of the particular method, and the size and economical situation of the existing family. Of special interest to the audience was the emphasis placed on the proper use of contraceptive devices as a main determinant for the relative efficacy achieved.

Dr. Brij Kumari Batra, University of Bombay and Senior Foreign Scientist Fellow at PCP&S, discussed population control and the women of India. She stressed the need for an economically feasible method of contraception which could be administered to the mass population. The crucial factor for consideration is time. A method must be developed which could be rapidly administered to the village populations and capable of producing a long-term effect of five years or more. A program essentially similar to our national immunizational programs for contagious diseases apparently is the nearest solution to the problem in countries faced with over-population such as India.

Dr. Richard G. Sample, Hahnemann Medical College, spoke on the pharmacology of contraceptive agents explaining the physiological mechanisms of action of the new compounds. He emphasized the clinical aspects encountered with the use of oral contraceptives, incorporating a detailed discussion of the side effects, adverse reactions, and contraindications associated with their use. The necessity for adequate patient medical histories was pointed up as a means of eliminating the hazards associated with the use of these agents. Dr. Sample stressed the fact that the specific vacuum filled by the therapeutic indications of this class of drugs warranted their use clinically.

The morning session was concluded by a discussion period covering questions in the relative effectiveness of the different methods of contraception, the psychology and the ecology of birth control.

Dr. Alvin Goldfarb, Thomas Jefferson Medical College Hospital, began the afternoon session with a discussion on the clinical aspects of infertility, the new approaches to fertility agents. He explained the various cause-and-effect relationships leading to infertility problems. The predominant need in such cases is an accurate diagnostic determination of the cause of the infertility; in many instances the underlying factor may not be a pathological one, but originate from a psychological problem due to built-up emotional tensions stemming from a fear of inability to conceive. In such cases attempts to relieve such fears often allow conception to occur without resorting to any other means. Endocrine disorders are also a source of infertility problems which can be corrected with drugs. Dr. Goldfarb also discussed the use of clomiphene as a fertility agent with specific indication in females who are anovulatory. The final consideration was the use of surgery techniques to correct existing pathological causes for infertility.

Dr. Susan Joshi, Philadelphia College of Pharmacy and Science, spoke on the immunological approach to the problems of reproduction. Her topic was concerned

with the current experimental work involving the production of an immune response by introducing a foreign antigen into the body and allowing the body to produce antibodies against it. The antigen in question would possess sperm-like characteristics and therefore the body's antibodies would reject the male sperm and inhibit conception. The advantages to this method are a rapid route of administration-given by injection and a long duration of action. This approach to contraception would be an invaluable solution to overpopulated and underdeveloped countries. The obvious disadvantages at the present time include cost and experimental use only.

The entire symposium was recorded and will be published in the *American Journal of Pharmacy*. Certificates of attendance were issued to those who wish to use them for credit toward continuing education.

MARIE TICE

Vice President, Eta Alumnae Chapter

Left to right: Mrs. Marie Tice, Eastern Regional Supervisor (Province II); Miss Marian Ricardo, President, Eta Alumnae Chapter; Mrs. Mary Wills, Grand Vice-President; Mrs. Virginia Osol; Mrs. Adele Lowe, Grand President; Mrs. Frances Curran, Grand Secretary.

From left to right: Dr. Alan Wabrek, Miss Marian Ricardo, Dr. Richard Sample, Dr. Susan Joshi, Dr. Brij Kumari Batra.

THE GRAND COUNCIL

is please to announce the installation of

ALPHA PI ALUMNAE CHAPTER

on

March 5th, 1972

in

Jamaica, New York

Greetings may be sent to:

Harriett O. Ellis, *President*
114-15 173rd Street
St. Albans, New York 11434

CHAPTER REPORTS

ALPHA

Alpha Chapter bids hello to all our fellow sisters!

We had a Spaghetti Supper in November which was a tremendous success. We all had a good time learning how to cook with an Italian accent. A party followed at Jane DeMartino's apartment.

In October we celebrated Founders' Day with our alumnae. Kathy Earnest was awarded the Alumnae Scholarship. The collegiate girls took care of the refreshments.

Our annual Christmas party was held in the early part of December. We presented Eileen Queenan, our advisor, with a gift to thank her for all her help. Again our "super" punch was a big hit.

On January 29, we held a movie night with our brother fraternity Kappa Psi. Popcorn and beer was served as we all watched W. C. Fields in the "Pharmacist"—a movie no pharmacy student should miss and "I Love You Alice B. Toklas".

We just finished pledging and want to congratulate Claudia Lis, Pat Perkins, and Carol Senecal. Pledging officially began on February 5, with a Wine and Cheese Rush party. While getting a chance to meet the prospective pledges, we also had a chance to sample wine and cheese from many countries. Even with "thumper" and "pass out" we had time to wish Nancy Clark happy 21st.

The pledging ended on February 29, with a party (naturally!). The highlight of the evening was welcoming "Chick" Scollins as a sister of Alpha. She is affiliating from Xi. Another point was wishing our treasurer, Dee Ducharme happy birthday.

We also celebrated Hygia Day with the alums on March 8. We heard a very interesting lecture on pollution of the Charles River. Refreshments were served afterwards.

We are having another Spaghetti Supper on March 29, this time followed by a Whist Party.

Wishing you all luck in your exams!

Margaret Barker

ETA

Since our last report, another year has begun and Lambs at P.C.P.&S. are continuing their activities. It seems that the four week vacation at Christmas lasts only a week, yet one month of the year is gone before we start back to classes.

On February 9, Eta Collegiates and Alums celebrated their Founders' Day with a beautiful ceremony just adopted for such occasions. Marion Ricardo, President of Eta Alums, spoke about the Symposium sponsored by the alums: Pro-Con-Traception, and refreshments followed.

Our third annual Parents' Day dinner was held on February 29. Ruth (Foof) Brown and Mrs. Virginia Osol informed our parents about the activities and history of the fraternity. Everyone was then surprisingly entertained with some slides of "Lambs in Action", produced and edited by Foof and our co-chairman Lynn Sterner and Joan Damiani. Parents and sisters had a chance to become acquainted with each other, and the affair was quite a success.

One reason for our new large number of members is the initiation of the spring pledge class into the Fraternity; we have 12 magnificently energetic new sisters: Georgeanne Broda, Eleanor Mete, Darlene Morgan, Dorothy Osborne, Marilyn Olson, Pat Ryan, Karen Santo, Norma Seelaus, Beverly Ann Sees, Diane Senn, Liz Tao, and Maria Visniskie.

Lambs sponsored, and a talented group of sisters participated in, the annual Fraternity Review. Fraternities, groups, and individuals can participate and in 15 minutes attempt to demonstrate their entertaining capabilities. Judged by a panel of unbiased members, Eta didn't win but had fun anyway.

We'll also have at our weekly intramural basketball games, our annual spring Spaghetti Dinner with our brothers of Kappa Psi, and playing basketball against the faculty of the College to support our SAPHa delegates to the convention in Houston this April. P.C.P.&S. has three out of four offices for Region 2, Barbe Prowe, a Lamb, is busy as Regional Secretary (she is also planning a wedding — she will become Mrs. John Peipon on June 17).

Since the women of Lambda Kappa Sigma are women of distinction, Eta is proud to announce the contributions of its members to this image (their honors, awards, and achievements). The chapter was awarded the Interfraternity Council Scholarship Award for 1971-72 (we have recieved this award every year since 1966). Jeannie Sica, Barbe Prowe, and Lynn Sterner were nominated to "Who's Who Among Colleges of America". Lois Moffa, Sue Pietruszka, and Jeanne Sica were nominated to Rho Chi Society; Betty Wang is presently secretary of the society. Maria Evrard earned the honor of Ethel J. Heath Key Award. Flo McDermott is a well deserving sweetheart

of Kappa Psi. Lynne Marsicano was married to Jack Calvert on March 25, (he is a P.C.P.&S. alum and brother of Kappa Psi).

Congratulations to all you other girls who have earned your awards for distinction (and to the many who are never recognized publicly but deserve as much and often more).

Have a peaceful and prosperous year whether in school or not.

Sue Pietruszka

THETA

Happy spring to all of our sisters !

This spring semester got off to a good start on Jan. 23, with the activation of 11 new members, boosting our membership to 36. Together with new actives Theta chapter is anticipating renewed vigor and increased participation in worthwhile events this spring and in the coming year.

One of our current goals is the reinforcement (or development where necessary) of our belief in our potential and value as women, and a striving for total recognition in our chosen profession and all areas of life. Discussions and speakers are planned to aid us in this endeavor.

Our recent activities have included making favors for the Alumnae Banquet and increased involvement with the Pharmacy wives organization which reflects our desire to coordinate our activities with other groups in the school. This intention was demonstrated in our Hygeia Day meeting to which the Pharmacy wives were invited to hear our moderator speak on working with the mentally retarded, and in our support to their fashion show.

The big upcoming event is the annual Pharmacy Day picnic and dinner-dance in which the fraternity actively participates. Our special contribution is preparing the flowers for the dance.

Hoping to meet many of you in St. Louis.

Cinda Pieres

NU

It seems that this past school year has passed by very quickly for the women of Nu chapter. However, we have participated in many interesting and worthwhile activities.

One project that we have sponsored all year is the sale of coffee and doughnuts in Fitch Hall of Pharmacy. The sales have proven to be a profitable success.

The Christmas season brought an increased number of activities. On December 2, we held a cookie sale in conjunction with the Polk County Women's Auxiliary. On December 3, our members had a progressive Christmas dinner and gift exchange held at the homes of different members of the women faculty and staff of the Drake University College of Pharmacy. At this time we chose to make Mrs. Clara Zeller, one of the college's secretaries, a patron of our chapter for the enthusiasm and time she has contributed to LKS. Also, on December 12, our chapter went Christmas caroling at the Bishop Drumm Nursing Home here in Des Moines. This was an extremely awarding experience for us, and we hope to make this an annual project.

Our first activity of the first semester was a rush party held on February 6. This year we decided to change the format of rush, and we invited Mrs. Sue Lutz, clinical instructor of pharmacy, to talk to us. She gave us an interesting discussion on the role of women in pharmacy. Nancy Bernardini, our chapter president, also explained the purposes and activities of LKS. On February 18, formal pledging was held and we now have six new pledges. They are: Mary Dickeson, Susan Harms, Laura Larson, Paulette Moen, Nancy Smith, and Patricia Swanson.

On March 8, several of our members worked in the downtown Des Moines area collecting contributions for the Easter Seal campaign. Other service and professional projects that are planned include: distributing coin cans on March 29 and 30 for the American Cancer Society, donating blood to the Des Moines Community Blood Bank, and working with the men of Kappa Psi in preparing programs for Poison Prevention Week.

Hygeia Day should prove to be an interesting day for us. Dr. Michael DeBakey, the noted heart surgeon from Houston, Texas, will be speaking to the Drake campus about "Scientific Advances in Heart Diseases." We are looking forward to his visit.

Other activities include elections, activation, and our annual senior picnic.

We hope that all of you have had a successful year as we have.

Have a great summer.

Anne Wardell

with the current experimental work involving the production of an immune response by introducing a foreign antigen into the body and allowing the body to produce antibodies against it. The antigen in question would possess sperm-like characteristics and therefore the body's antibodies would reject the male sperm and inhibit conception. The advantages to this method are a rapid route of administration-given by injection and a long duration of action. This approach to contraception would be an invaluable solution to overpopulated and underdeveloped countries. The obvious disadvantages at the present time include cost and experimental use only.

The entire symposium was recorded and will be published in the *American Journal of Pharmacy*. Certificates of attendance were issued to those who wish to use them for credit toward continuing education.

MARIE TICE

Vice President, Eta Alumnae Chapter

From left to right: Dr. Alan Wabrek, Miss Marian Ricardo, Dr. Richard Sample, Dr. Susan Joshi, Dr. Brij Kumari Batra.

THE GRAND COUNCIL

is please to announce the installation of

ALPHA PI ALUMNAE CHAPTER

on

March 5th, 1972

in

Jamaica, New York

Greetings may be sent to:

Harriett O. Ellis, *President*
114-15 173rd Street
St. Albans, New York 11434

CHAPTER REPORTS

ALPHA

Alpha Chapter bids hello to all our fellow sisters!

We had a Spaghetti Supper in November which was a tremendous success. We all had a good time learning how to cook with an Italian accent. A party followed at Jane DeMartino's apartment.

In October we celebrated Founders' Day with our alumnae. Kathy Earnest was awarded the Alumnae Scholarship. The collegiate girls took care of the refreshments.

Our annual Christmas party was held in the early part of December. We presented Eileen Queenan, our advisor, with a gift to thank her for all her help. Again our "super" punch was a big hit.

On January 29, we held a movie night with our brother fraternity Kappa Psi. Popcorn and beer was served as we all watched W. C. Fields in the "Pharmacist"—a movie no pharmacy student should miss and "I Love You Alice B. Toklas".

We just finished pledging and want to congratulate Claudia Lis, Pat Perkins, and Carol Senecal. Pledging officially began on February 5, with a Wine and Cheese Rush party. While getting a chance to meet the prospective pledges, we also had a chance to sample wine and cheese from many countries. Even with "thumper" and "pass out" we had time to wish Nancy Clark happy 21st.

The pledging ended on February 29, with a party (naturally!). The highlight of the evening was welcoming "Chick" Scollins as a sister of Alpha. She is affiliating from Xi. Another point was wishing our treasurer, Dee Ducharme happy birthday.

We also celebrated Hygia Day with the alums on March 8. We heard a very interesting lecture on pollution of the Charles River. Refreshments were served afterwards.

We are having another Spaghetti Supper on March 29, this time followed by a Whist Party.

Wishing you all luck in your exams!

Margaret Barker

ETA

Since our last report, another year has begun and Lambs at P.C.P.&S. are continuing their activities. It seems that the four week vacation at Christmas lasts only a week, yet one month of the year is gone before we start back to classes.

On February 9, Eta Collegiates and Alums celebrated their Founders' Day with a beautiful ceremony just adopted for such occasions. Marion Ricardo, President of Eta Alums, spoke about the Symposium sponsored by the alums: Pro-Con-Traception, and refreshments followed.

Our third annual Parents' Day dinner was held on February 29. Ruth (Foof) Brown and Mrs. Virginia Osol informed our parents about the activities and history of the fraternity. Everyone was then surprisingly entertained with some slides of "Lambs in Action", produced and edited by Foof and our co-chairman Lynn Sterner and Joan Damiani. Parents and sisters had a chance to become acquainted with each other, and the affair was quite a success.

One reason for our new large number of members is the initiation of the spring pledge class into the Fraternity; we have 12 magnificently energetic new sisters: Georgeanne Broda, Eleanor Mete, Darlene Morgan, Dorothy Osborne, Marilyn Olson, Pat Ryan, Karen Santo, Norma Seelaus, Beverly Ann Sees, Diane Senn, Liz Tao, and Maria Visniskie.

Lambs sponsored, and a talented group of sisters participated in, the annual Fraternity Review. Fraternities, groups, and individuals can participate and in 15 minutes attempt to demonstrate their entertaining capabilities. Judged by a panel of unbiased members, Eta didn't win but had fun anyway.

We'll also have at our weekly intramural basketball games, our annual spring Spaghetti Dinner with our brothers of Kappa Psi, and playing basketball against the faculty of the College to support our SAPHa delegates to the convention in Houston this April. P.C.P.&S. has three out of four offices for Region 2, Barbe Prowe, a Lamb, is busy as Regional Secretary (she is also planning a wedding — she will become Mrs. John Peipon on June 17).

Since the women of Lambda Kappa Sigma are women of distinction, Eta is proud to announce the contributions of its members to this image (their honors, awards, and achievements). The chapter was awarded the Interfraternity Council Scholarship Award for 1971-72 (we have recieved this award every year since 1966). Jeannie Sica, Barbe Prowe, and Lynn Sterner were nominated to "Who's Who Among Colleges of America". Lois Moffa, Sue Pietruszka, and Jeanne Sica were nominated to Rho Chi Society; Betty Wang is presently secretary of the society. Maria Evrard earned the honor of Ethel J. Heath Key Award. Flo McDermott is a well deserving sweetheart

of Kappa Psi. Lynne Marsicano was married to Jack Calvert on March 25, (he is a P.C.P.&S. alum and brother of Kappa Psi).

Congratulations to all you other girls who have earned your awards for distinction (and to the many who are never recognized publicly but deserve as much and often more).

Have a peaceful and prosperous year whether in school or not.

Sue Pietruszka

THETA

Happy spring to all of our sisters !

This spring semester got off to a good start on Jan. 23, with the activation of 11 new members, boosting our membership to 36. Together with new actives Theta chapter is anticipating renewed vigor and increased participation in worthwhile events this spring and in the coming year.

One of our current goals is the reinforcement (or development where necessary) of our belief in our potential and value as women, and a striving for total recognition in our chosen profession and all areas of life. Discussions and speakers are planned to aid us in this endeavor.

Our recent activities have included making favors for the Alumnae Banquet and increased involvement with the Pharmacy wives organization which reflects our desire to coordinate our activities with other groups in the school. This intention was demonstrated in our Hygeia Day meeting to which the Pharmacy wives were invited to hear our moderator speak on working with the mentally retarded, and in our support to their fashion show.

The big upcoming event is the annual Pharmacy Day picnic and dinner-dance in which the fraternity actively participates. Our special contribution is preparing the flowers for the dance.

Hoping to meet many of you in St. Louis.

Hygeia Day should prove to be an interesting day for us. Dr. Michael DeBakey, the noted heart surgeon from Houston, Texas, will be speaking to the Drake campus about "Scientific Advances in Heart Diseases." We are looking forward to his visit.

Other activities include elections, activation, and our annual senior picnic.

We hope that all of you have had a successful year as we have.

Have a great summer.

Anne Wardell

OMICRON

Our fall rushing was successful with the initiation of three new members: Susan Bonk, Kathy Gaither, and Linda Stark.

The winter quarter opened with a coffee and doughnut sale for S.S. Hope. Omicron Alumnae invited the collegiates to a smorgasbord dinner. All of the sisters enjoyed the pleasant evening together. The collegiates and the alums also celebrated Hygeia Day. The program consisted of a dinner followed by a speech given by Lieutenant Herbert DeLong, a registered pharmacist who works in the scientific laboratory of the Detroit Police Department. He correlated the relationship between the abuse of drugs, the pharmacist, and the police department.

Although the spring quarter is just getting underway, our calendars are crowded with dates to remember. Mrs. Raiman has been invited to partake in the events occurring during LKS Week, April 10-15. Plans for this include celebrating the chapter's birthday, kicking-off our annual spring raffle, assembling a display window titled "Women in Pharmacy", and rush parties. For the grand finale, Mrs. Raiman as well as the university have been challenged to participate in a super-terrific, mind-bending, car-rattling road rally created by Omicron sisters Joan Moretta, Carolyn Kalczynski, and Colleen Cullen. Good Luck!

The chapter extends its warmest congratulations to our three graduating seniors Colleen Cullen, Carolyn Kalczynski, and Frances Zalewski.

We wish all LKS grads of 1972 much success in their future endeavors and hope that they retain the spirit of LKS forever.

Carolyn Kalczynski

TAU

Greetings from the Lambs of Duquesne. It has been a busy semester for us, with more activities to come.

Returning to school after Christmas vacation we kicked off the semester with a wine and cheese mixer co-sponsored with Duquesne's chapter of Phi Delta Chi Prospective pledges were also invited. This party was soon followed by a rush party. "Gypsies" were in attendance and everyone had a chance to have their fortune told.

Money-making projects have been on the agenda lately. The first was a "Pill Count", where the object was to guess the number of different sized gelatin capsules contained in a gallon jar. The answer was well into the thousands, and the pledges had a good time counting them! Currently we are winding up our annual Easter Candy sale, which is always a popular way to raise money.

Something new on the calendar this year will be our Hygeia Day program. The Sisters of neighboring Delta chapter as well as local alum sisters will be joining us for a lecture on Drug Abuse given by a local judge. We are looking forward to this event with much anticipation.

In th planning stages now is our Spring Dance, honoring our graduating Sisters. This will be held on April 15.

Best wishes are in order for Barb Myers and Ester Suba who became engaged in December and February respectively.

Bidding everyone a fond farewell, Tau chapter leaves hopes for a happy summer.

Peggy Frazier

UPSILON

Most of our members ended a month long semester break and Christmas vacation with the entire pharmacy school at a three day Seminar-Retreat at Sun Valley, Idaho. Mornings were spent at lectures on subjects ranging from BNDD reforms to new clinical pharmacy education, while afternoon activities included shopping, sight seeing, ice skating, and, of course, skiing. The night life started with hot spiced wine around an open fire and included visits to such well known spots as "The Boiler Room". It was fun to relax, catch up on a month's activities, and enjoy each other's company.

Back to school and a new semester Upsilon members elected officers. This semester we have continued our sandwich and coffee sales in the pharmacy building. We truly enjoy these projects as they give us an opportunity to informally greet our fellow students. Our pledge class anxiously awaits their impending initiation. New members will include Laura Dillon, Mary Wheatley, and Kathy Melvin. For Hygeia Day we had a special lecture by one of the physicians from our Student Health Center. All university students and faculty were invited and the program was well attended.

As this year progresses to a close we wish to congratulate our graduating seniors: Paula Blair, Joanne Westberg, Vicki Kronenberg, Cletra Snyder, and Peggy Hansen. We look forward to hearing from everyone else as a new semester begins next fall.

Dianne Powell

PHI

A warm welcome to all our sister lambs! Phi chapter has been breezing through spring with lots of enthusiasm and hard work.

As far as money making projects go, the Phi lambs have promoted two very successful Sloppy Joe Sales (an idea we adopted from the Midwestern Regional) and a bak sale while having fun testing our culinary abilities.

A Christmas party was given last semester for our chapter by Adele Lowe in her home. Other alumnae-collegiate activities have included our Hygeia Day celebration here at Butler University. For this event, Dr. Shadrick Harper, director of the Martindale Methadon Clinic enlightened our gathering on the use of methadon in heroin addiction.

On Sunday, March 12, Phi chapter initiated eight new members. They are Deborah Barden, Sue Biggam, Twilla Brown, Angel Farinelli, Andrea Schmuhl, Joan Schwartz, Jeanie Short, and Ann Stevenson. Elections for new officers were held in April.

On the social scene the Phi Lambs versus Phi Delta Chi collegiates played their annual championship basketball game on March 19. And keeping up with our winning tradition, the Lambs rose to a victory with a little help from our faculty referees and coach, Dr. Salerni.

On St. Patrick's Day our members took flowers to a nursing home in Brownsburg, Indiana. Just prior to Easter vacation the members of Phi Delta Chi and our own Phi Lambs held an Easter party for the mentally retarded at the Indiana State Hospital.

Our hemodialysis machine drive is also continuing in full force. If anyone would like to contribute Green stamps, Top Value stamps, or Betty Crocker coupons for our drive, please send them to:

Phi Chapter, Lambda Kappa Sigma
P. O. Box 150
Butler University
Indianapolis, Indiana 46208

This spring Phi chapter had six graduating seniors. Also, three members will be married this summer. They are Bev Hamilton, Beth Lorenzen, and Pam Nelson.

Judy Harvey

Hygeia Day Program.

CHI

Hello again Sister Lambs!

When we left you last, Chi Chapter was just in the process of initiating our new pledges. On January 5th, Cindy Altamirano, Renee Bradbury, Mayumi MacDonald, Lisa Nakatsu, JoAnne Pearson, Robyn Phillips, Marueen Sandison, Pat Shigihara, Nancy Staples, and Julie Parrot became part of Lambda Kappa Sigma.

A few weeks later, our new members attended their first meeting to plan activities for the rest of the year. As our first project, we decided to take on the job of alphabetizing drug information card files in our hospital pharmacy. Up to this time, hundreds of dollars of drug information could not be used. Our chapter therefore felt that this activity would be an ideal service project benefiting not only our members but all pharmacy students here at the University of Washington.

This year we held Hygeia Day a little early. Since finals were to be held during the week of the 15th, our members decided to hold Hygia Day on the 1st of March. The Chi Alumnae provided us with a wonderful speaker from the Northwest Kidney Center, Linda Johnston. Linda at one time had been a kidney dialysis patient herself.

About nine months after being on the machine, she received a kidney transplant of one of her mother's kidneys. She explained the principals behind the dialysis machine and kidney transplants. At this time, she is on a salt free diet and she, along with her mother, has written a book caled "Halt! No Salt!" which will be coming out around

1. Back row: Maureen Sandison Joyce Tanac, Marcia Albach, Julie Parrott, Gail Scott JoAnne Pearson
Front row: Darlene Bischoff, Donna Fujii, Mary Buennagel, Robyn Phillips, Cindy Altamirano.

2. Our advisor, Mrs. Karen Nelson, and Maurreen Sandison, one of our new members.

3. In front of the pharmacy window they put up during Christmas are our members: Mayumi MacDonald, Pat Shighihara, Renee Bradbury, Lisa Nakatsu, Cindy Altamirano, Nancy Staples, Robyn Phillips. Not pictured are Maureen Sandison, Julie Parrott, JoAnne Pearson.

the end of March. If anyone would like more information about this book, questions can be forwarded through Chi Chapter.

Hygeia Day this year was therefore a very formative and interesting one. Thanks to our alums and Joyce Tanac and JoAnne Pearson who provided delicious refreshments, we had a most memorable evening.

April 7, After spring vacation, Lambda Kappa Sigma members are invited to my house for dinner and afterwards a wine-tasting party which should prove to be enjoyable for those of us who are not yet of age to drink.

May 13, has been scheduled for our annual Mother-Daughter Brunch. At this time new officers will be installed and graduating seniors of Chi chapter will be recognized.

May 24, will be our last scheduled function. This will be another fun activity for our members — a Pizza Party!

So all our sisters everywhere until next fall have a wonderful and most reward-
ing summer.

Donna Fujii

ALPHA ALPHA

Hi everyone! The sisters of Alpha Alpha chapter have been very busy throughout this year, with both social and professional events.

One of our final rushing functions was our annual pizza party which was held on October 19. With loads of pizza for everyone, the sisters had our guest turned

our house into a typical pizza parlor, garlic salt and all. The next day, October 20, Mr. Milton Lonker of Pfizer and Co. presented a movie on antidepressants to us. Mr. Lonker left us with much literature on his products, a film presentation on venereal disease, and a record relating various babies' cries to diseases that they might possibly have. This was so interesting that we're planning a similar type program for Hygeia Day. During this year, our chapter has undertaken a community project. One afternoon a week, a few of our sisters donate their time to a local church club for youngsters of this area. So far we have become experts at baking chocolate chip cookies, art work, model cars, and many other things. It's also a learning experience in life itself.

On November 18, thanks to our receiving a small, efficient, type refrigerator for our use from the pharmacy school, we held a terrific spaghetti dinner at our house for the pledges at which time we had a formal pledging ceremony. We made the sauce ourselves and along with wine and garlic bread, we ate to our hearts' content. With the initiation of six sisters this year our chapter has grown considerably. The girls; Elaine Younger, Janyce Cohn, Sandra Horner, Rosalind Shelton, Joanne Smith, and Deborah Strozeski are hoping to do their best for the chapter in the future.

We've had somewhat of a problem during the rushing and pledging this year. Rho Pi Phi, another pharmaceutical fraternity, for men, is now able to rush and pledge women and in fact they did pledge two girls this year. We're wondering if any other chapter had this situation happen in their school and if anyone might be able to suggest any solutions in our case.

Together we've recently had some "painful" fun; we all got together to do some ice skating or whatever. What a night! Right now we're planning a bake sale, Hygeia Day, elections, attendance at an Eta Alumnae Chapter Symposium on contraception, and helping with the annual Mortar and Pestle Production, the school play. We're especially looking forward to a train trip that we've planned to New York City in April to take in dinner and a Broadway show.

Well, elections are soon — it has been a good year for us and we owe thanks to our fine officers as well as all our sisters who have actively participated to make our chapter what it has now become.

Barbara Daniel

ALPHA BETA

Hi from UConn! The Alpha Beta chapter of LKS consists of 15 sisters. With such a small membership it becomes difficult to carry out any large projects. Yet we have managed to stay busy and exert our influence on UConn's school of pharmacy with our small, but worthwhile undertakings. Perhaps our most beneficial project is keeping our school's pharmacy library open Monday and Wednesday nights. Before LKS volunteered to "babysit" the library it was closed to everyone but graduate students and faculty on these nights. Now if a hard working pharmacy major finds that he must use *Merck's Manual* or the PDR on a Monday or Wednesday night the privilege is his (or hers).

In keeping with our reputation as a service fraternity the sisters of LKS are always available to perform odd jobs which would otherwise waste precious time of the faculty or graduate assistants. Two of our sisters work with two professors regularly while the others take turns answering the remaining requests for help.

Two money making projects have been on our agenda this year. Our first consists of a bake sale held after each of the various school vacations. Our second is a lab coat laundry service. Every other week LKS sisters wash, dry, and iron dirty lab coats for only 35c.

Recently our chapter held rush. Three pledges were introduced to the sisters. These girls and hopefully more will be initiated at our annual spring banquet in May.

Best wishes to all for the second semester.

Karen Brown

ALPHA EPSILON

A hearty hello again from all of the sisters of Alpha Epsilon chapter. Our year really has been busy and exciting. We are very happy with our 29 new pledges. On the very first day of classes, we held a tea with a fashion show of the different styles of lab coats modeled by the junior girls. Later that week, we had a card party with lots of goodies to eat and prizes to the highest scoring couple. One of our advisors, Betty Hart Tusa, invited us all over to her home for a good ole fashion get-together along with a hamburger fry. A big softball game was scheduled, sophomores vs. juniors and seniors and I do hate to admit the sophomores won!! Several favors were left at the doors of the new prospective members such as Halloween sacks were filled with candy, Thanksgiving glasses with Lambda Kappa Sigma on

OMICRON

Our fall rushing was successful with the initiation of three new members: Susan Bonk, Kathy Gaither, and Linda Stark.

The winter quarter opened with a coffee and doughnut sale for S.S. Hope. Omicron Alumnae invited the collegiates to a smorgasbord dinner. All of the sisters enjoyed the pleasant evening together. The collegiates and the alums also celebrated Hygeia Day. 3. In front of the pharmacy window they put up during Christmas are our members: Mayumi MacDonald, Pat Shighihara, Renee Bradbury, Lisa Nakatsu, Cindy Altamirano, Nancy Staples, Robyn Phillips. Not pictured are Maureen Sandison, Julie Parrott, JoAnne Pearson.

the end of March. If anyone would like more information about this book, questions can be forwarded through Chi Chapter.

Hygeia Day this year was therefore a very formative and interesting one. Thanks to our alums and Joyce Tanac and JoAnne Pearson who provided delicious refreshments, we had a most memorable evening.

April 7, After spring vacation, Lambda Kappa Sigma members are invited to my house for dinner and afterwards a wine-tasting party which should prove to be enjoyable for those of us who are not yet of age to drink.

May 13, has been scheduled for our annual Mother-Daughter Brunch. At this time new officers will be installed and graduating seniors of Chi chapter will be recognized.

May 24, will be our last scheduled function. This will be another fun activity for our members — a Pizza Party!

So all our sisters everywhere until next fall have a wonderful and most rewarding summer.

Donna Fugii

ALPHA ALPHA

Hi everyone! The sisters of Alpha Alpha chapter have been very busy throughout this year, with both social and professional events.

One of our final rushing functions was our annual pizza party which was held on October 19. With loads of pizza for everyone, the sisters had our guest turned

our house into a typical pizza parlor, garlic salt and all. The next day, October 20, Mr. Milton Lonker of Pfizer and Co. presented a movie on antidepressants to us. Mr. Lonker left us with much literature on his products, a film presentation on venereal disease, and a record relating various babies' cries to diseases that they might possibly have. This was so interesting that we're planning a similar type program for Hygeia Day. During this year, our chapter has undertaken a community project. One afternoon a week, a few of our sisters donate their time to a local church club for youngsters of this area. So far we have become experts at baking chocolate chip cookies, art work, model cars, and many other things. It's also a learning experience in life itself.

On November 18, thanks to our receiving a small, efficient, type refrigerator for our use from the pharmacy school, we held a terrific spaghetti dinner at our house for the pledges at which time we had a formal pledging ceremony. We made the sauce ourselves and along with wine and garlic bread, we ate to our hearts' content. With the initiation of six sisters this year our chapter has grown considerably. The girls; Elaine Younger, Janyce Cohn, Sandra Horner, Rosalind Shelton, Joanne Smith, and Deborah Strozeski are hoping to do their best for the chapter in the future.

We've had somewhat of a problem during the rushing and pledging this year. Rho Pi Phi, another pharmaceutical fraternity, for men, is now able to rush and pledge women and in fact they did pledge two girls this year. We're wondering if any other chapter had this situation happen in their school and if anyone might be able to suggest any solutions in our case.

Together we've recently had some "painful" fun; we all got together to do some ice skating or whatever. What a night! Right now we're planning a bake sale, Hygeia Day, elections, attendance at an Eta Alumnae Chapter Symposium on contraception, and helping with the annual Mortar and Pestle Production, the school play. We're especially looking forward to a train trip that we've planned to New York City in April to take in dinner and a Broadway show.

Well, elections are soon — it has been a good year for us and we owe thanks to our fine officers as well as all our sisters who have actively participated to make our chapter what it has now become.

Barbara Daniel

ALPHA BETA

Hi from UConn! The Alpha Beta chapter of LKS consists of 15 sisters. With such a small membership it becomes difficult to carry out any large projects. Yet we have managed to stay busy and exert our influence on UConn's school of pharmacy with our small, but worthwhile undertakings. Perhaps our most beneficial project is keeping our school's pharmacy library open Monday and Wednesday nights. Before LKS volunteered to "babysit" the library it was closed to everyone but graduate students and faculty on these nights. Now if a hard working pharmacy major finds that he must use *Merck's Manual* or the PDR on a Monday or Wednesday night the privilege is his (or hers).

In keeping with our reputation as a service fraternity the sisters of LKS are always available to perform odd jobs which would otherwise waste precious time of the faculty or graduate assistants. Two of our sisters work with two professors regularly while the others take turns answering the remaining requests for help.

Two money making projects have been on our agenda this year. Our first consists of a bake sale held after each of the various school vacations. Our second is a lab coat laundry service. Every other week LKS sisters wash, dry, and iron dirty lab coats for only 35c.

Recently our chapter held rush. Three pledges were introduced to the sisters. These girls and hopefully more will be initiated at our annual spring banquet in May.

Best wishes to all for the second semester.

Karen Brown

ALPHA EPSILON

A hearty hello again from all of the sisters of Alpha Epsilon chapter. Our year really has been busy and exciting. We are very happy with our 29 new pledges. On the very first day of classes, we held a tea with a fashion show of the different styles of lab coats modeled by the junior girls. Later that week, we had a card party with lots of goodies to eat and prizes to the highest scoring couple. One of our advisors, Betty Hart Tusa, invited us all over to her home for a good ole fashion get-together along with a hamburger fry. A big softball game was scheduled, sophomores vs. juniors and seniors and I do hate to admit the sophomores won!! Several favors were left at the doors of the new prospective members such as Halloween sacks were filled with candy, Thanksgiving glasses with Lambda Kappa Sigma on

them, Christmas stockings filled with goodies, mortar and pestle key chains with Lambda Kappa Sigma '72, and gifts left secretly by each new pledge's big sister. Near the end of the quarter, we opened the ole ice cream parlor to "create your own style banana split". Everyone tried to see just who could out do the other one! At the beginning of winter quarter, Alpha Epsilon pledged 29 girls. The pledges had a big quarter ahead of them with their studying for the pledge final and their money-making projects. At the end of the quarter 29 girls were initiated.

We have had four major money projects so far this year. UT's football team always plays one home game each year. We sold UT mums for the game and made a profit of about \$100. Also for the game, we raffled off three fifths of liquor at a quarter a chance. The Rho Chi Society held a seminar at which we sold sandwiches. The biggest money project of the year is our annual spaghetti supper and every ingredient is donated by the local merchants. The profit was approximately \$300.

Lambda Kappa Sigma has taken part in several campus activities such as the Phi Delta Chi hay ride, Kappa Psi dances, Kappa Psi's annual Christmas orphans party, Drug Abuse Program, school-wide outdoor mixer, and school intramurals. Several fraternity activities also took place this year: senior banquet, Awards Banquet, Founder's Day, dinner for the old and new officers in the home of our sponsor, and regional meeting in Athens.

We are very proud of an old alum and also one of our advisors, Betty Hart Tusa, who won a \$1,000 and a trip to present her paper on parenteral products in Las Vegas.

So long for now. See ya soon in October. Bye to y'all.

Some of our pledges.

Preparation of Spaghetti Supper.

ALPHA ZETA

The Lambs of Alpha Zeta chapter greet all their sisters with a cheerful hello

Best pledge, Regina Skees

Our new members

and a bright smile. Our chapter increased our membership with the addition of 10 new enthusiastic members. Initiation was held on February 18, at the Georgetown Recreation room, with dinner at Guiseppi's.

Our new civic project, The Drug of the Week, has received favorable response and approval from all students. We are still working at Kenrick Seminary where we sort drugs to be sent to the missions. We are happy that our bagel sale for S. S. Hope was a great success.

With convention time almost here, we are working harder than ever to make this year a warm and memorable experience for those who attend the national convention from July 23 - July 27. Many money-making projects such as selling of jackets, sweatshirts, and T-shirts and donut sales have kept our Lambs busy. The selling and delivering of birthday cakes to the dormitory students via an order from their parents, has also contributed funds for our upcoming convention here in St. Louis. At Christmas time we also sold Christmas decorations and candles.

Hygeia Day will be celebrated with an early morning breakfast and a convocation featuring a movie entitled "Prescription for Life".

Alpha Zeta chapter hopes that all of you will be here in July, and each of us hope that you will "Meet Us in St. Louis". *Alma Shepherd*

ALPHA THETA

The spring semester is passing much too quickly here at Buffalo for Alpha Theta chapter. Beginning the New Year with a re-evaluation meeting certainly brought all the girls closer together. We defined our goals and proposed ways to achieve them by working together.

We set a date for initiation as March 10, but when a sister, Nancy Nicolia, became engaged and was making marriage plans, we secretly agreed to make it a surprise shower instead. We all wish Nancy the best of luck.

As Hygeia Day approaches plans are being made to sponsor a Drug information Seminar. We are attempting to persuade someone in charge of the Lackawanna Methadon Center to speak on the needs, problems, and future of the Center. This would be presented at his convenience, therefore it won't necessarily be on March 15. It will be open to the school and we will provide refreshments.

April 8, we are going to have our annual dinner at the Crouching Lion. If it lives up to previous dinners, we'll all have a riot — or else create one.

In May the School of Pharmacy will again have an Open House. The fraternity will have a fraternity table, serve refreshments, and have a presentation on "Women in Pharmacy". Everyone is invited.

Elections are coming and since I may not be writing you again I wish everyone a happier and healthier future. Maybe Terry Czaster and I will be able to see some of the girls we met at the Eastern Regional Meeting at Convention. Polka anybody?

Bonnie Stolarski

ALPHA IOTA

Alpha Iota Chapter says hello and happy spring to all our sister Lambs.

This past winter has been quite an eventful and fun-filled term for the sisters. We put forth an all out effort for the snow carnival (this included some pretty cold nights too) but we came out on top winning first place for sororities. The theme

this year was "famous song titles" and we did our version of "Little Rubber Ducky."

Greek Comedy turned out to be lots of laughs for us as we came out with another first place trophy this year. We did our version of "Dudley Duwong" . . . the skit was hilarious and it was very refreshing working on it.

Our rush parties have been quite successful this term. We had a snowman party where we attempted to make a snowman with iced-over snow but after giving up on that, we played football instead finishing the night with hot chocolate and cookies.

Our latest rush party was a "sub party" where we made our own submarine sandwiches, then sat around a fireplace and sang old songs.

We have a few sport lovers among us that took a first place in volley ball and participated in a bowling tournament.

We had two pledges winter term that will be initiated first thing spring term. Congratulations Leslie Shaffer and Chris Winter . . . we're very proud to have them with us.

Instead of our usual Spring Formal at the end of May, this year we're trying a change of pace and are planning on taking a canoe trip on the Platt River (near Traverse City) for a week-end. All of us are very much looking forward to this.

Best of luck the rest of this year and have a great summer. *Ruth Dasher*

ALPHA KAPPA

Greetings! Winter quarter always brings on a busy time for the Lambs of Alpha Kappa chapter. To set the pace the sisters of Lambda Kappa Sigma was hostess to all the female members of Pharmacy School in our traditional spaghetti supper. This event always brings an ideal opportunity for the sisters to become acquainted with all the other girls in school and also to let the girls become acquainted with Lambda Kappa Sigma.

The prospective pledges were then entertained at a party hostessed by Beth Arwood and Sherry Crouch. Those prospective pledges attending were Betty Durham, Sammee Smith, Gail Reynolds, Nancy Cornell, and Jan Pack. On the 24th of January the formal pledging ceremony was held at the home of our faculty advisor, Mrs. Joan Tansil. After the ceremony, refreshments were served. The pledges were then placed under the instruction of our newly elected vice-president, Jo Bandy. Planned as a pledge project, the pledges entertained the sisters on Valentine's Day with refreshments and favors in the lounge of the pharmacy school. On the first day of March we held our formal initiation of pledges, Sammee Smith, Gail Reynolds, Jan Pack, and Nancy Cronell. After the ceremony, we were entertained by Bonnie Gurr and Jane Threadgill, our new president. Dr. Coy Gibson, associate professor of pharmacognosy, gave a delightful and informal talk on the advantages and disadvantages of being a female pharmacist. We decided to present our Hygeia Day meeting on the same night as the formal initiation, since Hygeia Day falls during our examination period.

Lambs of Alpha Kappa chapter have been active in various service projects, such as serving coffee and doughnuts to the students of the University of Georgia and Mercer's Southern School of Pharmacy during the McKesson Drug Conference. Several members also served as guides during that convention. We have also attended a day long dermatology seminar in which we learned much about the physiology of the skin, and the symptoms and treatment of various dermatologic conditions.

As money making projects, we have been doing very well in the sale of *OTC Handbooks*, and also of very attractive tote bags, similar to those given at the Southern Regional meeting held here last October.

We are preparing for our winter quarter exams and have become almost lethargic, but we are eagerly looking forward to spring and the renewed vigor which accompanies it.

We want to wish all the Lambs throughout the nation the best of luck in their endeavors. Our best wishes go to all the sisters where ever they may be.

J. Ann Courter

ALPHA LAMBDA

Hi! We started off this term with a visit to the Vancouver Children's Hospital. many of us, not having been inside a children's hospital since childhood days, were pleasantly surprised to find it a more cheery place than we remembered. The director took us on a special tour of the labs and pharmacy dispensary, and we managed to gain some insight into the responsibilities and duties of a hospital pharmacist.

To raise money for our charities we held a bake sale and a penny-mile contest between the men and women of the faculty. Women had the longer penny-mile, but the men had a few more nickels and dimes.

At the beginning of March, we were honored with a visit from Shirley McCloskey,

Western Regional Supervisor, and Pat Tanac, Honorary Advisor. By talking to them and having some chapter problems explained to us, we feel a bit closer to Grand Council. Thank you, Shirley and Pat.

Hygeia Day will be observed by a professional program. We have invited an ophthalmologist to be our guest speaker during a noon hour lecture on eye preparations.

The sisters of Alpha Lambda are hitting the books in preparation for the final exams in April. Good luck to the grads.
Connie Chow

Wine and Pizza Party — monthly social gathering with the alums

Initiates of this year: Linda Hyndsman, Stella Young, Jane Greig, Sharon Kerr, Hannah Bradley, Barb Milaire, Sandra Fleming.

Children's Hospital Pharmacy Dispensary — Joan Beedle and Loree Eldridge looking on.

Children's Hospital Amino Acid determination lab, Loree Eldridge and Peggy Thom paying close attention.

ALPHA MU

Spring Salutations! The Lambs from Alpha Mu chapter have really gotten into the swing of things since the Midwestern Regional Meeting. Founder's Day was celebrated at Janet Wollenweber's house with the solemn ceremony. Dr. Clarence McNamara, a prominent Toledo surgeon, spoke at our Professional Meeting in November. His lecture covered his trip to Africa, with slides of the village and hospital where he worked as an assistant surgeon. It was a very enlightening evening for all those who attended. The pace quickened in February with the advent of rushing. February 4, was the Rush Tea. Interested first, second, and third year girls in pharmacy were invited during the noon hour to chat with the actives over coffee and cookies (baked by the multi-talented actives). All the "quotable notables" in American history were present at the Rush Party, February 13, at Angie Pasienza's house. Uncle Sam, Abe Lincoln and wife, Annie Oakley, General Pershing, Florence Nightengale, George Washington and his cherry tree all took part in such games as the "frying pan and the orange". The "bald eagle", alias Sue Nadle won the best costume for the actives.

Johnnie Appleseed, portrayed by Sue Gray took the honors for the best costumed rushee.

The end of February marked the installation of officers and initiation of pledges. Eleven new pledges were initiated, receiving blue and yellow mum corsages. Lambie folders containing LKS by-laws, pledge books, and Smile Pins (to help them through the trying pledge period), plus hand stuffed Lambs (also made by the multi-talented actives) were set at each new pledge's place at the potluck dinner (prepared by the m.t.a.). Our advisor, Mrs. Marci Roll, was honored for all her help and guidance during the planning of the Midwestern Regional Meeting, with a silver bracelet and charm engraved with her initials and our Greek letters.

After all this we have a fund raising spaghetti dinner on the roster for May, which will honor three retiring faculty members. In-town actives and pledges will be serving coffee for the Drug Club Card Party and Fashion Show March 23, with two of our actives, Camille Mierzwiak and Paula Jarzynski, modeling. Activation of the pledges, the Kappa Psi Dinner Dance, and the KY-LKS softball game are those activities we are looking forward to in the late spring.

So until next fall, that's all. Lambie Love from AM. See you in St. Louis!!

Sandy Oberdier

ALPHA NU

Greetings to everyone from the girls of Alpha Nu chapter. Our first event of the semester in January was the initiation of 20 pledges. Our chapter has raised money this semester by selling sandwiches to the students at lunch time. It has proved to be a service to the students and a profit for our chapter. We have also sold chances for a \$25 gift certificate to be given away. For our Hygeia Day program we are to have Dr. Ted Ballard, a pharmacist-physician to speak to us.

We want to offer congratulations to Mrs. Quint Butler, the treasurer of our chapter, for a baby boy born Feb. 27. We are very pleased to have Mrs. Gloria Doughty, our chapter advisor, named to the National Blue Ribbon Committee of National Association of Boards of Pharmacy. Also we would like to congratulate Mrs. Pat Donahue, a founding member of our Chapter, for Pharmacist of the Year in the Bluegrass Area.

Avis J. Ericson transferred this year from Alpha Iota to our chapter. We offer our congratulations to her upon her acceptance of the Cora E. Craven Educational Grant.

At the present time our poison prevention committee is working with the Student APHA on programs to be given to the grade schools in the Lexington area. We are planning an Easter Egg hunt for the children at Cardinal Hill Crippled Children's Home. We are also planning our banquet in April where several awards will be made.

Connie Hopper

ALPHA XI

Greetings to everyone from all the girls of Alpha Xi! Our chapter brought in the Christmas spirit for 1971, by sponsoring the annual LKS tree-trimming party early in December for all the women in pharmacy. The tree, laden with strings of popcorn and cranberries, tinsel, ornaments, and candy canes, decorated the pharmacy lounge and the candy canes provided between class snacks for all those hungry men on campus. Also in early December our new officers were installed for the coming year.

January was a very busy month with our rush functions starting the second week we were back for the new semester. A BYOB (bring your own banana) party was the first on the agenda followed by a make-your-own-pizza party, both which were fun and fattening. Alpha Xi pledged 10 prospective members in late January. February found Alpha Xi girls busy with the first onslaught of tests and making plans for the spring functions.

A fondue party on March 2nd was put on by the pledges for the active members. Our 10 new members were initiated on March 12, which was followed by a luncheon given for them. Initiation was held in conjunction with the Hygeia Day Program put on for us by our alumnae and this included a poison prevention puppet show which is used by the Pharmacy Auxiliary for first through third graders and a lecture by a public health official on venereal diseases.

We are presently planning for our Senior Breakfast which will be held on April 9, the morning of the big SAPHa picnic. After the breakfast we all gather at our advisor's home to make the mounds of salad for the picnic. We should begin softball practice because again this year LKS will be playing softball against the "Cycl-

mates" of Phi Delta Chi at the picnic. (Last year we won so you can imagine the things we get away with.)

Until next fall, Alpha Xi wishes everyone a wonderful and productive summer, and best of luck to all graduating seniors on their state boards. *Mariann Annand*

Stringing popcorn and cranberries at our tree-trimming party.

Our advisors, Mrs. Kihara and Mrs. Romano, opening their Christmas gifts from us.

New Officers

Toni Farrell preparing for our make-your-own-pizza rush function.

The Fondue party our pledges had for us.

New Members.

ALPHA OMICRON

As springtime quickly approaches, Alpha Omicron sends its warmest greetings to all of our Sisters. May all of your spring days be filled with sunshine and warmth.

We have kept ourselves quite busy this year. In November, we had a Fall Get-together with the faculty. The dinner was delicious and everyone had an extremely good time. During the Christmas Season, Alpha Omicron and Kappa Psi combined efforts and gave a party for a group of under-privileged children at Scott's Run. The children were exuberant as Santa and his elfs appeared with presents for everyone. Our chapter also had a Christmas Party. Little Sisters and Big Sisters exchanged presents and there were also special gifts given to our 17 new pledges. Just recently, our Sisters had a Cold Duck-Body Painting Party with Kappa Psi. You just wouldn't believe the artistic talent that we have in our Pharmacy School.

Alpha Omicron is proud to announce the initiation of 17 new Sisters. We feel that this enthusiastic group of girls will be a great asset to our chapter.

Our elections for new officers have been completed. Debbie Bailey is our new president. Congratulations Debbie!

The next event we have scheduled is our Hygeia Day Banquet which is to be held at Lakeview Country Club. Sister Gonzalez, Clinical Pharmacy at Mercy Hospital in Pittsburgh, will be our guest speaker for the evening. We are all looking forward to a very elegant dinner.

Well . . . that's all the news for now. Hope to see you in St. Louis this summer.
Sharon Burnette

ALPHA PI

No, I would not give you false hope, the spring has been well worth waiting for. We welcome three new sisters to Alpha Pi . . . Louise Szutowicz, Joan De Gaetano, and Elaine Pellicie. The new season also brings tales of the stork expected to visit Josephine Rodriguez in June.

March 5, brought us Mary Wills, Frances Curran, Marie Tice, and some Eta Alums. They came to install our very own Alumnae Chapter, something that we've wanted for a long time.

Even our Mardi Gras Cake Sale hit a new high this year, possibly to celebrate the fact that we were finally allowed to collect in the name of Project Hope.

All the Alpha Pi's wish all of you Lambs a very happy Easter and a very good Passover. We leave you with one puzzle, since I'm not allowed to reveal names, (but I can't resist a good piece of news), . . . anyway . . . Congratulations to the midnight Flushing pizza craver!

All in all, I hope that the school term ends quickly so that I can take a vacation in St. Louis!
Kanga

*Installation of Alpha Pi
Alumnae Chapter*

ALPHA ALUMNAE

Greetings.

Alpha Lambs have had a busy and enjoyable year. December 2, was the date of a Christmas Turkey Whist with a raffle netting \$24 for Project Hope. Our annual Christmas Party was held January 2, at Elsie Gassiraro's with a Yankee Gift Exchange. In February we enjoyed a dinner-theatre party at the Chateau de Ville, *The Fiddler on the Roof* the chief attraction. Hygeia Day was celebrated with an interesting and informative slide-lecture on the Charles River by Mrs. Lydia Goodhue. In April we will join the collegiate chapter for the annual banquet.

Now to share the news that has been passed on to us. Margaret Beauregard ('53) has become Mrs. Louis Bailey. Mr. Bailey is also a pharmacist. Janet Kelley ('68) married Patrick O'Grady. Celebrating their 25th anniversary recently were Mr. and Mrs. William Dolan (Henrietta Smeesters, '42). Dr. Raymond Gosselin, the husband of Christine (Maloney) Gosselin ('44) and brother of Beatrice (Gosselin) Dawson ('44), was recently installed as President of Massachusetts College of Pharmacy.

Sympathy to the friends and relatives of Ruth Covell White who died last August in California. Ruth donated a \$1,000 bond to MCP to start a scholarship fund. Condolences to Marie (Concemi) Byra ('47) whose father recently passed away.

Congratulations on new arrivals are due to Sandra Taylor ('69) for her first baby girl and to Judy (Macomber) Blackeder ('48) for her first baby boy.

Traveling recently were Judy McCarthy ('61) who made the Winter Olympics in Japan and Ruth Flaherty ('27) who is on a trip around the world.

Best wishes for happy vacations to all sisters Lambs and we'll be looking forward to hearing from you in the fall.

Sister Rose Elizabeth Slack

ETA ALUMNAE

Hi! Exhilarated greetings to all our sisters from Eta alums. Now that we are receiving favorable responses we are proud to announce that our February 19th symposium entitled: "Pro-Con-Traception" was a success despite some unfair play on the part of the natural elements. Our City of Brotherly Love showered us with an un-neighborly blizzard, but despite the terrible weather we had a good turn-out, an enjoyable luncheon and an excellent group of professional speakers who provided us with an informative and well-rounded program. We were honored to have the pleasure of a visit from our Grand President, Adele Lowe, who flew in from Indianapolis to attend the symposium (our Grand President seems to possess a sixth sense because she flew in on Friday before all the white stuff started). Our special appreciation goes to Marian Ricardo, Eta's alumnae president, Frances Curran and Virginia Osol for their work on the program.

As we promised in our last Triangle article, our dinner meeting in October at Virginia Osol's home was a memorable one. Once again Mrs. Osol has managed to mix business with pleasure in her indefinable manner and come up with just the right ratio. After an excellent dinner, the remainder of the evening was spent attending to details for our symposium and revision of our by-laws and standing rules.

In November a "Meeting-by-Mail" was sent to our members to keep everyone informed of progress with the chapter and the symposium.

On December 6th all of the Senior Lambs from Eta collegiate attended our annual Christmas Dinner to help us celebrate the holiday season. Everyone got into the spirit of the season amidst decorations, gift wrappings, good food, and cocktails. This was the first chance that the alums had to invite the collegiate graduating class sisters to attend one of our affairs and we enjoyed every minute of it.

Another precedent was initiated in our January "Meeting-by-Mail" which included xeroxed copies of the President's and Treasurer's Annual Reports. We hope this new addition will foster a deeper knowledge of alumnae accomplishments and purposes.

Then came February — how can the shortest month of the year account for the most meetings and events on our annual calendar. To put it briefly: On February 7th we had a buffet-meeting at the college to settle last minute details on the symposium. One of the more interesting outcomes of the meeting was the decision to form a joint committee with the collegiates for Poison Prevention Programs which we intend to present to area schools at the elementary grade levels where we feel it is needed the most. On February 9th, the alums joined the collegiates to participate

in and celebrate Eta collegiate's Founder's Day. On February 19th we held Eta alumnae chapter's symposium entitled: "Pro-Con-Traception". This was followed by a meeting at Frances Curran's home attended by the four Grand Council members in attendance at the seminar: Adele Lowe, Mary Wills, Frances Curran and Marie Tice. On February 26th several members attended the collegiate's Third Annual Parents Day program and we all were honored to have Mrs. Virginia Osol as the professional speaker for the occasion.

March found four members driving to Jamaica, Long Island, to attend the installation of Alpha Pi Alumnae Chapter at St. John's University. We thoroughly enjoyed the day with the exception of a semi-brief excursion through Kennedy International Airport on our return trip which had not been planned in our original itinerary.

Recently, at the annual PCP&S Alumni Dinner Dance, one of our alums, Ruth Miller, was honored by being chosen: "The Outstanding Alum of the Year". Congratulations Ruth!

In January, two more alums added to the future Lambs Prospectus with the arrival of two baby girls; they are: Eileen Starr Moss ('65) and Henrietta Fiedor Cole ('66), I understand they both have adorable little princesses!

In case you haven't heard, congrats are also going to be in order for our alumnae chapter secretary, Lynn Fusco, who became engaged for Christmas. One problem though, hey Lynn, where's the ring?

In May we are looking forward to adding a few more new members to our alumnae roll via Eta collegiates' graduating sisters.

Hope to see many of you at the convention in July in St. Louis and we wish all those sisters who are graduating this year success in their profession and an exciting summer to all.

Marie Tice

OMICRON ALUMNAE

Hi from the Motor City area!

This March the local Lambs flocked to The Schmid Haus restaurant in respectable numbers to observe the traditional Hygeia Day. The after-dinner program, planned entirely by our energetic collegiate chapter and opened by their president, Frances Zalewski, featured as the guest speaker Lieutenant Herbert DeLong, Chief of the Scientific Laboratory of the Detroit Police Department. Lieutenant DeLong, who had been a police officer for 16 years before graduating from Wayne State University College of Pharmacy in 1968, gave us many interesting insights into the workings of the police laboratory in the fight against drug abuse. Did you know, for instance, that one of the most popular vehicles (containers) for dispensing heroin nowadays is a completely or partially emptied capsule of a well know antihistaminic preparation. Looks can indeed be deceiving!

Lieutenant DeLong emphasized the need of pharmacists on the staff of the police labs everywhere. His own staff consists of 16 eminently qualified chemists but all lacking the background in pharmacology, so essential in today's police work in the drug-oriented subculture.

It was fun seeing so many sisters in attendance and getting together to chat after the program.

Our next endeavor later this spring will be a tour through the Children's Hospital in the New Detroit Medical Center in downtown Detroit.

One the sick list: Virginia Budden, one of our most active members and former Midwestern Regional Supervisor. Get well soon, Virginia.

Mall Kionka

TAU ALUMNAE

With the election of new officers for 1972-74, Tau alums have started a concerted effort to attract more members and to build the treasury. Our first meeting since the new officers took the reins was the Hygeia Day celebration held in conjunction with Tau collegiate, Delta collegiate, and some of the Delta graduates. The beautiful Duquesne University Student Union Building in Pittsburgh served as our meeting place.

The program began with an explanation of the word Hygeia and a background sketch of the meaning of Hygeia Day by Tau alum president Rosetta Manzione. Rosetta next introduced the honored guests for the evening shown in the photos. Judge Patrick Tamillia, a Duquesne Alumnus and a judge in the juvenile division of the Allegheny County Common Pleas Courts, gave an informative talk on the juvenile problems in relation to home life, drugs and crimes. Following his talk Judge Tamillia answered questions from the sisters on subjects related to juvenile

delinquency. Afterwards refreshments were served by the Tau alums and we all renewed acquaintances and made some new friends perhaps.

Our next meeting is set for sometime in April. Hopefully the meeting will be held at the European Health Spa in Pittsburgh. On the agenda for May is a wine taste, and, for the fall, a card party. Card parties have proven to be a good money raiser for us in the past.

Good-bye for now. Hope you have a lovely summer. See you next fall.

Lynne F. Soltis

Seated left to right: Linda Skomsky, President, Delta Collegiate; Gerry Martin, Eastern Regional Supervisor, Province I; Dr. Bruce Martin, Dean Duquesne University School of Pharmacy; Judge Patrick Tamillia (Standing); Rosetta Manzione, President, Tau Alumnae; Rose Goldfield, Faculty Advisor, Delta Collegiate; Barbara Myers, President, Tau Collegiate.

Standing left to right: Dr. Bruce Martin, Dean Duquesne University School of Pharmacy; Linda Skomsky, President, Delta Collegiate; Gerry Martin, Eastern Regional Supervisor, Province I; Barbara Myers, President, Tau Collegiate; Rosetta Manzione, President, Tau Alumnae; Judge Patrick Tamillia, Guest Speaker.

PHI ALUMNAE

Another year is almost behind us. The Phi alums have been busy as usual. We have had many joyous events in our chapter. Sharon Woodruff Wilson (1967) gave birth to a son, Trenton Ryan, 5 lb. 13 oz., October 27, 1971. Her sister Jynell Woodruff Jackson (1965) had a daughter Shannyn Suzann, 6 lb., June 29, 1970. Miss Pat Crook became the bride of Mr. Jerry Bennett in December, 1971. She also was selected by the Butler Alumni Association to receive the recognition of *Outstanding Young Women of America*. She is living in Anderson, Indiana. Rosalene Higgins became Mrs. Charles Hider, February 4, 1972. All our congratulations to Rosie.

We gained a faithful and working affiliate from Alpha Alpha Alpha Chapter in Susan (Thomas) Sakalosky (1963). Her husband is with Lilly Co. Susan has not missed a meeting since coming with us. Phi Alumnae Chapter sent a memorial gift to S.S. Hope in the name of Mrs. Erma Tyner (mother of Linda Bray, our President) who passed away recently. Miss Shirley Hanner (1971) is engaged to Mr. George Long. The wedding is planned for April 3, 1972.

Our Hygeia Day celebration will be with the Phi Collegiate Chapter at Butler University. We will have a speaker from the Methadon Maintenance Clinic of Indianapolis. Anita Meek will be hostess for our April meeting. She will entertain us with films of her African Trip.

May is an important month for Phi Alumnae and Collegiate chapters. The Alumnae Chapter entertain the graduating Lambs with a dinner.

We have had a full and exciting year and hope to see many of you at the Biennial Convention in St. Louis.

Marcia Harms

CHI ALUMNAE

Hello from Chi Alums. News notes include Lois Sabin Wall being robbed as she closed the store one Saturday evening, Cathi Boyle has a new job as manager of a pharmacy, and Rosemary Fox and Ann Massie hold down the fort at the campus health center working with Chi collegiates from time to time and putting in a good word for the alum group.

Recently we have had two very interesting programs. One, Medic II, was a lesson having to do with Citizen Paramedic Rescue. New methods of resuscitation as well as mouth to mouth, were taught. The other was a speaker from the Northwest Kidney Center who had sustained her life on the kidney machine, and now has a transplant. She showed slides, and answered the multitude of questions from Chi collegiates and alums.

We look forward to our annual rummage sale, Senior Dinner, and the presentation of our annual scholarship.

See you in St. Louis in July!

Pat Tanac

ALPHA PI ALUMNAE

The Sisters of Alpha Pi Alumnae would like to thank all those who helped us form our chapter. We were installed on March 5th by Mary Wills, Frances Curran, and Marie Tice. The afternoon festivities also included a buffet luncheon and our first "official" meeting. Alpha Pi collegiates were a big help to us and were very "entertaining." Also attending were Peggy Szymczak of Eta and Marion Ricardo of Eta alum and Dr. Elvira Abbatiello, our advisor. We hope everyone enjoyed themselves as much as we did.

We are planning some very interesting meetings in the future to "lure" more of our sisters and take the monotony out of a general meeting. Our calendar includes a cosmetic demonstration from one of the leading, well-known companies, professional films, lectures, and pot-luck suppers. We're also planning a party for our sisters' children. It looks like it's going to be a busy year for all of us and we hope it will be a successful beginning for our new chapter. The Executive Board for 1972-73 is: President - Harriett Ellis, Vice-President - Cathy Malinowski, Treasurer - Andrea Seaman, Corresponding Secretary - Ginnie Galizia, Recording Secretary - Diane Thilman, and Collegiate Advisor - Tanis Ann Kaye.

In February, Andy, Cathy, Diane and I attended Eta alum's Pro-Con-Traception Symposium. It was too bad that the weather didn't turn out to be as good as the symposium, but it was well worth the snowy trip to Philadelphia! The speakers were quite obviously experts in their fields and gave some fascinating, not to mention informative, talks on their particular subjects. In conversation, while driving back to NYC, we realized we had broadened our knowledge considerably from attending the lectures. And congratulations to Marion Ricardo and the sisters of Eta for a job well done (and the lunch was great!).

Once again, thanks to all those who helped make Alpha Pi Alumnae possible. And we wish everyone a very happy and eventful spring and summer *Ginnie Galizia*

Harriett Ellis receives President's Gavel from Grand Vice President, Mary Wills.

Executive Board and Grand Council.

Triumph of the Jewelers Art

YOUR BADGE —
a triumph of skilled
and highly trained
Balfour craftsmen
is a steadfast and
dynamic symbol in
a changing world.

WEAR YOUR PIN WITH PRIDE AS
IT REFLECTS THE RICH TRADITIONS
OF YOUR SORORITY LIFE

ON CAMPUS and off, fraternity insignia today has a powerful new appeal. Always smart, always in good taste, a stalwart buoy of tradition in the swirling tide of change.

THE PROUD BALFOUR LINE has been created for campus style leaders—the world's most discriminating market. Chapter members are invited to write for these Balfour aids to gracious chapter living.

- ★ *Balfour's amazing Blue Book, the finest selection of jewelry, personal and chapter accessories and fine gift items ever assembled.*
- ★ *Balfour's Awards for Champions—a treasure chest of award ideas unmatched in quality, variety and price alternatives.*

An Authorized Jeweler to Lambda Kappa Sigma.
